Olivia Rodrigo

OF BIZAARDVARK ON DISNEY

Tours of the state of the state

A: As many young fans can confirm, she was a Disney personality before becoming a music superstar who went into this year's Grammy Awards with six nominations, tying with Taylor Swift (among others). One of Rodrigo's first performing credits was a jeans commercial, then she had the title role in the direct-to-video 2015 movie "An American Girl: Grace Stirs Up Success." In 2016, she was hired to play Paige — a guitarist, thus letting Rodrigo display her musical inclinations — on the Disney Channel series "Bizaardvark," and she was homeschooled during the three seasons she was on that show. She then moved on to the Disney+ program "High School Musical: The Musical: The Series," which again enabled her to show her music talents during the three seasons she was on it.

Then in 2022, Rodrigo decided to turn her focus principally to her musical career, which had started to pay off with her Grammy win for best new artist at the 2022 ceremony (one of seven categories in which she was nominated, also encompassing victories for best pop vocal album for "Sour" and best pop solo performance for "Drivers License"). Her Grammy bids this year were linked to her second studio album, "Guts."

SPACE RACE

"The Space Race" (Feb. 13)

In an exciting journey, this documentary explores the stories of the first black Black astronauts — including Guion Bluford, Ed Dwight and Charles Bolden, among many others — as these pioneering Black pilots, scientists and engineers joined NASA to serve their country

in space, even as their country failed to achieve equality for them back on Earth. Spanning decades, the film weaves a tale of world events colliding with the aspirations of these extraordinary individuals.

"Joan Baez: I Am A Noise" (Feb. 15) Facing the end of a 60 year musical career, legendary singer and activist Joan Baez takes an honest look back and a deep look inward as she tries to make sense of her large, history making life. In this documentary, she reveals, for the first time, personal struggles she's kept

private until now.

"Next Goal Wins" (Feb. 15)

Directed by Academy Award Winner Taika Waititi and based on a true story, this film follows the American Samoa soccer team, infamous for their brutal 31-0 FIFA loss in 2001. With the World Cup Qualifiers approaching, the team hires down-on-his-luck, maverick

coach Thomas Rongen (Michael Fassbender) hoping he will turn the world's worst soccer team around in this heartfelt underdog comedy.

town in Season 1, she is who she is now and who she

wants to become. The first season ended with Beth entering a relationship with John (Michael Cera), a local farmer, quitting her job and taking the first steps to rebuilding her relationship with her sister, Ann (Susannah Flood). Now, her story continues.

"THE MARVELS"

Brie Larson is back as Captain Marvel, but she's not the only superheroine on hand in this recent entry in the Marvel Cinematic Universe. Teyonnah Parris appears as Captain Monica Rambeau, and Iman Vellani portrays Kamala Khan ... and the three of them unite to battle evil, which is much to their advantage as they find themselves literally trading places with one another whenever they use their powers simultaneously. It's also a big benefit as they try to quash a civil war that has erupted within the Kree dynasty, leaving its home planet devoid of such essentials as air and water. Samuel L. Jackson (as Nick Fury, of course), Tessa Thompson, Hailee Steinfeld and Lashana Lynch are among other performers who also reprise their roles from earlier Marvel movies; Zawe Ashton and Gary Lewis are featured as well. DVD extras: audio commentary by co-writer and director Nia DaCosta and visual effects supervisor Tara DeMarco; two "making-of" documentaries; deleted scenes; outtakes. *** (PG-13: P, V) (Also on Blu-ray, 4K Ultra HD, Digital and On Demand)

(played by Tom Blyth), the character who (as portraved in the earlier movies by Donald Sutherland) would become the tyrant heading the country named Panem – where the titular Hunger Games already exist in this tale. In fact, it's the 10th anniversary of the dangerous competition, and the young Coriolanus has plans for it that don't please its creator, Casca Highbottom (multiple "Game of Thrones" Primetime Emmy winner Peter Dinklage) ... creating another rivalry outside the Games themselves, which hold major peril for the participants. Rachel Zegler ("West Side Story"), Viola Davis, Jason Schwartzman, Hunter Schafer and Fionnula Flanagan also are featured. *** (PG-13: AS, P, V) (Also on Blu-ray, 4K Ultra HD, Digital and On Demand)
