BRICKYARD NATURE PARK

Located at 759 N. Concord Rd the Brickyard Nature Park is a 104 acre park full of natural beauty. This park gets its name from Crawfordsville Shale Brick Company that once operated at the site. The park offers several trail options a short paved accessible trail leading to an overlook of the pond. This pond served as the shale pit for the brick factory. There is a 1.1 mile crushed stone walking trail along with 2.2 miles of dirt mountain biking trails. In partnership with the Montgomery County Soil and Water Conservation District a prairie has been planted inside the loop of the walking trail in what was once a farm field. This creates an ecosystem that mimics a natural landscape healing the degradation from decades of agriculture. Open dawn to dusk.

COMMUNITY CENTER GYM SCHEDULE

The Community Center gymnasium is scheduled for a variety of activities. The gym will be used for the activity listed during scheduled times. It is available for drop-in basketball, pickleball or volleyball during non-programmed/open-gym hours. The schedule is subject to change based on demand. Cooperation and courtesy are absolutely necessary in an open gym situation. Full-court basketball is only allowed if everyone using the gym wants to play full-court. Please be considerate of each other.

Gym will be a shared space during posted open gym hours. We offer daily drop-in fees, monthly, and annual passes.

Group Fitness Class Descriptions

BODY SCULPTING Increase your muscular strength and tone up with this basic, but intense weight workout. Learn how to isolate the major muscle groups of the upper and lower body using hand weights and resistance tubing.

CARDIO DANCE It’s an exhilarating, effective, easy-to-follow, calorie-burning dance fitness party.

DANCE FITNESS Dance Fitness is a full body workout that’s actually fun. This class is a great cardiovascular workout.

FUN-ctional FITNESS This class is designed with beginners and older adults in mind. It incorporates low impact aerobics, chair aerobics, step aerobics, to build strength and balance.

H.I.I.T. “High Intensity Interval Training”. This class will include Tabata and polymeric training and for a heart pumping total body aerobic and strength conditioning workout.

HOT YOGA This is a vinyasa style class in a room heated to 85-95 degrees. Vinyasa yoga is a flowing style with one pose fluidly leading into the next. Integrates balance and strength with inversions and relaxation with options for advanced progressions. Best suited for those with some yoga experience.

PE: 60 Build **POWER** and **ENDURANCE** in this intense 60 minute class. Incorporates strength and cardio intervals using dumbbells, bands, Sandbells, Gliders and resistance balls and includes body weight exercises and core strengthening. Push yourself to new limits. No two workouts are the same.

PILATES/YOGA FUSION is a method that will help build flexibility, muscular strength, and endurance in the legs, abdominals, arms, hips, and back. It emphasizes spinal and pelvic alignment, breathing, developing a strong core and improving coordination and balance.

SILVER SNEAKERS Designed to improve muscle strength, range of motion and improve activities of daily living. A chair is used to assist with balance and seated exercises.

SPINNING® The instructor leads this indoor group cycling class through a workout, but each participant can work at their own ability level. Enjoy the motivation of a group in a non-competitive environment. Pre-payment and registration is recommended to reserve a bike.

STEP & REP is a total body workout. The cardiovascular segment will include one or more of the following: Step, Bosu, and Hi/Low Impact Aerobics. Strength exercises, core work and intervals may also be incorporated.

YOGA FOUNDATIONS This class is designed for new yoga students or those who would like a review of the fundamentals of yoga. In this series, we will introduce basic alignment and breathing techniques in a non-competitive, supportive and relaxed atmosphere.
