THE BEST OF THE BEST

The Hill Country News celebrated its 50th year of publication in 2018 and we can honestly say there's never been a better time to live in this wonderful community.

There are the amazing people who call this part of Texas home. There are the world-class businesses and organizations they've created. And so we set out on a journey in March this year to find out who our readers thought were the Best of the Best...

The response was astounding. Every record we've set in past reader's polls was left in the dust.

We hope you'll join in our congratulations to everyone who received votes in the Best of the Best reader poll, and especially those that won and were finalists in their categories.

As always, thanks for reading the Hill Country News. We couldn't do any of this without you, dear reader.

BEST SURGEON

We would like to congratulate Dr. Nicole Basa for being voted Hill Country News' Best of the Best Surgeon for 2018!

The bariatric program at Cedar Park Surgeons, PLLC – also known as Cedar Park Bariatrics – was founded by Drs. Nicole Basa and Alan Abando in 2007. They personally take a caring and comprehensive approach to weight loss surgery for their patients. They are complemented by a team of dietitians, nutritionists and psychologists to streamline the process to surgery and to help you be successful after surgery. Surgeries are performed at all Center of Excellence locations throughout the Austin and Cedar Park areas.

If weight loss surgery is not the direction the patient wants, the practice also offers medical weight loss options which are facilitated by nutritionists and dietitians. Once you step foot into the practice you will know you will be cared for every step of the way. The practice is excited to help you reach your weight loss goals and support you throughout this life-changing journey!

To get started please visit our website CedarParkBariatrics.com, call 512-260-3444 or download their free app Baritastic with program code 03444.

BEST HAMBURGER

MOONIE'S BURGER HOUSE

What a year for the original Moonie's Burger House in Cedar Park! They've now won "Best Burger" for 11 straight years. But the party is just getting started now that a complete store remodel is finished. After nearly 12 years in business, Moonie's focus on the vibe and customer experience has never been more compelling, and customers are raving about the updates.

The newly renovated restaurant boasts a much more vibrant atmosphere, with 10 draft beers, more spacious seating for large parties, better TV viewing, easy access to the patio, quicker counter service for To-Go orders, and hand-spun Blue Bell shakes. They're also phasing out Styrofoam for more sustainable packaging and materials. "We always try to do right for our customers without sacrificing quality, and now it's time to do right for the planet as well," says Stuart Ward, the owner since 2014.

Moonie's also switched to Angus beef for their signature 6oz patties. "Moonie's has a heart and soul that's remained since opening, and we believe improving rather than changing is the best path forward. It started as an open invitation to our guests to eat at Grandma Moonie's, and we want to continue to have that welcoming family feeling."

For Voting H-E-B
BEST GROCERY STORE

**Also for Voting H-E-B a Finalist
in the following:**

- **Best Florist**
- **Best Place to Buy Wine**
- **Best Wedding Cake**

We know you have a choice of where to shop. That's why we work hard to bring you great deals and everyday low prices each and every day.
Thanks again Cedar Park/Leander! Of all the reasons why we were named "best," the most important reason is you.

Here Everything's Better.

Bush's Chicken opened in Cedar Park almost ten years ago and is the unquestioned "King of Fried Chicken." Bush's earned its tenth title as "Best of Best Chicken" in the annual Hill Country News reader poll.

Bush's uses its own proprietary marinade and cooking process along with the highest quality chicken products to make its award-winning chicken by the piece. Bush's Chicken is headquartered in Cedar Park, Texas and has four corporate stores in the area — Cedar Park, Round Rock, North Austin and South Austin. They also have a booth in the Erwin Center where they provide food for events going on at the center.

"Cedar Park, Leander and the surrounding areas have been a blessing to Bush's Chicken. The community has provided us not only with great employees but an environment and culture that we are proud to call our home. The family values and support in the community are unmatched. We could not have won this award with just the Best Chicken, we credit most of our success to our wonderful employees in this area who deliver excellent customer service and run the fastest drive-thru in the business," says Jeff Hammock, President of Bush's Chicken.

Bush's Chicken is very active in the community through their support of area schools and churches. Visit any press box or concession stand at a Friday high school football game and you will see Bush's Chicken everywhere. The coaches, scouts, media and volunteers can always count on Bush's each Friday night at all the stadiums in the Austin Area school districts. During the 2017 Fall sport season Bush's helped raise over \$150,000 for the participating clubs & booster groups! If you have bought Bush's iced tea at a school-sponsored event, you should feel good knowing that 100 percent of the proceeds of the tea sales went straight to the booster club or community group that sold it to you.

"Bush's Chicken is not only in business to provide the Community with the Best Chicken, iced tea, rolls and sides but to also give back and help our community and students wherever we can. Bush's Chicken would like thank to our customers for their support and friendship over the years. We look forward providing the Best Chicken and being a part of this great community in the years to come," says Jeff Hammock.

Stop in and check out the Bush's Summer Special: Happy Hour through the end of summer is now all day every day! Happy hour specials include a 32-ounce cup filled with Bush's famous tea for 69 cents — also save on soft drinks, tender rolls, pies, and brownies!

BEST SANDWICH

Forget everything you know about the sub sandwich. Planet Sub isn't your typical sub topped with meats or veggies that have been sitting out for hours or even days. We endeavor to make authentic, healthy & delicious food. We mix our bread from simple ingredients right in the store, hand roll it into loaves and bake it to perfection to provide the freshest sandwiches to our customers. Each of the meats, cheeses and veggies are sliced in house and the made-from-scratch sauces are prepared fresh daily. We're not just another sandwich shop that tosses together a meal to hustle you out the door. We're passionate about creating our food and it shows. We offer over 45 unique sub sandwiches along with a select menu of craft beer. For those looking for an alternative dining experience we serve gluten-free bread, marinated tempeh and tortilla or lettuce wraps.

"Offering the freshest ingredients, paired with superior customer service is something Planet Sub strives for every day," says Franchise Operator, Frank Garza. "We are fortunate to have outstanding employees who not only take pride in the food they create, but also appreciate the value in ensuring each guest has an enjoyable experience. We are very honored and grateful to have been chosen the 'Best Sandwich in Cedar Park' and will continue to do our best to earn that title."

Congrats!

Dr. Cheng Voted Best of the Best!
by Hill Country News

“THANKS to the families who voted for me! I realize that what it means to have the “best” pediatrician may be different for each family, but I am so grateful to win this. I will continue doing my best to provide honest, humble, and professional care. Credit should also go to my nurse Elena, who has worked by my side since I moved to Texas 11 years ago. - Arthur C. BEST OPTOMETRIST

Thank you Hill Country News Readers for voting and giving us the honor of Hill Country News Reader's Best Eye Doctor 10 years in a row. I consider it a great privilege to serve the residents of the area for the past 16 years at Signature Eye Care. My wife, Julia, and I fell in love with the Hill Country area when we both attended the UT at Austin. I am so thankful that we have set our roots in this community. I feel so blessed that my three children, Phillip (11), Carmel (9), and Xander (6) have grown up in the area.

It was my own personal experience growing up as a child that shaped me to want to become an optometrist. I was struggling in school especially when it came to reading. It was an optometrist in my 3rd grade that discovered I had a high nearsighted and astigmatic prescription. It was a life-changing moment when I got my eyeglasses and could see so clearly for the first time. From then on, I had the improved eyesight to do well in school, enjoy reading, and had a growing confidence to achieve in life.

It was my dream to open a practice where I could assemble a wonderful team in order to enable the residents of this great area to see better, achieve without hindrances, and create lasting memories with crystal clear vision. I want to continue having our practice utilize up-to-date knowledge and innovative technology to deliver the best eye care we can to our patients. Our team of 16 staff and 3 other optometrists strive to continually improve so that we can offer our best when it comes to enhancing and protecting something that is as precious as you and your family's eyesight.

GKX MARTIAL ARTS

BEST MARTIAL ARTS

It's amazing that a business that opened in 2015 has won the Best of the Best, but if you talk to the owners it's easy to see why. "We wanted to revolutionize the martial arts industry," Don-E Harris says. "Service over profit was the key. No contracts, no upgrade fees, and a flexible attendance schedule."

Walking into GKX is not what you expect from a martial arts school. Leather couches, wood floors and spa-like locker rooms. "No sweaty smell!" Serenity laughs. "We give 'white-glove' service to our members, and their families by offering a clean, high-end appearance both on and off the floor."

However, GKX's main reason for success is what they call: 'Art over Business.' "Goju Kenpo is the style we teach," Don-E explains. "It's a progressive and street-practical system that incorporates nine different styles into one system. Striking and kicking, trapping and throwing, ground work, as well as a conditioning."

"Because there are so many aspects to develop in Goju Kenpo, we teach by the rule 'It's not what you know, it's what you can show,'" Don-E says. "Anyone can memorize a technique or pattern of movements, but that is only a fraction of the art. If a student cannot perform the movement (within his or her limits), they don't belt up. Our students have to earn their belts, they don't get them because they have been here for a certain amount of time. I would rather you BE a Black Belt, than to just HAVE a Black Belt."
