# Five Tips to Prep Your Home for Holiday Guests

## Submitted

Cooler temperatures, outings to the Christmas tree farm, game nights and holiday feasts. Now that the holiday season is here, it's time to prep your home for seasonal fun! Whether you're hosting a big or small group of family and friends this holiday season, decorating and decluttering around the house can make party prep easier and more enjoyable for everyone. With that in mind, here are some top tips to create functional and stylish spaces that are easy to keep clean and tidy throughout the festivities.

Delightful décor. Make any room feel warm and welcoming with Easy-Liner Removable Adhesive Shelf Liner by Duck Brand. Decorating with laminate is an affordable

way to add pops of color to a kitchen backsplash, reading nook or old side table. Choose a print that matches your style and easily stick the laminate to smooth, flat surfaces for a fresh new look that will wow your guests.

Mudroom without messy floors. Preparing an area near your entryway for bags and shoes is a must when expecting visitors. If you have a bench with storage, add machine-washable liner to the cubby to keep shelves clean and dry. Placing liner by the entrance of your home will also offer extra space to store muddy or wet shoes and stop salt and snow from tracking in the house. When guests leave, toss the liner in the wash and reuse.

# Five Tips to Prevent Common Holiday Foot Problems

## Submitted

The holiday season is one of the most joyful times of year, but it can also lead to aching feet. One source of seasonal foot pain is gout, a type of arthritis exacerbated by consuming too much of certain holiday foods and beverages.

As you celebrate, prevent gout flare-ups and other painful afflictions with these five tips for healthy holiday feet from the American College of Foot and Ankle Surgeons (ACFAS).

**1. Don't overindulge in holiday cheer.** Your feet can sometimes feel the effects of too much holiday cheer. Foods and beverages high in purines, such as shellfish, red meat, red wine and beer, can trigger extremely painful gout attacks, a condition when uric

acid builds up and crystallizes in and around your joints. According to foot and ankle surgeon and Associate Member of the American College of Foot and Ankle Surgeons, Josh Sebag, DPM, AACFAS, "Often, it's the big toe that's affected first since it's the coolest part of the body and uric acid is sensitive to temperature changes, but this may also occur in other parts of the foot and ankle."

If you do experience pain in your big toe or other parts of your foot or ankle, drink appropriate fluids, elevate your foot and immobilize it. Frequently, non-aspirin equivalents of non-steroidal anti-inflammatory medications are used to treat gout. In severe cases, contact your foot and ankle surgeon.

**2. If the shoe fits, wear it.** When hitting the dance

floor or shopping malls, don't compromise comfort and safety when picking shoes. Narrow or overly high-heeled shoes or shoes that aren't worn often, such as dress shoes, can irritate feet, leading to blisters, calluses, swelling and even severe ankle injuries. "Choose low-heeled shoes that fit your foot in length, width and depth while you're standing," says Dr. Sebag.

**3. Be pedicure-safety conscious.** Heading out for your holiday pedicure? Nail salons can be a breeding ground for bacteria, including MRSA, a type of staph infection that causes fever and painful red bumps, and can be life-threatening if left untreated. Reduce your risk of infection. Choose a salon that follows proper sanitation practices and is licensed by the state. You may also want to consider bringing your own pedicure instruments for safety.

**4. Watch for ice and snow.** Though winter wonderlands are beautiful, they can also be dangerous. Use caution outdoors, watching for ice or snow patches. The ankle

joint can be more vulnerable to serious injury from falling on ice. "Ice accelerates the fall and often causes more severe trauma because the foot can move in any direction after slipping," Dr. Sebag explains. If you fall, take a break from activities until you can be seen by a foot and ankle surgeon. Use RICE therapy (Rest, Ice, Compression, and Elevation) to reduce pain and control swelling around the injury.

**5. Listen to your feet.** Don't let foot pain ruin holiday fun; inspect your feet regularly for evidence of injury, ingrown toenails, bruising, swelling, blisters, dry skin or calluses. "If you experience foot pain (while at rest or with activity), swelling or notice signs of problems, make an appointment with your foot and ankle surgeon," Dr. Sebag says. "Often, especially for people living with diabetes, and those with altered foot sensation, what may seem like a simple issue can turn into a larger problem if medical care is delayed."

# Gifting a Puppy This Holiday Season? Read These Tips First

## Submitted

Thinking of surprising a friend or family member with a puppy this holiday season?

“Before gifting someone with a commitment that lasts well beyond the holidays, make sure you’ve made your list and checked it twice,” says Claire Komorowski, chief executive officer of PuppySpot, a USDA-licensed company whose mission is to make lives better by placing healthy puppies into happy homes.

Having introduced over

200,000 puppies to loving homes, PuppySpot encourages potential dog owners to make responsible decisions this holiday season and are offering the following Do’s and Don’ts to help:

**Don’t:**

1. Surprise your friend, partner or spouse unless they’ve openly communicated that they’re ready to take on the commitment and can prepare for the puppy’s arrival.

2. Wait too long to start looking if you know this is something you and your family want for the holidays.

3. Try and cut costs. Healthy, well-bred puppies can be expensive. If you see something that seems too good to be true, it probably is.
4. Expect a puppy to arrive fully-trained and well-behaved. Puppies can be mischievous and require a lot of time and attention.

## Do:

1. Leave plenty of time for the entire process, you don’t want to rush selecting the right pup for you.
2. Realize your puppy may not arrive at the exact moment you had hoped for. These are living, breathing animals that require stops and care along their journey. They are not a warehouse package.
3. Plan to be home for the holidays to acclimate your puppy. Be sure to consider what happens when the holiday excitement dies down.

kids. All holiday gatherings need a space for kids to have fun and play together. While setting up for arts and crafts, line the table with a clear, textured liner to prevent crayons, markers or glue from damaging surfaces. When it's time to clean up, simply wipe the liner or toss it in the dishwasher.

Get your guest room ready. If you have family staying overnight, it's time to get your guest room in shape. Dress up drawers and closet shelves with Smooth Top EasyLiner. The grip bottom will keep the liner and items in place. Trendy patterns will elevate your home décor

and guests will appreciate how clean and homey the space feels during their stay.

**Bathroom basics.** Once you're done prepping the guest room, don't forget about the guest bathroom. Keep styling stations and the bath clean and tidy with shelf liner and a bathmat. Duck Brand offers a variety of cushioned, machine-washable bath and shower mats for extra comfort and safety. The Clorox mat is also designed to prevent the growth of mold and mildew on the mat.

Making these small updates around the house now will keep your most-used spaces clean and tidy to ensure family and friends are comfortable and happy over the holidays.

## SEASON FROM PAGE 10

### Delicate Décor

Creating the right ambiance in your space is key to holiday decorating success. Begin by decluttering the areas of your home where you plan to entertain. Fill the extra spaces with seasonal decorations. Remember, elaborate, expensive items aren't always needed to make a home look amazing. Decorations like small figurines, bowls filled with holiday candy or simple wreaths and garlands can do the trick of transforming your home into a winter wonderland!

### Fruitful Food

With more guests comes more food, but it doesn't have to mean spending more money. Shopping at discount retailers for essentials such as milk, eggs, bread and cheese can help stretch your budget.

You can also make the switch to private brand items and save even more when buying foods for overnight guests, such as granola bars, cereal and snacks. Consider purchasing these household basics from a local Dollar General store, which also provides digital coupons to help you save even more.

### Supplies Stock-Up

Of course, to entertain, you will need supplies. Stocking up on cleaning essentials, everyday cooking ingredients and entertaining basics early in the season is a great way to have everything needed before the party begins. Consider adding items such as trash bags, cutlery, paper products, other decorations and even small gifts.

By using smart shopping strategies, you can entertain during the holidays with ease instead of stress.

you, visit [FootHealthFacts.org](http://FootHealthFacts.org), the patient education website of the American College of Foot

and Ankle Surgeons.

Treat your feet right. Being proactive, protective and preventive can mean a healthier holiday season for your feet -- and your whole body.

## PUPPY FROM PAGE 13

Puppies need a great deal of attention, especially during their first year.

4. Use reputable services, like PuppySpot, which is authorized by the American Kennel Club and has its own independent scientific advisory board that collaborates with the USDA to ensure all national standards

are exceeded. To learn more about PuppySpot and its promise to connect the nation's top breeders to caring, responsible pet owners, visit [www.puppyspot.com](http://www.puppyspot.com).

While there is perhaps no more joyful holiday surprise than a puppy, this is one gift that should never be given lightly. By weighing the decision carefully, you can ensure that a puppy's new home is their fur-ever home.
