Prayer to the BLESSED VIRGIN

(Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks.

IBEW LOCAL 99

Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- *You pay nothing to the Union to sign with us!*
- *Immediate access to indentured apprentices!*
- *1-1000 qualified Men and Women available with a single phone call!*
- *IBEW quickly becoming the main source of manpower in the Northeast!*
- *Flexible rates for non-traditional work!*
- *Your partner in protecting the industry!*
- *The safest and most productive workforce in the industry!*
- *The undisputed best training facility and staff in the industry!*
- *Complete flexibility in Staffing!*
- *Access to General Contractors and Bidding Opportunities!*
- *Free Benefit Management!*
- *Contractor Training and Support!*

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

Hello,

My name is Donovan Frenze, I have been involved with Coventry Little League for eight years and have been its president for the past two. During that time, I have been fortunate enough to get to know a lot of boys and girls and their families through the game of baseball. It's been humbling to watch as these players grow into young men and women with the help of the many parents, managers, and coaches. And it's been absolutely exciting to watch them grow into CHAMPIONS.

CONGRATULATIONS to the New England Regional Champions from Coventry Little League! You have certainly made your league, your town, your district, and your region proud, as we watched you on your spectacular journey, all the way to the Little League World Series in Williamsport, PA. Through this journey, you have learned and taught us the many lessons that baseball offers us. During the Districts we learned the values of "hard work." Throughout the Regionals we learned that sometimes we may be down but we are NEVER out. Finally, through the tremendous experience in Williamsport, we learned that it's all about the fun.

It's been an amazing ride. The support from the community, the state, the region, and beyond has been overwhelming. Through this amazing team and through baseball we have all connected. The generosity of our local businesses and individuals has been tremendous and greatly appreciated. For that I want to thank you.

The New England Regional Champions from Coventry Little League (it never gets old saying that) have made history by being just the second team from Coventry to win a state title and the first to make it to the Little League World Series. More than that, they have given us something to cheer about, something we can feel a part of and something in which we can take pride. The Little League Pledge states that you should "Respect its laws, play fair, win or lose - I will always do my best" and you all did so, showing spectacular skill, amazing effort and most importantly – sportsmanship. For that I want to thank you.

Respectfully,
Donovan Frenze
President
Coventry Little League

Easy Decluttering Tips

(NAPSA)-Even the cleanest home will look messy if it's not properly organized. Jule Eller, director of trend and style at Lowe's, says there are a few simple ways to declutter your home and make your space look tidy.

Start by assessing each room. Every home and family is different but kitchens, garages and closets tend to get the messiest the fastest.

A kitchen is a gathering place for everyone in the family, so it can become cluttered with everything from backpacks and junk mail to cereal bowls and pizza boxes. Cabinets and pantries can also become cluttered with too many dishes, utensils and spices, but installing a Rev-A-Shelf basket from Lowes makes it easy to keep things neat.

If you have a garage, you know it's tempting to simply stash away bulky or rarely used items in it, rather than find a space inside your home. But if you make a habit of doing this, you could eventually run out of room to park your car. To avoid that from happening, put a Kobalt cabinet or rail system in your garage to transform it into a functional storage space.

While closets aren't rooms, they can definitely become a cluttered nightmare. Some people think if the door can close, there's still room for storage. Don't let closets get to that point-you'll be a better person for it.

Here are a few additional tips for sprucing up your home while keeping it functional and orderly:

1. Rearrange furniture to maximize the space in each room.
- The sofa in the living room, the bed in the bedroom and the desk in the office demand the majority of space available. Arrange these pieces first.
- Don't place too many pieces of furniture in a small space. A love seat may work better than a full-size sofa depending on the size and shape of the room.
- When creating areas for conversation, keep furniture pieces within eight feet of each other so people can talk comfortably when seated. If possible, keep these pieces facing each other instead of side by side.
- With seating used for reading, remember to incorporate a light, whether it's a floor lamp or an end table with a lamp on it.

2. Create the illusion of space by adding lighting and mirrors.
- Lighting is a key element in opening up a space. If you're lucky enough to have natural light, let it shine in.
- Recessed spot lighting is visually appealing and is perfect for a small space.
- A torchere lamp is great for bouncing light off the ceiling and back down on the room.
- Skylights and solar tubes are natural alternatives for adding light to a space.
- Increase the appearance of the size of the room by adding mirrors. They not only reflect images, but also reflect light and color while adding a decorative element to the room.

You can save time and trouble when your home is neat as well as clean. A few simple steps and inexpensive items can help.

3. Use storage products to help you get organized.
- If shelving and closet organization kits arerit enough, keep clothes in storage bins. If you have too much, hold a garage sale or donate items to charity. A good rule of thumb is if you haven't worn it in two years, it's time to let it go.
- Store your utensils in an orderly fashion. Inexpensive baskets and bins work for oddly shaped items or small appliances. Keep stemware, plates and bowls grouped by function, style and shape. This will not only create a uniform look, but save time when meal prep is in full swing.
- You always have the option to build custom solutions, but sometimes that forces you to choose between style and functionality. If you'd rather not sacrifice one or the other, Lowe's offers a wide variety of products that allow you to have both.

Ultimately, it's important to remember to not bite off more than you can chew. One of the biggest mistakes people make when decluttering is not setting realistic goals on the front end. Come up with a plan before diving in. Look at the room as a whole and then focus on one corner at a time. Once progress is being made, it will motivate you to keep going.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

(NAPSA)-Kitchens are no longer a back room; these days, they're a major living space, and L.-..1:... designers and consumers are looking for elements of warmth and comfort to tie a kitchen into the rest of the home. As a result, the latest look for kitchens is old-fashioned comfort and convenience but with a material difference.

That's because you can now install a sink that looks like it came from a decades-old farmhouse but is made of the most modern materials so it will look good and work well for decades to come. The apron front design dates back to a time when water had to be hauled in for cleaning and cooking and the sink needed to hold large amounts. There were no counters or cabinets between the homeowner and the sink which made for better ergonomics, though no one called it that at the time. Originally, such sinks were made of soapstone, which needs frequent care such as oiling, and fireclay, which often only comes in white. Now you can get an innovative IKON sink from BLANCO, which is the first composite granite, apron front sink made from a patented material called SILGRANIT. The sophisticated apron front design is not only durable, it works with both contemporary and rustic interiors-from farm to city. It comes in three neutral shades: Anthracite, White and Cafe Brown. SILGRANIT sinks are beautifully designed and scientifically proven to be scratch, stain and heat resistant so they look good for years of use. The smooth

Hit The Deck: Simple Tips To Spruce Up Your Outdoor Living Space

(NAPSA)-Today's savvy homeowners are extending their living space outdoors with decks and backyards that reflect their personal tastes and interests. To make the most of your outdoor living space, consider the following tips for transforming a blah backyard into an outdoor oasis:

Make materials matter. If you want to spend more time enjoying-rather than maintaining-your deck, choose materials that need only a simple soap-andwater cleaning to keep a "like new" appearance for decades. Woodalternative decking, such as Trex® Transcend™, resists fading, staining, scratching and mold growth-even after years of heavy foot traffic and exposure to the elements.

"For long-lasting beauty, choose high-performance wood-alternative decking that offers the natural look of wood while requiring minimal maintenance-so you never need to worry about sanding, staining or painting," says Adam Zambanini, director of marketing at Trex, the nation's largest manufacturer of wood-alternative decking, railing and fencing products. "Also be sure to look for a product with superior wear-resistance and a 25-year warranty, which guarantees enduring good looks."

Go green. If you purchase CFL lightbulbs and water-conserving showerheads, think about expanding your eco-consciousness to the great outdoors by choosing wood-alternative decking made from recycled materials. An average 500-square-foot deck of this type would contain approximately 140,000 recycled plastic bags that might otherwise end up in landfills. With growing consumer interest in environmentally friendly products, a "green" outdoor living space also can increase the resale value of a home.

Design with distinction. Whether country cottage or mostly modern, select a style and color scheme for

your deck that best complement your home's exterior and reflect the natural environment. For instance, Trex Transcend features rich saturated colors inspired by outdoor elements-such as deep-burnished bronze, earthy brown, pristine grey and spicy red.

In terms of shape, remember that decks no longer need to be simply square. Think "outside the box" and consider an outdoor living space that spans multiple levels or wraps around two or more sides of your home. Take time to examine product samples and seek out online tools-such as the Trex Color Visualizer and Deck Designer-which let you experiment with different products, finishes and layouts. Finally, consider using a hidden fastener system during installation. A smooth deck surface without visible nails or screws can be an attractive extension of your home's interior style and create a more comfortable environment for children and pets.

Get on the rails. Railing can upgrade any deck from drab to fab-and it's often the one element that truly sets your outdoor living space apart from others in the neighborhood. While many homeowners decide to complement the color of their decks with contrasting railing, the most popular choice is to create a matching color scheme. Of course, trends and tastes may change, so consider a modular railing system that makes it possible to mix and match posts, caps and rails, as well as easily switch out the balusters if your style eventually evolves to be more colonial than contemporary.

Don't forget finishing touches. Today's outdoor living spaces may be "decked out" with luxuries ranging from stainless steel appliances to flat-screen televisions to stone fire pits. However, if budget constraints don't allow such grand plans, try built-in flower boxes or benches and colorful lounge furniture. Finally, don't underestimate the impact of fencing to perfectly "frame" your outdoor living space. An ideal fence will add privacy and visual interest-not just define your property line. There are several wood-alternative fencing options that offer superior durability and aesthetics, while being easy to install and maintain.

Grilled Lobster Tails

A simply prepared dish that's sure to impress, perfectly grilled lobster with a sweet, spicy, citrusy sauce makes a complexly flavored and delicious main dish.

- 2 *nectarines*
- 1 *scallion*
- *Juice of 3 limes*
- 1 *lime*
- 2 *tablespoons extra-virgin olive oil*
- 1/2 *teaspoon sea salt*
- 1/4 *teaspoon finely minced, seeded habanero pepper*
- 4 *lobster tails*

1. In a food processor, puree nectarines, scallion, 2 tablespoons lime juice, 1 tablespoon olive oil, 1/4 teaspoon salt and habanero pepper. Transfer to a medium bowl and set aside.
2. Heat grill to medium-high. In a small bowl, whisk remaining lime juice, olive oil and salt together.
3. Split lobster tails lengthwise, remove membrane if desired, and brush meat with the lime-oil glaze. Place lobsters on grill, meat side down, and roast for 4 minutes; turn over to shell side and grill until meat is opaque and cooked through, 4 to 5 minutes more.
4. Transfer to a platter, garnish with lime wedges, and serve with reserved nectarine sauce. Serves 4.

COUCH THEATER DVD PREVIEWS
BY AMY ANDERSON

Avengers: Infinity War (PG-13) — The entire Marvel Cinematic Universe has come out to save the day in "Avengers: Infinity War," which stars every significant Marvel superhero of the past decade, including but not limited to: Captain America, Iron Man, Doctor Strange, Hulk, Spider-Man, the Guardians of the Galaxy, Black Panther, Thor, Vision, Black Widow, War Machine, Falcon and Loki. They all come together to thwart Thanos as he attempts to collect the six Infinity Stones in order to exercise control over the universe. Brothers Anthony and Joe Russo helmed this ambitious project and did a surprisingly superb job of interconnecting the breadth of heroes and peripheral personalities. This movie grossed $1 billion in ELEVEN days in theaters and is on its way to the $2 billion mark. But even if you've already seen it, you still have something to look forward to in the DVD: deleted scenes, a gag reel, audio commentary track and five extended featurettes.

Walt Disney

Scene from "Avengers: Infinity War"

Furlough (R) — Rookie prison guard Nicole (Tessa Thompson) gets offered a promotion if she can handle sassy, wily prisoner Joan (Melissa Leo) for an emergency furlough to visit her dying mother. A 36-hour quick trip turns into quite the ordeal, with transportation mishaps, a surprise makeover and more. When it's revealed that Joan has a daughter she has never met, the road trip changes lanes, going from pulling prison chains to tugging on heartstrings. Whoopie Goldberg supports as Nicole's overbearingly needy mother.

Shock and Awe (R) — In the lead-up to the Iraqi War, a group of reporters with Knight Ridder questioned the George W. Bush administration's rationale for invading Iraq. This is their story. The principal players — editor John Walcott (Rob Reiner) and reporters Jonathan Landay (Woody Harrelson) and Warren Strobel (James Marsden), with an assist from veteran Joe Galloway (Tommy Lee Jones) — appear to be the only news outlet that deviated from the "weapons of mass destruction" excuse given by administration mouthpieces, and we are treated to an inside look into the grind of sourcing and corroboration that is good journalism. In the end, it's not as sexy as it sounds, and even this incredibly talented group ended up with a film that's lukewarm at best.

How to Talk to Girls at Parties (R) — The 1970s English hard-core punk scene comes alive as a group of youths stumbles upon a gathering of weirdo aliens and mistakes it for a vanguard party. There, Enn (Alex Sharp) meets a mysterious and beautiful teen named Zan (Elle Fanning), who breaks from her group to explore her fascination with Enn, imploring him to "take her to the punk." It's different in the way that movies that are meant to be "cool" are different, although I wouldn't call it a classic cult fave in the making. Nicole Kidman cameos as punk-rock goddess Queen Boadicea.

Salome's Stars

ARIES (March 21 to April 19) Your honesty might upset some people, but you inevitably win more admirers for having the courage to tell the truth when others are more likely to scramble for cover.

TAURUS (April 20 to May 20) Your efforts to defend your project begin to show favorable results. You should soon be able to win over even the most determined detractors who had lined up against it.

GEMINI (May 21 to June 20) You win praise for your selfless efforts in a very difficult situation. But be careful not to allow your generous nature to be exploited by those who have their own agenda.

CANCER (June 21 to July 22) A trusted colleague sheds light on a recent spate of puzzling workplace situations. This should give you the information you need to bring to your superior's attention.

LEO (July 23 to August 22) A shift in workplace management could be helpful for talented Leos and Leonas who have been waiting to have their accomplishments rewarded by receptive leadership.

VIRGO (August 23 to September 22) A misunderstanding between you and someone you care for should be corrected immediately. This relationship is too important to lose over a bruised ego.

LIBRA (September 23 to October 22) A welcome piece of good news helps clear the air in a family situation. A job-related incident also eases as more information provides a clearer focus on the problem.

SCORPIO (October 23 to November 21) Quick action to heal bruised feelings pays off in a big way. Now you'll be able to move forward with your plans without that problem holding you back.

SAGITTARIUS (November 22 to December 21) Your creativity combined with a positive attitude should give you a considerable edge in finding a way to get around the negativity you've run into.

CAPRICORN (December 22 to January 19) That sudden streak of stubbornness could cause some problems. Try to be more open to helpful suggestions and more flexible in making needed changes.

AQUARIUS (January 20 to February 18) Now that that special relationship appears to be well and truly restored, you can spend more time dealing with those long-needed workplace changes.

PISCES (February 19 to March 20) A new opportunity sounds promising. But watch out for any conditions that might be attached. Before making a decision, ask that each one be explained in detail.

BORN THIS WEEK: You can be distracted by promises of good times, yet you ultimately reach the goals you set for yourself.
