Pamela Brown

OF THE BULLETIN WITH PAMELA BROWN ON CNN

Q: With all the changes to the CNN lineup lately, it's good to see Pamela Brown get a new show of her own. I thought I read that she is related to someone famous. Is that true?

A: It is, and on two counts, given who her parents were. Her mother, Phyllis George – a former Miss America – is widely remembered as a trailblazer among national television sportscasters, and she gave birth to Pamela in 1983 while serving as one of the regulars on the CBS pregame show "The NFL Today."

Brown's father, John Y. Brown Jr., was the governor of Kentucky from 1979 to 1983 ... and he also was a pro-basketball-team owner and an owner of Kentucky Fried Chicken who bought the latter company from Colonel Harland Sanders.

Brown now has a weekday-afternoon program on CNN, "The Bulletin With Pamela Brown," the latest step in her career with the cable news network where she began working in 2013. Before that, she had been an anchor-reporter at WJLA-TV in Washington, D.C.

During her CNN tenure, Brown also has been a senior Washington correspondent and senior White House correspondent, plus a "CNN Newsroom" weekend anchor and a fill-in anchor on "The Situation Room With Wolf Blitzer" and "Erin Burnett OutFront"; she has been Emmy-nominated on a number of occasions. Brown recently earned a Master of Studies in Law degree from George Washington University, and she and her husband have a son and a daughter.

What's Available NOW On

“Pupstruction” - Season 1, New Episodes
This imaginative and vibrant new animated series follows the adventures of the Pupstruction team — a hard-working construction crew that includes Phinny, the crew leader, an innovative young corgi; Luna, a comically spontaneous sheepdog; Roxy, a can-do rottweiler; and Tank, a lovable, snack-obsessed mastiff. Although Phinny might be the smallest pup on the crew, he proves that you don't need big paws to have big ideas.

“To Catch a Smuggler” - Season 5
Millions enter the US through airports each year, and hid amongst them are a stream of contraband. DHS will stop at nothing to catch these smugglers. This series takes a behind-the-scenes look at the work of U.S. Customs and Border Protection, who protect the country from criminals.

“Marvel Studios Legends” - Season 2, New Episodes (Sept. 29)
This series showcases individual characters from the MCU, whom viewers have come to know and love over the years and revisit some of their most iconic moments. In the 2 newest installments from Season 2, “Variants” and “TVA,” the series digs into the mysteries and intricacies of the world of “Loki” in anticipation of the series' second season (set to premiere Oct. 6).

“Disney's Launchpad” - Season 2 (Sept. 29)
“Disney's Launchpad” program selects filmmakers from underrepresented backgrounds and gives them the opportunity to share their stories and visions. Tom Hiddleston in "Loki"

"LOKI: THE COMPLETE FIRST SEASON"

With the Marvel Studios adventure-fantasy series' second season soon to begin streaming on Disney+, its six-episode first round – picking up on plot threads from the movie "Avengers: Endgame" – makes

its debut on home video. Tom Hiddleston reprises his role from the "Thor" movies as the Norse god's adopted brother, a mischievous troublemaker who's given the chance to help repair the time-and-space continuum, rather than his ceasing to exist at all. He ends up pursuing Sylvie (Sophia Di Martino), a female variation of himself. Owen Wilson also stars as a Time Variance Authority agent who is involved in Loki's case, with Gugu Mbatha-Raw, Sasha Lane, Richard E. Grant and Jonathan Majors also featured. The show is adding recent Oscar winner Ke Huy Quan ("Everything Everywhere All at Once") to its cast for its sophomore season. DVD extras: three "making-of" documentaries; deleted scenes; outtakes. ★★★ (Not rated: AS, V) (Also on Blu-ray, Blu-ray Steelbook and 4K Ultra HD)

"STAR TREK: PRODIGY – SEASON 1, EPISODES 11-20"

Another animated spinoff of the classic sci-fi show, this series met a surprisingly early end for an entry from the franchise, since Paramount+ and Nickelodeon canceled it after just this first season. However, a second year that already was well into production reportedly is being shopped elsewhere. The saga brings back Kate Mulgrew to voice a hologram version of her "Star Trek: Voyager" character Capt. Kathryn Janeway, but the show centers around her new trainees, six young aliens who learn about working together (and the workings of Starfleet) while traveling aboard an abandoned ship. The voice cast also includes Brett Gray, Jason Mantzoukas, Ella Purnell and – as the tyrannical Diviner and his enforcer Drednok – John

Noble ("Fringe") and Jimmi Simpson ("Westworld"). ★★★ (Not rated: V) (Also on Blu-ray)

"INTERVIEW WITH THE VAMPIRE: SEASON 1"

Anne Rice's effectively eerie best seller – also the source of a 1994 movie – fuels this series adaptation originally shown by AMC, with Jacob Anderson as Louis de Pointe du Lac, the title vampire who recounts his life (and afterlife) to a journalist (Eric Bogosian). He recalls how he became immortal through his association with Lestat de Lioncourt (Sam Reid) in early-20th-century New Orleans, and how the relationship between them became complicated by the presence of another of Lestat's disciples, teen Claudia (Bailey Bass). Rae Dawn Chong and John DiMaggio (the voice of Bender on "Futurama") also appear in the project, which is notably rich

cally finds himself in the thick of action in the next-to-last season of the Prime Video adventure-drama. The eight episodes set Ryan on the trail of a Soviet nuclear weapon that was deactivated decades ago, but evidently has been put back into potential use ... with Ryan also fleeing from authorities as a murder suspect while trying to prevent an international showdown involving NATO and a potential battle between naval vessels. Wendell Pierce continues as Ryan's supervisor James Greer, with Michael Kelly ("House of Cards") as Venezuela-based CIA superior Mike November; Betty Gabriel also appears. This series released its fourth and final season via its original streaming outlet recently. ★★★ (Not rated: AS, P, V) (Also on Blu-ray)

"ELEMENTAL"

The elements of fire, water, earth and air yield the theme and principal characters of this animated Disney-Pixar feature, with characters representing different parts of the atmosphere influencing one another as they coexist in the so-called Element City. Leah Lewis ("Nancy Drew") voices the appropriately named Ember, who has a connection with the relatively easy-going Wade (voice of Mamoudou Athie) that awakens each of them to aspects they hadn't considered about their respective existences before. Wendi McLendon-Covey ("The Goldbergs") and Catherine O'Hara ("Schitt's Creek") also are heard as characters respectively named, in keeping with the picture's theme, Gale and Brook; the music score is by Thomas Newman ("Skyfall"). DVD extras: "making-of" documentaries; audio commentary by filmmakers; deleted scenes. ★★★ (PG: AS) (Also on Blu-ray, 4K Ultra HD, Digital and On
