GET READY FOR SPRING!

ACG 10 Accumagrapple 10 bale capacity, single person operation cuts down on labor cost, requires less time and less fuel, so you can save money, converts easily from Accumulator to Grapple, versatile design for easy access from either side, Skid Steer or Global Euro mount options

DEMO - \$5,650 Sale - \$6,250

Hay Rake VR8 The VR hay rake is perfect for changing conditions and uneven terrain with its simple adjustments for windrow and working widths and independent spring suspension, which enables each rake wheel to work individually for a clean sweep. This V-Type rake is available in 8-, 10-, or 12-wheel configurations, and the rake sections fold horizontally over the carriage for narrow transport width and extra stability.

VR8 - \$8,150

3 Left! Tedders With lower horsepower requirements and operating speeds, a Rhino Hay Tedder is useful on a farm of any size! Our Tedders have six steel tines on each rotor, with independent height adjustment for comfortable raking! All of this and the driveline are protected by Rhino's slip-clutch system, ensuring less maintenance and repair on your part! Even our most basic Tedders are leagues ahead of the rest!

PT207T 10ft - \$3,150 PT405H 17ft - \$7,250

Finish Mowers The FA Series Finishing Mower Series features a tapered, sloped discharge area to provide even distribution of cut material across the width of the mower. This allows for less clumping and windrowing than similar mowers that use chain guards or rubber deflectors.

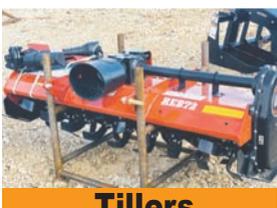

FA613 6ft - \$2,950 FA713 7ft - \$3,900
