Seniors, '66 is a name about 66 people waited twelve long years for. It was worth it! Now the Seniors can look back over all the time they have spent in school. About 100% of them will agree that their best year was 1965-1966. They will probably remember the work put into the Halloween Carnival, and all the other money-making projects they undertook too. The Junior-Senior banquet they were given will be remembered for a long, long time. Then their Senior trip will be recalled forever probably. But most of all, they will remember Graduation Day and the good feeling of that diploma in their hands. Now the Seniors of 1966 will be starting out again to join in and learn.
