This place is what everyone dreams of!

Dallas Co-78 Acres

\$635,000

You want a secluded farm but close to town look no further! This 78 acre tract is only 5 minutes from Buffalo, Mo. A windy driveway leads to past the big oversized pond, then up to a nice big yard surrounds the house and horse barn. This horse barn is the nicest I have ever seen. It is 40x70 and has 5 custom inside horse stalls. These are very costly. There is a big tack room, also there is two wash areas to clean your horses. A work area with a John Deere roll up garage for your mower or UTV. There is a commercial type hanging propane heater that will easily keep the horse barn warm in the winter. Outside the barn is a huge area that is flattened off for a roping arena, or round pens. The house is a 2200 sq foot 3 bedroom 2 bath over a unfinished basement. The basement has plenty of area to add on extra living space. Upstairs you will find a newly remodeled interior, with wide open spaces. The living room is huge and has some great views overlooking the pond and nice yard. The kitchen has lots of room and plenty of kitchen cabinets. The bedrooms are nice and big. This house has new metal roof, new siding, new windows and exterior doors. If you are a cattle guy, this place is set up for you! It has a corral to work the cows and is fenced. Plenty of open ground with just enough timber to get the livestock out of the weather. The 3 ponds are stocked with fish for the grand kids fun all day.
