Lea Thompson

OF "SPENCER SISTERS": (COMING IN OCTOBER) ON CW

Q: I see that Lea Thompson is returning in a new series. What was the last one she did?

A: As a series regular, that would have been "Switched at Birth," on which she played one of the mothers whose daughters were ... well, check the title of the show again. She also had recurring roles on "Scorpion" (as the Katharine McPhee character's mom) and "The Goldbergs," and she had a guest part last year on "Star Trek: Picard."

It's worth noting that Thompson also was a director on the latter two programs, and she's been spending a lot of time in that job – which she shares with her husband, Howard Deutch ("Pretty in Pink") – in recent times. She also has guided episodes of "Will Trent" (on which Deutch is an executive producer and occasional director), "Resident Alien" and "Young Sheldon" among other shows. Earlier, Thompson directed four "Switched at Birth" stories as well as two of the "Jane Doe" mystery movies in which she starred.

Thompson's other major series credit as a star is the 1990s sitcom "Caroline in the City," which ran almost as long as "Switched at Birth," ending just short of 100 episodes.

She'll have another shot at longevity on weekly TV when she returns in "The Spencer Sisters," a Canadian import premiering Oct. 4 on The CW. She and Stacey Farber play a mystery-writer mother and police-officer daughter (despite the "Sisters" in the title) who decide to open a private-detective agency. Thompson isn't credited with directing any of that show yet, but that's likely to change if it continues for additional seasons.

This intimate and emotional feature-length documentary chronicles Philadelphia Eagles team captain and All-Pro center Jason Kelce's 2022-23 season, which began with him confronting one of the most challenging decisions any professional athlete will ever face — is now the time to hang it up? Kelce embarks on a remarkable journey, highlighted by the arrival of his third daughter; the debut of his podcast “New Heights,” co-hosted with his brother, Kansas City Chiefs All-Pro tight end Travis; and a Super Bowl appearance.

“Movie: A Million Miles Away” (Sept. 15)

Inspired by the real-life story of NASA flight engineer José Hernández, this film follows him and his devoted family of proud migrant farm workers on a decades-long journey, from a rural village in Michoacán, Mexico, to the fields of the San Joaquin Valley, to more than 200 miles above the Earth in the International Space Station.

“Written in the Stars” - Season 1 (Sept. 15)

In this astrological dating show, each of the debut season's 12 episodes introduces a single person who represents one of the zodiac signs. “Wilderness” - Season 1 (Sept. 15)

Based on B.E. Jones' novel of the same name, this U.K. thriller follows British couple Liv (Jenna Coleman) and Will (Oliver Jackson-Cohen), who seem to have it all: a rock-solid marriage; a glamorous new life in New York thousands of miles from their provincial hometown; and still young enough to feel that their whole lives are ahead of them. Until, that is, Liv learns about Will's affair.

"SUCCESION: THE COMPLETE FOURTH AND FINAL SEASON"

Creator and executive producer Jesse Armstrong's HBO series goes out in a very big way, and though plot twists can be anticipated, one in particular is of the enormous kind that had many people talking for

days after its original debut. Members of the Roy family continue to take diverse views and actions regarding the future of their media empire, with patriarch Logan (Brian Cox) ultimately having to reconsider his plans as other relatives also deal with respective personal crises. For its concluding round, the series currently leads Primetime Emmy Award nominations with a total of 27 bids; prominent cast members also include Jeremy Strong, Kieran Culkin, Sarah Snook, Alan Ruck, Nicholas Braun and Peter Friedman. A complete-series set also is available. *** (Not rated: AS, P)

"AIR"

Directed by Ben Affleck – who's also among the stars here – this drama, which Amazon sent to theaters though it originally was intended to go directly to the Prime Video service, traces the background of Nike's origination of the Air Jordan basketball shoe line. Affleck, his longtime pal and collaborator Matt Damon and Jason Bateman play Nike executives who initially don't think they have a chance of landing Michael Jordan (portrayed by Damian Young) as their new spokesperson. They later find that's not the case, but they face strong competition from rival Adidas in enlisting Jordan, which will be quite an expensive proposition for the company that wins the sports icon's services. Marlon Wayans, Chris Messina, Viola Davis, Chris Tucker and Jay Mohr also appear. *** (R: P) (Also on Blu-ray)

"THE WALKING DEAD: DEAD CITY – SEASON ONE"

AMC's popular horror-drama franchise ex-

panded again with this first direct sequel to the original "The Walking Dead" series, spinning off the characters Maggie and Negan – still played by Lauren Cohan and Jeffrey Dean Morgan – as uneasy traveling companions who enter a nightmarish Manhattan, post-apocalypse. Their immediate mission is to find Maggie's abducted son Hershel (played here by Logan Kim), but they end up caught in another battle between opposing factions ... and Negan is in the crosshairs of one particular pursuer (Gaius Charles). Zeljko Ivanek (as the sinister Croat, one of the former Saviors of the first series) and Jonathan Higginbotham also are among stars of the show, which has gotten a second-season renewal. *** (Not rated: AS, P, GV) (Also on Blu-ray)

television when he did much to make disaster movies one of the most popular genres of the 1970s and 1980s, and several of his projects in that vein are combined in this Blu-ray set. Included are the theatrical features "Beyond the Poseidon Adventure" (starring Michael Caine, Sally Field and Karl Malden) and "When Time Ran Out ..." (with Paul Newman and William Hold-

en, reteamed from Allen's "The Towering Inferno," plus Jacqueline Bisset), as well as several TV features pretty much described by their titles: "Cave-In!," "Fire!," "Flood!," "Hanging by a Thread" and "The Night the Bridge Fell Down." Among performers in the latter quintet are several alums of Allen's "The Poseidon Adventure" – Ernest Borgnine, Roddy McDowall, Carol Lynley and Leslie Nielsen – and Barbara Hershey, Patty Duke, James MacArthur and Eve Plumb ("The Brady Bunch"). *** (PG: AS, P, V)

"COBRA KAI: SEASON 5"

The series that continues events and characters from the "Karate Kid" movies brings things full-circle for Daniel LaRussa (played by Ralph Macchio) in this round, since Terry Silver (Thomas Ian Griffith) is determined to make the "no mercy" brand of martial-arts combat the only game in town. As always, Daniel favors a more generous approach, but those he can call upon to back him are getting fewer and more far-between ... so he reaches out to a source that's at once surprising and sensible. William Zabka and Martin Kove also reprise their original roles from the franchise, with Courtney Henggeler, Tanner Buchanan, Mary Mouser, Jacob Bertrand and Peyton List continuing as co-stars. DVD extras: deleted and extended scenes; outtakes. *** (Not rated: AS, V)
