Thomas Hospital has been designated as a Blue Distinction Center+ for Cardiac Care by Blue Cross and Blue Shield of Alabama, an independent licensee of Blue Cross Blue Shield Association. To receive a Blue Distinction Center+ designation, hospitals must demonstrate expertise in delivering safe and effective cardiac care, focusing on cardiac valve surgery, coronary artery bypass graft (CABG) and percutaneous coronary interventions (PCI) episodes of care. Only those hospitals that first meet nationally established quality measures are considered.

We are proud to be included among those leading the nation in the treatment of cardiovascular disease.

Blue Distinction Centers (BDC) meet overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also meet cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may file in two Local Blue Plan areas, resulting in two evaluations for cost of care, and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on [www.bcb.com](http://www.bcb.com). Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for non-covered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

# OUR HERITAGE

The first inhabitants to Baldwin County's rich Delta region can be traced back approximately 10,000 years to pre-Mississippian Native American cultures, who are often referred to as "mound-builders." Even today, a variety of burial, ceremonial and residential mounds can be found along the county's waterways.

The Spanish arrived in the area in 1519 when Alonzo Alvarez De Pineda sailed into Mobile Bay and named it Espiritu Santo; in 1540, Hernando de Soto traveled through a portion of the county — the town of Spanish Fort being the site of the Spanish occupation.

Over the years, both the French and English would also occupy the county, offering a variety of contributions to its

rich history and heritage.

Baldwin County has also been the site of many historical battles. Andrew Jackson and his Volunteers fought the Indians in 1813 at Fort Mims, and Jackson also crossed the county to cause the surrender of the Spanish commandant at Pensacola.

During the War of 1812, at Fort Bowyer (now Fort Morgan), the British attacked the fort prior to the infamous Battle of New Orleans, losing the HMS Hermes in the process.

During the Civil War, Fort Morgan was once again the site of a fierce battle, when, in 1864, Union Adm. David Farragut entered Baldwin-Mobile Bay to seal off Confederate shipping. During the fighting, the Tecumseh, a Federal Ironclad, sank in a narrow inlet, where it still lies with its entombed crew near the fort.

Numerous skirmishes also occurred in the northern part of the county. Fort McDermott in the Spanish Fort region received 48 hours of constant bombardment, and in April 1865, Union forces mounted an assault on Fort Blakeley, with an estimated 4,475 soldiers killed or wounded in the attack on the earthwork fortress.

Baldwin County was not only a place where battles were fought, but a land where futures were built by embracing diversity and with a neighborly helping hand — France, Greece, Yugoslavia, Germany, Russia, Sweden, Czechoslovakia, countless African nations and dozens of other sources have contributed to the area's rich cultural history.

This melting pot of people built the county's agricultural, commercial, manufacturing, tourism and fishing industries and made the county prosper and persevere during even severe economic depressions.

Today, Baldwin County remains one of the fastest growing counties in Alabama, with 182,265 citizens according to the 2010 census, and growing by estimated by 12 new residents per day, making the current population over 210,000. Baldwin County is a place welcome to all — a land of abundant natural resources, a healthy economy and beautiful beaches, as well as a people who have carved out a place to live, prosper and continually grow.

# eastern SHORE

Whether you enjoy the outdoors, shopping, sports, dining, the arts or family friendly events, there is something for everyone in Baldwin County's Eastern Shore cities — Spanish Fort, Fairhope and Daphne.

## DAPHNE

Daphne is home to some of the Eastern Shore's best spots to watch for wildlife. At Bayfront Park at Village Point, visitors can watch for alligators, snakes and other animals in their natural habitat.

Jackson Oak, a historic oak tree that dates back to before the War of 1812, is also located on one of the nature trails at Village Point. Also in Daphne is Gator Alley, a city-maintained boardwalk that passes under U.S. 98, where guests can spot alligators at any time between sunrise and sunset. Daphne's historic Main Street has local restaurants and stores, a youth baseball

park and Centennial Park, a great park for kids.

## FAIRHOPE

A short drive under moss-covered oaks will lead you to a flower-filled clock face — the city of Fairhope awaits. Downtown Fairhope retains its small-town sense with locally owned clothing stores, coffee shops, bookstores and art galleries. End your day with a stroll down Fairhope Avenue and view a breathtaking sunset on Fairhope Pier. A common gathering place for all ages throughout the year, near the pier there is a rose garden, marina, beach and playground area. This area is host to many class field trips to discover the creatures that call the bay home. Continue south along scenic 98 through Point Clear and relish the beauty of the Eastern Shore and Mobile Bay.

## SPANISH FORT

The Eastern Shore Centre, an outdoor mall in Spanish Fort, contains favorites like Barnes & Noble, Belk, Build-A-Bear Workshop, Best Buy and World Market. There's also a state-of-the-art bowling alley and arcade, a 14-screen movie theater, a Publix supermarket and many restaurants to satisfy any craving.

The 5 Rivers Delta Resource Center is one of Spanish Fort's best places to catch a close-up glimpse of local wildlife with walking tours and river boat cruises.

# central BALDWIN

At the center of Baldwin County, sit the municipalities of Central Baldwin — Loxley, Robertsedale, Silverhill and Summerdale.

The central area of the county offers fun events throughout the year such as the Silverhill Memorial Car Show and the Robertsedale Rotary Rodeo.

## LOXLEY

The town of Loxley begins where Interstate 10 meets Highway 59. Many activities in town center around the Loxley Municipal Park and Loxley Civic Center, which is home each year to the Baldwin County Strawberry Festival and the City Rhythm Big Band.

## ROBERTSDALE

The “Hub of Baldwin County” is a short drive down Highway 59 between Loxley and Summerdale. Robertsedale is home to many parks including Honeybee Park, home to the Honeybee Festival and Garrett Park, which boasts the city’s splash pad and numerous baseball and softball fields.

The Baldwin County Fair, one of the state’s longest running county fairs, calls Robertsedale’s Baldwin County Coliseum home. In September, view art, livestock and hobby exhibitions, including canning, baked goods, scrapbooking and more.

## SILVERHILL

The only town of Central Baldwin County that does not contain a portion of Highway 59, Silverhill is the area’s smallest and oldest municipality. Silverhill celebrates the heritage of its four flags (Sweden, Czechoslovakia, Norway

and Finland) every year with the annual Silverhill Heritage Day Festival.

This town is also home to Wales West RV Park, featuring the Wales West Light Railway and nightly activities like bluegrass and potluck dinners. Guests can ride the train year-round, or come for a special event during Easter, Halloween or Christmas.

## SUMMERDALE

A rural town in south-central Baldwin County, Summerdale is the last stop of this area before entering the white sands and salty waters of the county. Looking for adventure?

Visit the alligator farm Alligator Alley or the Spear Hunting Museum, home of the “World’s Greatest Living Spear Hunter” Gene Morris. Although Morris died in 2011, the museum remains open to share his tales with visitors.

Whether you visit once a year or live in a condo on the beach, South Baldwin County is a destination for all. From shopping at small surf shops and The Wharf to parasailing or ziplining, or just relaxing in your chair listening to the waves crash into the shore, each day is different from the last.

## ELBERTA

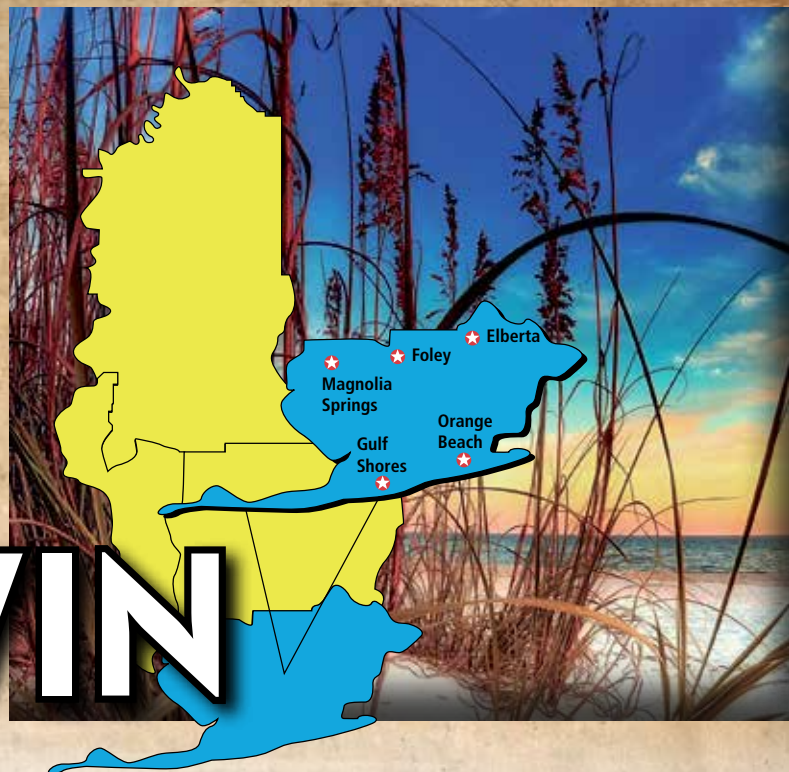

Home to the German Sausage Festival, Elberta was founded by German immigrants and celebrates this bi-annual fundraising event with more than 30,000 visitors and 7,000 pounds of sausage served at each occasion. Proceeds go to the volunteer fire department and town. This picturesque little town is also home to Baldwin County's own "Bamahenge" and four dinosaurs roaming the woods along Fish Trap Road leading to Barber Marina.

## FOLEY

As Foley turned 100 in 2015, city leaders completed the Centennial Plaza and clock tower in Heritage Park and the Pedestrian Bridge. Newly opened OWA allows guests to experience Downtown District with shops, a concert at the amphitheater overlooking the 14-acre lake or take a ride on the Rolling Thunder coaster at the theme park. Adjacent to OWA, the city of Foley will host sports activities from gymnastics to basketball in the new 90,000-square-foot indoor Events Center, or lacrosse, disc golf and soccer on one of the 16 state-of-the-art fields.

The Tanger Outlets in Foley offer shoppers an array of stores at outlet prices. In addition to the outlets, Ross Dress for Less and PetSmart have made their appearance, with more big-box stores on the way.

Events throughout the year include the colorful Gulf Coast Hot Air Balloon Festival, BBQ & Blues Cook-Off, Art in the

Park and the Jennifer Claire Moore Foundation Professional Rodeo.

## GULF SHORES

Gulf Shores is home to many specialty boutiques and surf shops. There is also a wide variety of restaurant fare to choose from with seafood as the basis, but each eatery has a unique specialty as well. The Waterway Village District along the Intracoastal Waterway is home to the Gulf Coast Arts Alliance Art Market and Gallery.

This and surrounding areas host a staggering number of tourists, while maintaining its hometown, sweet Southern spirit.

## MAGNOLIA SPRINGS

Nestled along the Magnolia Springs River, the deep-rooted oak trees shelter the historic homes lined with azaleas. Incorporated in 2006, Magnolia Springs is home to the only year-round water postal route in the United States.

## ORANGE BEACH

Listen to some of the world's famed musicians as they take the stage at The Amphitheater at The Wharf. Walk the streets on Main Street before the concert to take in some local grub, and be sure to stop at some of the retailers nearby. Karaoke, dancing and games can be found at sports bars, eateries and nightlife locations. Orange Beach is also home to the Coastal Arts Center with a glass-blowing hot shop, clay studio and outdoor stage.

Wanting a day of relaxation? No need for a spa; plant your chair on the beach, grab a cool drink and sink your toes into the white sand.

# HISTORY

## FAIRHOPE MUSEUM OF HISTORY

Photo by xxx

A full 10 years before Alabama was admitted as the 22nd state in the union, business and life in Baldwin was booming. The county was officially founded on Dec. 21, 1809, forged by a clash of cultures and families who carved a niche out of the wilderness and made it their home. Their histories became the tales of county lore. Skirmishes between settlers and native tribes, the War of 1812 and the Civil War have left their marks on the area. Famous battles include the Fort Mims Massacre, the Battle of Mobile Bay and the Battle of Fort Blakeley. McIntosh Bluff, Blakeley and Daphne have all served as the seat of county government. Bay Minette became the county seat in 1901 when the county records were spirited away from Daphne in the middle of the night. The county holds a variety of reenactments, festivals, shows and concerts to celebrate elements of the past. From antique cars to bluegrass music, history comes to life throughout the year. Native American artifacts, Civil War weapons, Spanish names, German cuisine, Scandinavian flags, antebellum homes, Depression Era tools, forts, mounds, crops, hurricane devastations . . . these remnants of the past are patches in a quilt that covers Alabama's largest county. Last year those early founders were honored in a county-wide ceremony that named them as Baldwin's Founding Families. Their ancestors, still part of the fabric of our community today, were present to honor that past and promise to carry Baldwin County into the future. You can find a list of all of Baldwin County's Founding Families in this section. We think they would be proud to see what their legacy has become.

## BICENTENNIAL PARK

Gives visitors the opportunity to enjoy the natural attributes of the Mobile-Tensaw River Delta as they take in the beauty of the two-mile walking trail within the park. The park's displays chronicle Native American culture circa 1780s through the settlement by Europeans in the 19th century.

## HISTORIC BLAKELEY STATE PARK

Offering opportunities to tour a preserved Civil War battlefield, visit the site of one of the oldest towns in the state and learn about the plants and animals that inhabit Mobile Bay and the Mobile-Tensaw River Delta. Examine more than five miles of Confederate and Union breastworks within the park that marks the site of the last major battle of the American Civil War. One can relive the beginning of Baldwin County's heritage at the Blakeley town site in the park. While there were hotels, stores and churches serving about 4,000 people in the 1820s, the site has since been reclaimed by nature and is home to majestic oaks that line what were once busy streets.

# OUTDOORS

The natural beauty and temperate climate of Baldwin County make it easy to spend time outdoors. You only have to pick your pleasure. With average temperatures ranging from 90-degree summers to 60-degree winters, Baldwin County is a perfect place for year-round fun. The sugar-sand beaches call to many for skimboarding, wakeboarding, kneeboarding, skiing, tubing, swimming, diving, snorkeling and scuba diving. If you prefer to spend time above the water, there are motor boats, sailboats, yachts, Jet Skis, canoes, kayaks and even parasailing — if you dare. Fishing opportunities abound in fresh and saltwater areas — from the thrill of hooking a marlin on a deep sea expedition to quietly trolling for bass in the Mobile-Tensaw Delta near Live Oak Landing. You can also become one with nature in any of the campgrounds Baldwin County has to offer; just pick your adventure and go. Tennis courts and golf courses take advantage of the climate's warm weather to offer nearly year-round play. Get out, take in the sunshine and take some memories home.

# WATER SPORTS

If you want to zip across the water, paddle through it or fly above it, you'll find plenty of opportunities to splash around in Baldwin County.

Nearly every marina in the area offers jet skis, kayaks and paddle boards, and during the warm months, splashes of color fill the sky with parasails gliding through the salty air for spectacular views. The rental facilities can even hook you up with a license for a day.

"You either have to have a vessel license or take a safety course that we give and all the other guys give that makes them aware of Alabama's boating laws," said Rodney Jones of Skull Harbor at Hudson Marina. "Their rental contract becomes their temporary boater's license during the period of time they've got the boat rented. We detail all the Alabama laws and anything that's specific to jet skis as far as safety issues. Everybody I know that operates out of our area has a lot of experience and has gone through a lot of training."

## MOBILE BAY

The Eastern Shore of Mobile Bay is one of the state's most popular fishing locations. Many locations are available for fishing, from the south end of the shore in Point Clear and Fairhope to the north

## MOBILE BAY JUBILEE

One of the most exciting fishing events in Baldwin County is the jubilee on the upper Eastern Shore of Mobile Bay from Point Clear to slightly north of Daphne. During this natural phenomenon, many species of aquatic life leave deeper waters and swarm in a specific, shallower coastal area of the bay.

The Mobile Bay jubilee typically takes place every year between the months of June and September. Some years, it occurs several times, usually in the pre-dawn hours and can cover up to a 15-mile stretch of coast on the Eastern Shore.

A specific set of conditions must be met for a jubilee to occur:

- Previous day's weather conditions must include an overcast or cloudy day, a gentle wind from the east and a calm and slick bay surface.
- Rising tide is necessary; a change to a falling tide will stop the jubilee.

in Daphne and Spanish Fort. The Eastern Shore is covered with boat ramps and fishing piers for anglers to use.

# CAMPING

Baldwin County is an ideal location for camping enthusiasts to pitch a tent, rent a cabin, hook up their RV or sleep out under the stars.

## PRIMITIVE CAMPING

### HUGH S. BRANYON BACKCOUNTRY TRAIL

Nestled among tall pines, scrub oaks and 15 miles of trails is the addition of the new primitive outpost campsite. Reminiscent of a Huck Finn adventure, this amenity hosts three individual sites, constructed with canvas tents supported on rustic hardwood floors and roped together with framed recycled downed trees. Take your pick from the Bonanza, Duke or Alamo. Each includes comfy nylon cots to accommodate four people per site, six-guest maximum with an additional tent. An old-fashioned pump sink is centrally located, for cleanup after a fun evening of grilling hotdogs, burgers and roasting marshmallows around the campfire. No need to cut your own wood as the Gulf State Park stocks each campsite personally for your visit. The park's camp store, swimming pool, bike rentals and bathhouse are accessible to all campers.

# DISC GOLF AND SKATE PARKS

## DISC GOLF

Disc golf is played much like traditional golf. Instead of a ball and clubs, however, players use a flying disc or Frisbee. The sport was formalized in the 1970s, and shares with “ball golf” the object of completing each hole in the fewest number of strokes (or in the case of disc golf, fewest number of throws).

A golf disc is thrown from a tee area to a target which is the “hole.” The hole can be one of a number of disc golf targets; the most common is called a Pole Hole, an elevated metal basket. As a player progresses down the fairway, he or she must make each consecutive shot from the spot where the previous throw has landed. The trees, shrubs and terrain changes located in and around the fairways provide challenging obstacles for the golfer.

Finally, the “putt” lands in the basket and the hole is completed. Disc golf shares the same joys and frustrations of traditional golf, whether it’s sinking a long putt or hitting a tree halfway down the fairway. There are a few differences, though. Disc golf rarely requires a greens fee, you probably won’t need to rent a cart and you never get stuck with a bad tee time. It is designed to be enjoyed by people of all ages, male and female, regardless of economic status.

Whether on land or sea, become one with nature in Baldwin County. Fresh air and peaceful moments are what await you at the end of the sidewalks here. From the sandy beaches and bay shores to marshlands along the delta, there are plenty of quiet oases tucked away from the hustle and bustle of everyday life. ## WHERE WE TREAT YOUR PET LIKE FAMILY

*"The customers are pleased with our work, and we keep our prices down." — Ronnie Parker*

Parker Kennels started twenty-one years ago in 1998, brought to life by a family with a plan.

"My son worked for one of the vets here in town, and they were always full," said owner Ronnie Parker. "He said to me one day, 'Dad, we need to build a kennel.' So I told him we would go and look to see what we could find out about doing just that. We did that and picked out what we liked, and then we designed it ourselves."

The Parker family built about 80 percent of the original building themselves, taking on the majority of the work. It was a family effort with their daughter, son and grandchildren. For the first four years of business, Ronnie ran the business with his wife, the only two employees onsite.

"You can't just jump in and hire people, not until you get your clientele," Parker said. "So we just built it up together, then finally we hired one employee, then two, and now we're up to seven employees plus two professional groomers."

During the off-season, the kennels are often half-full. Once the summer starts, they will become filled quickly. To offset the demand, a new facility was completed Oct. 22, 2019. The new building has 56 new kennels, adding to the existing building's 44 runs, for a total of 100. It makes Parker Kennels one of the largest, if not the largest, boarding facilities in the county. Parker credits the kennel's success to the employees and the community's support.

"I've got good employees, the girls work hard," said Parker. "They're dedicated, and they love animals. I grew up on a farm myself, so I've always been around animals, and it's an enjoyable job. It's nice to see the different dogs, each with their own personality, and most of the time they love seeing you too. I just enjoy doing this, it's a lot of fun."

The vets in the area send any overflow to Parker Kennels, especially during holidays. Along with the typical boarding, Parker Kennels employs two professional groomers who are onsite Monday through Friday. This, along with the staff's love of animals and the low prices, keeps customers coming back.

"The customers are pleased with our work, and we keep our prices down. We're one of the cheapest places in town," Parker said. "I've always figured it was quantity versus price, because you can price yourself out of business very easily. We've only raised our rates here one time in all of the 21 years we've been in business. Even though our business has almost tripled our pricing remains the same."

The kennels opened at \$12 per night, and now are only \$15 per night. For anyone who brings multiple pets to be boarded together, \$5 will be discounted from their total. Tourists who are staying in hotels that do not allow pets can leave them at Parker Kennels at night and pick them up during the day to take them along to the beach or to the park, and bring them back to the kennel before 5 p.m. Parker Kennels also offers \$8 daycare for pets, so owners don't have to leave dogs in crates throughout the day while they work.

"We try here, we try really hard, and the good Lord has blessed us," Parker said. "If it wasn't for Him we wouldn't be where we're at. It's good, and we love what we do."

Parker Kennels is located at 12606 County Road 65 in Foley. You can reach them by calling 251-970-3647, visiting their website at [ParkerKennels.com](http://ParkerKennels.com), or check them out on Facebook. New customers are welcome daily.

# CULTURE

The odds are no matter how far you roam, you'll find no other place like Baldwin County. History has blessed the area with a variety of influences; including French, Spanish, English, German, Native American and many more. Immigrants from across the globe have made Baldwin County their home, bringing their native cultures to the melting pot. Mardi Gras is a celebration unique to this and several other Southern areas. Beautiful and portable artworks "float" down the street as revelers throw goodies to those lined on the roadsides. Balls harken back images of grand parties and black-tie affairs and general feelings of frivolity and happiness abound. Feasting is a big part of that happy feeling and nobody cooks quite like Southerners. We create dishes from Gulf seafood and local produce ... and add bacon grease, ham hocks and garlic to everything. Well, we spice it up in our own special way.

# SEAFOOD

Baldwin County's seafood industry traces its history back to Native Americans who fished its creeks, rivers, bays and coastal waters for a natural bounty that was an important and protein-rich source of food for them.

Many of the seafood industry families in Baldwin County date back generations. They preserved a way of life passed on from their ancestors and provide a delicious bounty from the Gulf to restaurants, retailers and wholesalers in the county, region and nation.

The seafood industry in Alabama provides more than 10,000 jobs, and its annual economic impact has been estimated at \$335 million a year, according to the Alabama Seafood Marketing Commission.

"The Alabama seafood industry is vital to the economy of coastal Alabama," said Chris Blankenship, director of the

Marine Resources Division of the Alabama Department of Conservation and Natural Resources, who served as the commission's program administrator and is based in Gulf Shores. "The hardworking men and women that catch, unload, process, ship and sell local Alabama seafood have been a vital part of the community for generations.

"When people buy local products, whether it is seafood, produce or other goods, it supports the local economy and keeps the money circulating in the local community.

"Besides the economic benefits, local seafood is just fresher and tastes better than imported seafood."

# 41 DISHES TO EAT BEFORE YOU DIE

The best job in Alabama might belong to the employee at the Alabama Tourism Department who compiled the list of 100 dishes to eat before you die. The annual list highlights the most delightful culinary delights across the state and Baldwin County is home to 41 out of 100 dishes on the list.

Try something simple, like the Key Lime Milkshake at Stacey's in Foley, Catfish from the Stage Coach Cafe in Stockton or the Shrimp Poboy at Market by the Bay in Daphne. Ready to push your limit (and your stomach)? Try your hardest to finish Fish River Grill's OMG Seafood Feast Poboy or Yo Mama's Platter at Ed's Seafood Shed.

Want to have the entire list on hand in an instant? Download the app! Find the app, "100 Dishes to Eat in Alabama," produced by the Alabama Bureau of Tourism & Travel in the app store. # MARDI GRAS

It's a common misconception that New Orleans is the home of Mardi Gras, when in fact, it's South Alabama that originally paraded through the streets. The Mobile celebration started in 1719 and partied on to Baldwin County soon after. Today, crowds line both sides of the street to participate in this Gulf Coast tradition. Patrons catch MoonPies, doubloons, cups, beads, stuffed animals and other goodies.

## MARDI GRAS LINGO

**FLOAT BARN:** secret location where Mardi Gras organizations build and keep their floats when it's not parading season.

**THROWS:** items thrown from parade floats, such as doubloons, MoonPies, beads, cups and stuffed animals.

**MOONPIES:** marshmallow cake, usually chocolate, banana or orange flavored. Newer flavors of coconut, vanilla, mint, peanut butter and salted caramel have recently been added.

**LAISSEZ LES BON TEMPS ROULER:** French for "Let the good times roll!"

**KING CAKE:** usually oval and braided, this cake is iced with traditional Mardi Gras colors. A tiny, plastic baby doll is hidden inside, and according to custom, whoever finds the baby in their piece of cake buys the next King Cake or throws the next party.

**KREWE:** Mardi Gras societies often refer to themselves collectively as a Krewe and often the term is part of the society's official name.

**BALL:** a celebration, usually after a parade, involving food, beverages, call-outs and dancing. Some organizations don't parade and just have Mardi Gras balls. Tickets are sold to some balls, while others require invitations from a society member.

## PARADE TIPS

- » Travel lightly and carry a large bag to carry your throws home.
- » Carry small amounts of cash when possible as vendors and food carts often line the parade routes.
- » Leave purses and valuables at home.
- » Arrive early. Avoid traffic and find a close, well-lit parking spot.
- » Obey barricade ordinances. No jumping the barricades.
- » Check weather/parade route. Know whether to bring a jacket or umbrella, or if your parade time or route has changed.

# PET FRIENDLY PLACES

Dogs are man's best friend. Many businesses in Baldwin County like well-behaved canines, too.

Baldwin County is a pet-friendly area, and there are several fenced-in dog parks that allow our furry friends to run and play with others without a leash. Some restaurants around the county even let well-behaved dogs socialize with others.

## DOG PARKS

Dog parks offer an open setting for dogs to run. Each is open sunrise to sunset and has separate areas for large and small dogs. The areas are fenced and most have water stations. There is no fee to use any of these dog parks.

**BAY MINETTE DOG PARK**, construction underway on Bradley Avenue near the municipal pool complex. Park expected to open in July, 2019.

**DAPHNE DOG PARK**, 8600 Whispering Pines Road, Daphne

**FAIRHOPE DOG PARK**, 701 Greeno Road and Volanta Ave., Fairhope

**FOLEY DOG PARK**, 200 E. Orange Ave., Foley

**GULF SHORES DOG PARK**, 260 Clubhouse Road and West Second Ave., Gulf Shores

**UNLEASHED DOG PARK**, 27920 Canal Road, Orange Beach

## PET-FRIENDLY RESTAURANTS

**THE SOUTHERN GRIND** at The Wharf in Orange Beach has an outdoor area, "The Pooch Porch," especially for our four-legged friends.

**PANINI PETE'S** in Fairhope and several other restaurants allow leashed dogs in their outdoor area. Don't be surprised if you pass a puppy in a cart at Home Depot or one at the Foley Outlets. If they're well-behaved, they can go practically anywhere.

**PIRATES COVE MARINA AND RESTAURANT** in Elberta is pirate-themed, and dogs are welcome, too. Ahoy, little doggies!

## DOGGIE RESTAURANT ETIQUETTE

- » Make sure your pooch is well-behaved around other people, especially children. Leash your four-legged friend and keep him or her from socializing with other diners or employees, unless welcomed. Keep your pup close to your table or chair so he or she is not in the waiter's path. Dogs are not allowed on the chairs or tables.
- » Bring your own doggie bowl for water. Pets are not permitted to eat or drink out of restaurant glasses or dishes, unless they are disposable.
- » Remember to tie your dog to your chair and not the table.

A dog tied to a table can result in spilled drinks or food.  
» Always call ahead or ask first to make sure an establishment allows dogs at their outdoor tables.

## DOG-FRIENDLY BEACHES

**THE DOG POND AT LAKE SHELBY** Explore this Gulf Shores park with your pup as you hike along the dog-friendly trails. Dogs must be up-to-date on vaccinations and wear owner identification at all times.

- » 8 a.m. – sunset
- » Gulf State Park, 20115 Highway 135, Gulf Shores
- » For questions, call park headquarters 251-948-7275

# AGRICULTURE

Baldwin County's history is rooted in agriculture. Settlers moved from all over the United States and from other countries to farm the rich soil, and generations later, their descendants are still raising families here. But many of the farms have been sold, and subdivisions have replaced them.

Nevertheless, you still don't have to look far to find acres of farmland set aside to produce commodities like corn, soybeans, beef cattle, peanuts and cotton, and farmers markets around the county overflow with fresh produce from small growers who sell locally.

# BALDWIN COUNTY PLANNING AND ZONING DEPARTMENT

## Protect yourself from a flood disaster

### NATURAL AND BENEFICIAL FUNCTIONS

The wetlands within Baldwin County are indispensable and fragile natural resources with significant development constraints due to flooding, erosion and soil limitations. In their natural state, wetlands serve man and nature. They provide habitat areas for fish, wildlife and vegetation; water quality maintenance and pollution control; flood control; erosion control; natural resource education; and many other causes. Damaging or destroying wetlands threatens public safety and the general welfare. It is therefore necessary for Baldwin County to ensure maximum protection for wetlands by discouraging development activities that may adversely affect wetlands.

Baldwin County regulates Stormwater Management policies through the Subdivision Regulations for all new developments. Developments which produce an increase in the amount of stormwater runoff are required to construct stormwater management facilities.

Baldwin County has provisions which impose requirements on persons engaged in land disturbing activities which require planning and implementation of effective sedimentation controls for individual lots and subdivision development sites.

For more information regarding Erosion, Sedimentation or Stormwater Management requirements for new developments, contact the Baldwin County Planning & Zoning Department at 251.580.1655 or the Subdivision Permitting Department at 251.937.0278.

### FLOOD HAZARD

Baldwin County is virtually surrounded by water, with the exception of several miles in the extreme northeast bordering Escambia County with numerous bays, rivers, streams and arbitraries within the interior portions of the County.

Baldwin County faces its greatest threat of flooding from hurricanes and tropical storms, but coastal flooding can occur year-round. These storms can destroy many properties and cause damage to countless others. Even though property may have escaped flooding or damage from previous storms, it may not escape flooding or damage from the next storm.

To determine if your property is located in a Special Flood Hazard Area (SFHA) contact the Baldwin County Building Inspection Department at (251) 972-6837.

### FLOOD PROTECTION MEASURES

Every year, flooding causes more property damage in the

United States than any other type of natural disaster. While recent construction practices and regulations have made new homes less prone to flooding, many existing structures remain susceptible. Throughout the country there is a growing interest from property owners to develop practical and cost-effective methods for reducing or eliminating exposure to flooding.

There are many ways you can help protect your property and your possessions from flood damage. Property protection measures publications and assistance is available to you by contacting the Baldwin County Building Inspection Department at 251.972.6837 or by visiting your local libraries. You may also visit the FEMA website at [www.fema.gov/](http://www.fema.gov/)

### FLOOD SAFETY

Flood safety protection measures that are to be taken in the event of a hurricane or any other major storm event include having your electricity and gas turned off by the Power Company; not driving or walking through flowing water or any flooded area; and staying clear of any unstable stream banks. Be sure and stay tuned to your local television or radio station for weather updates. If you are required to evacuate, try to move to the house of a friend or family member not affected by the impending flood hazard. If you live in a mobile home, plan to evacuate at the first notice. Everyone should rehearse your evacuation plans with all household members and plan to leave early to avoid traffic delays. For additional information regarding Baldwin County's flood warning program, contact Baldwin County Emergency Management Agency at 251.972.6807.

### FLOOD INSURANCE

Most mortgage lenders require flood insurance based on the location and elevation of the property. Flood damage, unlike wind damage, is not covered by homeowner's policies and must be purchased separately. Since Baldwin County is an NFIP community, federally backed flood insurance is available. There is typically a 30-day waiting period before a new flood insurance policy becomes effective. You are eligible for flood insurance, regardless of whether your property has never flooded, or has flooded several times in the past. All properties secured by a federally backed mortgage must carry flood insurance.

For more information about flood insurance, property owners should contact their insurance agent or call the NFIP's toll-free information line at 1-800-427-4661.

# DERAILED DINER'S PECAN PIE CHEESECAKE IS TO DIE FOR!

100  
DISHES  
TO EAT IN ALABAMA  
BEFORE YOU DIE

## And Now It's Official!

The Alabama Department of Tourism has featured our own Chef Kelvin's Pecan Pie Cheesecake in their **"100 Dishes To Eat In Alabama Before You Die"** for the past eight years in a row.

That's pretty heady company for a restaurant in a state known for its great food and hospitality. But we've known for a long time how great our cheesecake is...it disappears from our kitchen faster than you can say "that's so good, it makes me want to slap my mama."

So before you fill up on one of our award-winning homemade main dishes, make sure you leave room for a piece of pecan pie cheesecake.

It's to die for.
