Welcome

If you are planning your first visit to Pagosa Country, rest assured you will enjoy an incredible environment — one full of outdoor recreational opportunities the likes of which are rarely duplicated; one where our unique amenities in this paradise of geothermal waters, flowing mountain streams and alpine delights will satisfy your every need.

If you are returning to Pagosa Country, everything you enjoyed during previous visits remains, and there is even more to sample when you arrive.

In all cases, this will not be your last trip here.

If you are considering a visit, read this guide and get an idea of what awaits when you decide to travel here. You will not be disappointed when you do. You will find yourself in one of the most beautiful places imaginable.

When you are in Pagosa Country, you are in magnificent surroundings. Your task is to determine what you will do once you are here.

Pagosans are eager to help you. The friendly residents of Pagosa Country are ready to help you find great accommodations and, once you are settled in, to provide whatever you need.

We are ready to give you tips on the myriad opportunities for outdoor recreation. If there is anything Pagosa Country provides, it is access to fun in the high country during the summer season. Fishing, hiking, boating, rafting, floating, biking — it's all here, in spades. And our local businesses can outfit you for any and all of these pursuits. Don't miss the chance to indulge your passion for outdoor recreation; you are at the heart of it all. Of the best of it all.

We're here to feed you, and feed you well. It doesn't matter where your tastes lead you, chances are you can find the food and drink you desire. Our local establishments give the discerning diner a full range of cuisines and prices.

We're here to entertain you. We boast one of the Southwest's premier theater companies and a number of art galleries.

Indulge the pleasure of soaking in our geothermally heated waters. The giant spring in town issues forth from a mighty aquifer, providing Pagosa Country with some of the most relaxing and restorative waters anywhere in the world.

Finally, shop for the mementoes that will remind you of your visit. Pagosa's shopkeepers can provide you with whatever you need that will remind you that you will return.

Welcome to Pagosa Country.

448 Pagosa Street • Smack dab in the middle of Historic Downtown Pagosa Springs, at the crosswalk!

Where is Pagosa Springs?

Pagosa Springs sits at 7,079 feet in southwest Colorado at the base of the Continental Divide. Featuring rushing rivers and streams, lakes galore, hiking and biking trails, spectacular fall colors, ancient ruins, deep powder in the winter at nearby Wolf Creek Ski Area, incredible hunting, amazing wildlife, clean air and 3 million acres of National Forest surrounding the area, Pagosa Springs offers plenty of opportunities for our valued visitors, any time of year.

Who can I contact for info?

The Pagosa Springs Area Tourism website at www.visitpagosasprings.com will link you to the Visitor Center, or call their vacation line at (866) 438-4917. Visitor information can also be found at www.ExplorePagosa.com and www.PagosaSUN.com.

Keep up on the news and events with The Pagosa Springs SUN, the community's weekly newspaper, with daily updates online at www.PagosaSUN.com.

What is it like at that altitude?

Regardless of physical fitness, acute mountain sickness can strike anyone not acclimated to Pagosa's 7,000-foot elevation. To guard against altitude sickness:

- Drink three to four quarts of water per day.
- Avoid overexertion, while keeping caffeine and alcohol intake moderate for the first few days.
- Seek medical attention if persistent headache, fatigue, poor coordination or shortness of breath occur.

What is the weather like?

Archuleta County is located in the "Colorado Sunbelt," just north of the New Mexico border and along the Western slope of the Continental Divide. This combination of high desert plateau and dramatic Rocky Mountains to the north and east creates an unusually mild climate compared with much of the surrounding Southwest. We are favored with some 300 days of sun each year, as well as four distinct seasons. With low wind and warm sunshine, residents can enjoy a variety of year-round recreational activities.

Average temperatures and precipitation:

Average Days of Sunshine: 300 per year
 Annual Precipitation: 20.21 inches/year
 Annual Snowfall: 101.4 inches/year

Month	High	Low	Precipitation	Month	High	Low	Precipitation
Jan.	37.9°F	1.4°F	1.97"	Jul.	83.1°F	45.2°F	1.88"
Feb.	42.6°F	7.0°F	1.42"	Aug.	80.7°F	44.6°F	2.52"
Mar.	49.2°F	15.9°F	1.60"	Sep.	74.3°F	36.6°F	1.85"
Apr.	59.2°F	23.9°F	1.36"	Oct.	63.7°F	26.3°F	2.29"
May	68.3°F	30.2°F	1.20"	Nov.	49.7°F	15.4°F	1.39"
Jun.	78.3°F	36.3°F	.95"	Dec.	39.6°F	5.0°F	1.78"

Is there a medical facility?

Pagosa Springs Medical Center includes a critical access hospital located at 95 S. Pagosa Blvd. The emergency room is open 24 hours a day, 7 days a week. Phone (970) 731-3700. Dial 911 for emergency services.

There are multiple primary care clinics in the community offering a variety of services.

Important phone numbers:

Getting Here From There

MICHAEL PIERCE PHOTOGRAPHY

Stevens Field Airport

Archuleta County's Stevens Field, located just 3 miles west of downtown Pagosa Springs, is one of the most scenic airports around.

In addition to beauty, the airport boasts a fully lit asphalt runway that is 100 feet wide and 8,100 feet long. That runway has aircraft weight capacities of 70,000 pounds for dual-wheel gear and 59,000 pounds for single-wheel gear. Flight safety at the high-altitude, general aviation airport is reinforced with a Precision Approach Path Indicator system.

The airport has seen a great deal of improvement over the years. In 2006, workers widened and resurfaced Runway 10/19 and built a new fixed-base operations building at midfield to provide fuel and services to local and visiting aircraft. In 2008, a new 3,000-foot parallel taxiway was constructed. In 2013, Archuleta County acquired additional snow removal equipment solely to be used at the airport. Alongside the other improvements, new hangars have appeared, an Automated Weather Observation System (AWOS) has been installed, and the airport identifier became KPSO.

In keeping with its commitment to Archuleta County and Stevens Field, the Federal Aviation Administration also completed and published a GPS instrument approach for pilot use during nighttime and low-visibility landings.

In 2015, nearly \$6 million was spent to extend the parallel taxiway and complete

other associated projects, further increasing the efficiency of aircraft movement and safety.

Those improvements have not only increased safety, but have also helped solidify the airport's status as an economic driver for the community. According to an economic impact study completed by the airport's advisory committee, for every dollar Archuleta County invests in the airport, the county receives a return of \$10.86. The 2020 Colorado Aviation Economic Impact Study also touted the economic impact of local airports like Stevens Field.

For more information on the airport, visit www.archuletacounty.org/45/Airport. For specific airport management questions or concerns, call the airport manager at (970) 731-3060.

The AWOS system is available on frequency 127.175 or by phone at (970) 731-0365.

And once you've landed, Pagosa Springs has car rental agencies and transportation companies to help you get around.

Fixed-Base Operator

For aviation services or to visit Avjet Corporation, the fixed-base operator, travel 3 miles west of town, then approximately 1 mile northwest on Piedra Road (CR 600). Turn right (northeast) on Cloman Boulevard and proceed to 61 Aviation Court.

The FBO offers a number of amenities, including restrooms, telephone, shower fa-

cilities, a flight planning room, pilot snooze room, Internet, vending machines, concierge and catering services, coffee, a lounge area, heated hangar and more. Avjet also provides fuel, Avgas and Jet-A rated fuel.

For more information about these and other airport services, call Avjet at (970) 731-2127.

La Plata County Airport

The Durango-La Plata County Airport offers daily service with American Airlines and United Airlines. The airport offers a full range of services within the terminal to make your visit comfortable. The airport has short- and long-term parking, full rental car services and shuttle/taxis.

The airport is located 60 miles from Pagosa Springs at the intersection of Airport Road and County Road 309A, approximately 1 mile from County Road 309.

For more information about flights and ancillary services, visit www.flydurango.com.

BETH TOLLEFSEN

Pagosa Springs

When John Denver sang “thank God I’m a country boy,” it’s hard to imagine he was talking about what you’ll find along the I-70 corridor today, but get away from the hustle and bustle and noise surrounding the bigger metropolitan centers, come down to the Four Corners area of southwestern Colorado, and you’ll find the kind of small-town charm people still sing about.

There’s plenty to fall in love with: warm sunshine, pristine rivers, abundant wildlife, stately stands of pine and aspen groves, verdant valleys and breathtaking vistas. It’s impossible to describe what it feels like to be sitting around a campfire at night, to look up through the pines at a clear night sky so full of stars it makes your heart race. It’s just something you need to experience for yourself.

Pagosa Springs still represents the idyllic vision of what Colorado was always meant to be. While many resort towns have become so overrun by the glitz, glamour and flash of Hollywood that real people can’t afford to go there anymore, Pagosa Country has retained its Old West charm while still offering the amenities of the 21st century.

So small but so much!

With an excellent public library, art galleries, churches, specialty shops and a movie theater, Pagosa Springs provides more than enough to inspire the mind and spirit, while

offering everything to either heal or exercise the body.

If you need directions or information for any of these (or other) amenities, stop by the Pagosa Springs Visitor Center, which offers a wealth of information on everything from Wolf Creek Ski Area to Chimney Rock National Monument and beyond.

Like no other place on Earth!

Backpackers, campers, hikers, mountain bikers and other adventuresome souls will want to visit the U.S. Forest Service Pagosa Ranger District Office located at 2nd and Pagosa streets, just two blocks east of Hot Springs Boulevard on U.S. 160. The staff there can provide a wealth of information about hiking and biking trails, campsites, fishing spots and horseback riding, as well as various tours of the area including the ancestral Puebloan ruins at Chimney Rock National Monument.

Pagosa ROCKS!

Needless to say, there is plenty of rock climbing around Pagosa Springs, but once you rappel down, there’s plenty of music to greet you. The Four Corners Folk Festival plays out on Labor Day weekend.

Water, water everywhere ...

A short walk south from the Visitor Center will take you to “The Great Pagosah — the

Deepest Hot Spring in the World.”

If you’re a swimmer, the Healing Waters Resort and Spa at the corner of San Juan Street and Hot Springs Boulevard offers an outdoor pool and indoor mineral baths. The Springs Resort and Spa also offers an outdoor pool and outdoor geothermal hot tubs located next to the river. The Overlook Spa on Pagosa Street offers an opulent Victorian experience for soaking.

Nevertheless, and nearer still, Pagosa Springs provides ample opportunity to splash and smile. Late summer finds bathers and tubers alike taking to the river, to enjoy a tame — and refreshing — float down the San Juan River.

Fall in love

Windsurfing? Navajo Lake awaits you. Ballooning? Golf? Tennis? It’s all here, under the clearest blue sky you’ve ever seen.

For the earliest native inhabitants of the area, Pagosa was considered a land of healing waters. For today’s vacationers, Pagosa is a land of invigorating experiences.

If this is your first time to Pagosa Country, make yourself at home in the midst of the most beautiful scenery and friendliest people in Colorado.

If you’ve been here before, welcome back. If you’ve never been here, come find out why so many have said, “The first time I came here, I fell in love with the place.”

Arboles & Navajo Lake

Pagosa Country is the place for fans of water fun. Navajo Lake is a summer recreation paradise for boating, camping, fishing, hiking, water skiing and wind surfing. The lake is less than an hour's drive from Pagosa Springs and extends 20 miles into New Mexico, with 15,000 surface acres of water.

Fed by the Piedra, San Juan and Pine rivers, Navajo Lake is a wonderful getaway for locals and visitors alike. Getting there is easy, via a relatively short and scenic drive through tall ponderosas and pinon pine country. From Pagosa Springs, travel west on U.S. 160 approximately 17 miles, until you see the spires of Chimney Rock, the site of ancestral Puebloan ruins, and turn south on Colo. 151. From that point on, enjoy the scenery as the 20-minute trip winds through the lower Piedra River Valley to the friendly town of Arboles and on to Navajo State Park. When you reach Arboles, turn left (southeast) on County Road 982, and it's a quick two miles to the park's Visitor Center.

Navajo Lake Marina has almost everything for boating and water skiing enthusiasts. The marina has boat slips and mooring buoys for rent as well as a restroom on the dock. A 200-foot breakwater protects one of the longest boat ramps in the state. Boat rentals are also available. For information and reservations, contact the marina at (970) 883-BOAT (2628).

While campsite reservations are not

required, campgrounds can fill up during busy summer weekends and holidays, so a reservation is never a bad idea. Campground reservations can be made no more than six months in advance on the Colorado Parks and Wildlife website at cpw.state.co.us or by calling (800) 678-2267 toll-free.

A valid Colorado State Parks Pass is required for all motor vehicles entering the park and for travel in all park grounds surrounding Navajo Lake. Daily permits cost \$10 per vehicle. An annual pass is \$80 and Colorado seniors 64 and older can purchase an Aspen Leaf annual pass for \$70. A transferable hangtag annual pass is available for \$120. Annual passes are good for all 41 Colorado State Parks.

Residents of Colorado are eligible to obtain a Keep Colorado Wild pass for \$29 on vehicle registrations, which allows access to all of Colorado State Parks. The cost is almost a 60 percent savings off the annual parks pass. It supports state parks, backcountry search and rescue, avalanche safety programs and wildlife conservation.

Whether you're camping, boating, fishing or just spending a sunny day by the water, be sure to visit the "Watchable Wildlife" observation deck, located where Colo. 151 crosses the Piedra River. From the deck, visitors may see mule deer, elk, foxes, coyotes, bears, rare river otters, bald eagles, waterfowl and migratory birds.

The lake itself contains a variety of cold- and warm-water game fish. Prized brown trout, rainbow trout and crappie thrive in the cold waters. Navajo has also become well known to bass fishermen throughout the southwest, since its warm surface waters harbor largemouth and smallmouth bass. Bluegill and catfish are also plentiful.

Trotlines are allowed at the lake, but they must conform to Colorado fishing regulations.

The northern part of Navajo Lake lies in Colorado where valid Colorado fishing licenses are required for anglers. Colorado licenses are available at the Visitor Center. If anglers cross south into New Mexico, they need to have a valid New Mexico state fishing license, which can also be purchased at the Visitor Center. Anglers without a boat can access excellent fishing spots on the rivers feeding the lake. Ample parking is located within walking distance of many fishing spots. A fully accessible fishing area is located on the Piedra River just west of Colo. 151.

As a gateway to one of southwest Colorado's finest recreational waters, Arboles has a gas station, cafe, convenience store, motel and post office in addition to boat storage and RV parks.

For additional information and updates, call the Navajo State Park office at (970) 883-2208 or visit cpw.state.co.us.

Marijuana laws: remain responsible and legal

Marijuana — both for medicinal and recreational purposes — is legal in Colorado. But, while it may be legal, there are a few things you should know if you plan on partaking to remain responsible and legal.

First, there are differences in the laws regarding medicinal and recreational marijuana. To obtain marijuana for medicinal purposes, you must be a Colorado resident with a state medical marijuana card, which can only be obtained with recommendation from a doctor. With that card, medicinal users can obtain marijuana from a licensed center, primary caregiver or can grow a limited amount themselves. For more information about medicinal marijuana, visit www.colorado.gov/enforcement/marijuanaenforcement.

To buy or possess retail marijuana for recreational purposes, you must be 21 or older. It's illegal to give or sell retail marijuana to minors.

Retail marijuana can be purchased at licensed retail stores. There are multiple licensed retail stores within the Pagosa Springs and Archuleta County area.

Adults 21 and older can purchase and possess up to 2 ounces of marijuana at a time in the state of Colorado. Having more can

result in legal charges and fines.

Marijuana, however, cannot be consumed publicly, on public land (including, but not limited to, town parks, the national forest and Wolf Creek Ski Area), or be accessible to the public. It also cannot be consumed in any indoor, but public, areas like restaurants, bars or common areas in buildings.

Private lodging facilities can choose whether or not to allow marijuana in the establishment. To determine if consumption is allowed in any lodging establishment or not, check with the company's staff.

Marijuana is permissible in cars, but cannot be in an open container or cross state lines. It is illegal to consume marijuana in vehicles or to drive while under the influence of marijuana.

Possession and consumption rules are the same no matter the form (edible or to be smoked), and violators are subject to prosecution, with penalties ranging from fines to possible jail or prison sentences. It should also be noted that marijuana, of all kinds, remains illegal at the federal level.

Too, any partaking should be done carefully and responsibly. For more information and the most up-to-date regulations, visit www.colorado.gov/marijuana.

DIANE BIGLEY

Chromo

Part-time residents and fifth-generation natives. Mountain peaks and foothills. Cattle ranches and chicken farms. Majestic elk country and cougar territory.

Pagosa Country is a land of variety and contrasts — geographic and cultural.

And the little town of Chromo is a microcosm of the binary observances this land holds.

Chromo is not a far drive from Pagosa Springs; just take U.S. 84 south for 24 miles. And the drive, though short, is full of fun destinations and picturesque viewpoints.

About three miles south of town, you'll see Echo Lake on your right-hand side. Drive only a couple of miles more, and look to your right. There will be a large sign for the Rocky Mountain Wildlife Park, home to an array of live animals typical of local wildlife, including black bears, a grizzly bear, mountain lions, wolves, coyote, foxes, bobcats and elk. Don't be scared; pull over and take the time to gander at the wondrous creatures that call Pagosa

Country home.

After leaving the wildlife park, if you continue south, you will pass the entrances to several side roads — many of them dead end, but all offer an opportunity for more spectacular Pagosa Country mountain vistas.

The turnoff for Forest Service Road 656 leading to the Upper Blanco River Basin is about 7 miles south of town, and about 10 miles south of town is Forest Service Road 652A leading to the Lower Blanco River Basin.

If you continue south along U.S. 84, you'll enjoy the winding drive through Halfway Canyon and on to wide-open Coyote Park. Much of this portion of the road retraces the pioneer stagecoach route into town. If you look closely, you'll see the bed of a narrow gauge railroad track long since abandoned.

You could turn right at Coyote Park onto County Road 359. This will take you to the historic rail hub of Edith. If you continue on, you'll make it to Lumberton in New Mexico, the old stagecoach destination.

After leaving Coyote Park, you cross a small mountain range. At the top of the range is another dead-end road leading east to Buckles and Harris lakes. Finally, after driving past some awesome green horse pastures, you cross the Navajo River and find yourself in Chromo.

While in Chromo, drive a few miles up County Road 382 for a close look at Navajo Peaks, one of the most highly acclaimed camera points in Archuleta County.

Chromo is one of the best places in Pagosa Country for gaining access to the South San Juan Wilderness Area. During spring and fall, when elk and deer are migrating to and from the high country, a number of migration routes cross the road. Stay alert for elk or deer on the road, but also keep an eye out to the side to catch a majestic sight of the elk or deer running with their herd. If you get a chance while in Pagosa Country, visit Chromo.

Allow plenty of time, because there is plenty to see.

Regional Excursions

YVONNE LASHMETT

Pagosa Country is perfectly located in the midst of some of the most interesting attractions and spectacular scenery in the world, and being here reminds a person what it means to live in the land of the free and the home of the brave.

Sometimes the call of the open road becomes irresistible, and when the urge hits, a little road trip is just the ticket.

Driving south

Heading south from Pagosa on U.S. 84, your trip offers a wide variety of areas to explore through the mesa country of northern New Mexico.

Just about an hour away, one can explore the Cumbres Pass area by car or rail.

The car-bound can explore the rich history in Dulce, the center of the Jicarilla Apache Indian Tribe. Be sure to go for the mid-July Little Beaver Pow-Wow and Carnival celebration.

Traveling south on U.S. 84 to Taos (and Taos Pueblo) is a longer, beautiful drive across the scenic Brazos Mountains from Tierra Amarilla (home of Tierra Wools), arriving at a town of artistic notoriety. Likewise, Santa Fe is a three-hour drive south on U.S. 84, offering not only Native American arts and crafts sold near the Governor's Palace, but also numerous art galleries lining a plaza that includes historic churches and places of interest.

Also on U.S. 84 is the quaint and gorgeous town of Abiquiu, which inspired the painter Georgia O'Keefe. For those interested in exploring the spiritual roots of the area, a quick turn on Forest Service Road 151 not only offers views of the Chama Canyon, but will dead end at the Benedictine Monastery of Christ in the Desert. Built by famed Japanese architect George Nakashima, the chapel and original monastery show the simple elegance of southwest architecture. Since Benedictines have taken a vow of hospitality, they will be sure to welcome you with arms wide open. Make sure, though, to ring the bell loud!

Driving west

A short drive west of town leads to the Chimney Rock National Monument, which provides an introduction to the Ancestral Puebloan Indians who settled here over 1,000 years ago. This is a perfect complement to a day trip to Mesa Verde.

Continue south and east on Colo. 151 from Chimney Rock and you will pass through Arboles and Allison and make your way to Ignacio — the home of the Southern Ute Tribe. After checking out the casino, visit the spectacular Southern Ute Cultural Center and Museum for a look into the history of one of the most storied tribes of the Southwest.

Mesa Verde National Park, our nation's third most visited national park, offers a look back in time at the lives of the Ancestral Pueblo people who mysteriously disappeared from their spectacular cliff dwellings over 1,000 years ago. The Canyon of the Ancients National Monument is located northwest of Cortez and includes several smaller ruin sites for a quieter and more private experience. South of Durango, across the New Mexico state line, is the Aztec Ruins National Monument.

Traveling further west beyond Mesa Verde on U.S. 160 is the Four Corners Monument at the junction of Colorado, New Mexico,

Arizona and Utah.

Closer to Pagosa is Navajo State Park, just 30 miles from Pagosa on Colo. 151, offering camping, water skiing, sailing, fishing, boating and pretty much everything else.

For a more metropolitan experience, Durango is an hour west of Pagosa Springs on U.S. 160 with Fort Lewis College on site and a vibrant historical downtown area.

Driving north

Directly north of Pagosa Country lies a vast roadless area known as the Weminuche Wilderness, so pretty much anything accessed from the north first requires a drive to the east or west.

From the east (up U.S. 160 to Lake City), a drive up the Alpine Loop Scenic Byway, a 65-mile, four-wheel-drive road over Engineer Pass toward Silverton and Ouray makes for a spectacular — and breathtaking — day trip. To the west, a trip up U.S. 550 from Durango to Silverton, and then on to Ouray (the Switzerland of America), is substantially less taxing on the rear axle.

Driving east

Almost no one visiting the area misses an opportunity to drive over Wolf Creek Pass. Aside from the opportunity to hike up Treasure Falls, view the Pagosa basin from the overlook, or the short drive up Lobo Overlook on the north side for access to the Continental Divide National Scenic Trail, travelers are provided with some of the most breathtaking miles of road offered anywhere in the world. A swing by Big Meadow Reservoir, a few miles from the summit and on the north side of the highway, is well worth the diversion.

On the other side of the pass, South Fork offers the option of driving north on Colo. 149 on the Silver Thread Scenic Byway toward Lake City, or continuing east on U.S. 160 toward the Great Sand Dunes National Park.

If choosing Colo. 149 to Creede, an old mining town with a deep heritage, a visitor might enjoy the Mining Museum (at the far north end of Main Street) or a performance at the renowned Creede Repertory Theatre.

North from Creede (as mentioned earlier) and over Slumgullion Pass (named for the yellowish dirt that a mudslide uncovered a thousand years ago) is Lake City. With the natural dam forming beautiful Lake San Cristobal, the highest natural lake in Colorado, Lake City also proudly features the history of Alferd Packer, the only U.S. citizen ever charged, tried and convicted for the crime of cannibalism.

Continuing east on U.S. 160 from South Fork takes visitors into the high desert (8,000 feet) and toward the Great Sand Dunes National Park, about 15 miles past Alamosa and left on Colo. 150.

At the base of the intimidating Sangre de Cristo range (four 14,000-foot peaks at Crestone, less than 20 miles northeast), the area has had millions of years collecting the sand of the San Luis Valley into dunes several hundred feet high, creating the backdrop for numerous Westerns and the awe of millions of visitors.

No matter which direction you choose, Pagosa Springs is the hub for a trip to a destination that promises to be both breathtaking and memorable, with amazing views to capture and a rich history left from those who settled in this area.

MARY ROSE

Chimney Rock National Monument

Step back in time as you walk in the footsteps of the ancestral Puebloan people at Chimney Rock National Monument (CRNM). The monument is a 4,726-acre archaeological site and preserves architecture and artifacts used by the ancestral Puebloan people approximately 1,000 years ago, from about 900 A.D. to 1150 A.D. The ancestral Puebloans were an ancient culture that inhabited and traveled across areas of New Mexico, Arizona, Utah and Colorado, and Chimney Rock is the northeastern gateway to their past world.

Ancestral Puebloan farmers lived in villages and on dispersed homesteads. An impressive testament to this life and community is the Great House Pueblo situated at an elevation of 7,600 feet, just below the Chimney Rock pinnacles. The Great House Pueblo is only one of 91 structures found at Chimney Rock thus far by researchers. Although Chimney Rock is an important link to an ancient culture, several Native American groups, notably the Puebloan tribes, still have a special spiritual and traditional affinity for this place.

The 2023 season at CRNM opens on May 15 and closes October 15. The monument is located 17 miles west of Pagosa Springs and three miles south on Colo. 151. The U.S. Forest Service manages the site; there is a per-vehicle daily-use fee of \$20. All park passes are honored. Chimney Rock Interpretive Association (CRIA) is a nonprofit volunteer organization that offers specialized interpretive programs at CRNM. Fees for these programs vary but most are in the \$16-20 range for adults.

The Great House guided tour is offered Tuesdays, Thursdays, and Saturdays at 10 a.m. — \$10/adults, \$5/children 5-12, children under 5 are free.

Please check the website for details and up-to-date schedules for all interpretive programs: www.chimneyrockco.org.

Full Moon program — During this program, guests will learn about ancestral Puebloan ties to astronomy, Puebloan culture and more

while watching the full moon rise from atop Chimney Rock Mesa.

Flute, Moon and Stars — Similar to the Full Moon program, but accessible to everyone in the amphitheater. Live Native American flute music and a short walk on the new Nature Trail.

Night Sky: Stars and Galaxies or Solar System — Timed for when the moon is absent from the sky so visitors can enjoy a dark environment and see fainter objects that the moon's light would normally obscure. If allowable, telescopes will provide guests with a closer look at the wonders of the night sky.

Summer Solstice and Fall Equinox Sunrise Program — Experience the sunrise from the Chacoan Great House and learn why these events were important to the ancient ones. A tour of the archaeological sites is included in this program.

Life at Chimney Rock Festival — This free festival, to be held June 3 and 4, includes interactive demonstrations of crafts and skills of the ancestral Puebloan people in addition to a Native American arts and crafts market. Entry to the monument will be free that day.

Geology Tours — This tour explores local geology and its relationship to the daily lives of the ancestral Puebloans.

Birding at Chimney Rock — This program, presented in partnership with the local chapter of the Audubon Society, is a wonderful opportunity to observe and learn about birds native to the area.

Flora at Chimney Rock — Join us for an introduction to some of the plant species that grow at Chimney Rock and their uses by ancestral Puebloan people.

Mysteries of Chimney Rock — Learn about the connection of Chimney Rock to the greater Chaco culture, the significance of the mesa-top Great House, and the day-to-day lives of its inhabitants.

Sketching at the Pinnacles — This class is part art, part reflection and part nature study. Become centered with the site and focus in on an item of nature. Sketchbooks and drawing materials provided.

RANDI PIERCE

Curtains Up Pagosa: Bringing community to the stage since 1989

“I love the experience the theater creates for a community of people.” — David Binder, author.

Since 1989, Curtains Up Pagosa (CUP) has celebrated what it means to be a community theater, bringing together folks of all ages and walks of life to entertain, learn, perform, socialize, inspire and more.

CUP, according to its mission, “believes in the power of performance, the magic of the theater, and the opportunities that await everyone who steps on our stage. The most important elements of our productions are the people: the actors, technicians, crew, and musicians — of all ages, backgrounds, and skill levels and what they create as they come together to learn, grow, and give to each other and the community. Our shows reflect their ongoing performance education, their work, compassion, and desire to have FUN!!”

And indeed, that magic, fun and diversity is what you’ll see if you attend a CUP production.

Whether it’s the February Follies talent competition or a large-scale musical that may have more than 100 people involved (including the cast, crew and pit orchestra), you’re likely to see both veteran performers and first-timers on the stage ranging in age from 10 to 80 (give or take a few years) putting on a fun, family-friendly show.

The spirit of the organization can also be found in Artistic Direc-

tor Dale Scrivener, who found CUP through friends and became the rehearsal pianist for “Nutcracker the Musical” in the fall of 2018. The rest, as they say, is history.

“I fell in love with the organization and what it stands for in the community,” he wrote. Scrivener went on to become CUP’s artistic director, as well as being no stranger to the stage.

He, along with the board of directors, is actively working to expand the organization’s offerings and make it even more of an opportunity for and asset to the community. February Follies, for example, he notes, provides opportunities for those who may not want to be in a full-length production.

CUP also works to help local students with a trio of scholarships for vocal, musical instrument and dance lessons, and gives college scholarships to high schoolers looking to pursue a career in the arts.

This summer, CUP will present “Chitty Chitty Bang Bang.”

“I am so happy to be a part of this great organization,” Scrivener states. “CUP has really become close to my heart, and I hope to keep the spirit of the organization alive and well during my time as artistic director. We strive to nurture, educate, inspire, and strengthen Pagosa’s artists through the power of the performing arts, and to entertain our community by providing a superior theatrical experience.”

Weddings, Reunions & More

Mother Nature provides her decorating expertise free of charge

From a simple, backyard affair to a lavish party for hundreds, Pagosa Springs and the surrounding area might be just what you're looking for to make your wedding or reunion something special.

Pagosa Country is a wonderful background for special events — with the majestic Pagosa Peak, sparkling mountain lakes, bubbling brooks, aspen stands, clear blue skies, colorful and dramatic sunsets, and more available throughout the area. Or, if you're more of the indoor type, a number of venues can be rented for special events and decorated to fit your style.

In addition to Mother Nature providing her decorating expertise free of charge for your event, Pagosa Springs offers the amenities to help put together all the details for your picture-perfect event.

Photographers, florists, caterers and more, all complete with Pagosa flair, are at the ready. The area also offers a variety of unique lodging options for every budget and desire. Area rental businesses can help outfit your events for sound and seating.

Marriage licenses can be obtained downtown at the Archuleta County Courthouse, located at 449 San Juan St. (on the main street in downtown Pagosa Springs).

Licenses can be secured for \$30. Both the bride and groom are required to be present with photo ID to sign the document. A marriage license may be issued and used in any county in Colorado. However, the license must be used within 35 days from the date of issue. The license is issued the day it is applied for and may be used immediately. No blood test is required in Colorado. Additional

requirements exist if either or both parties are divorced.

Additional information and license applications are available at www.archuletacounty.org/193/Marriage-Licenses. Call (970) 264-8350 with any inquiries or to make an appointment.

Pagosa Country also provides experiences. It won't be a problem keeping family and friends entertained. A plethora of memorable indoor and outdoor activities cater to every age, skill level and area of interest — shopping, hiking, biking, fishing, ATVing, swimming, golfing and more — all of which can be topped off with a soak in the area's mineral pools or a relaxing massage.

Experience
TARA MANDALA!

Tara Mandala is a Buddhist community and temple on 700-acres of beautiful land just 30-minutes from Pagosa Springs. Founded by Lama Tsultrim Allione, one of the leading lights of Buddhism in the West, we invite you to take time for a personal retreat or join us this Summer for one of our life-changing group retreats led by amazing teachers.

Offering onsite and online retreats throughout the year, visit www.Taramandala.org for more information.

JEFF LAYDON/PAGOSA PHOTOGRAPHY

Music & Theater

After a day of playing in the river, hiking a local peak, angling for that wall-worthy brown trout or stirring up some mud with the fat tires of a mountain bike, take advantage of the numerous opportunities in Pagosa for the musically minded and the theater lover.

The summer season opens up restaurant patios and beer gardens for local, regional and national talent, while area establishments host bands almost every night during the summer. Doors open wide to allow a refreshing blast of cool air for patrons and a taste of the excitement indoors for those strolling by.

More than that, area stages come alive with comedies, dramas and musicals, making Pagosa Springs a premier destination for theater.

Get your groove on

While our nationally-renowned music festivals (listed elsewhere in this guide) rightfully grab most of the glory, a quick

glance at events listed inside the front page of The PREVIEW section (published each week in The Pagosa Springs SUN newspaper) will show that the local music scene ranges from acoustic performances to Zydeco — and everything in between.

Two stepping? Techno freestyle? Reggae? Good old rock 'n' roll? Area restaurants and bars offer excitement for everyone in the late-night crowd, while early evening usually offers more low-key performances under the stars.

Pagosa Springs Center for the Arts

The Thingamajig Theatre Company in residence at the Pagosa Springs Center for the Arts (PSCA) has achieved a reputation for featuring Broadway-quality productions, earning the distinction as one of Colorado's premiere venues for professional theater.

Thingamajig Theatre Company is a 501(c)3 nonprofit organization and a con-

stituent member of the Theatre Communication Group (TCG), the national organization for Professional American Theatre.

Cofounded in 2011 by Tim and Laura Moore, the award-winning Thingamajig Theatre Company brings in professional talent from around the nation to perform in, direct and design its shows, as well as cultivating local talent.

Thingamajig is dedicated to providing educational opportunities for youth and teens in our community, including theater camps and master classes.

The summer 2023 Broadway in the Mountains season will feature the musicals "The Great American Trailer Park Musical," "Jersey Boys," "Godspell" and "Newsies JR."

For event and theater information or to purchase tickets, check out the PSCA website www.pagosacenter.org or call (970) 731-SHOW (7469).

Curtains Up Pagosa

Pagosa Springs has an outstanding and

unique community theater organization. Curtains Up Pagosa (CUP), established in 1989, typically presents two excellent productions each year. The organization is working to gradually increase the amount of shows and other events it produces.

Each production includes an auditioned volunteer cast that is accompanied by a live pit orchestra of talented local and professional musicians.

CUP will be releasing information on its upcoming summer musical to be going up around Fourth of July weekend.

The nonprofit organization puts on musicals, concerts and other events. CUP is working to expand to be able to provide more support, service and opportunity for the community.

The organization strives not only to entertain residents and visitors with the very best of community theater in Pagosa, but also to support local public schools by providing funding for arts programs. That support manifests in its stage productions, with cast members ranging in age from those young to those better classified as young at heart, and also in the scholarships CUP awards for students going on to study performing arts after high school. This support includes local student scholarships for private voice, dance and instrumental lessons.

For more information about the show and tickets, watch The PREVIEW section of The Pagosa Springs SUN newspaper.

Pagosa Springs Community Band

The Pagosa Springs Community Band formed in 2011. The band includes talented community musicians and can be seen throughout the year.

Quickly becoming tradition, the band puts on a Fourth of July concert, as well as its annual fall and spring concerts. At Christmas, the organization presents The Heralds of Christmas chamber music concerts featuring The Pagosa Brass Quintet.

The Fourth of July concert will take place at 2 p.m. on July 4 on the back lawn of The Springs Resort.

This is an outdoor concert, so bring a lawn chair or a blanket to relax on while you enjoy the performance.

LIVE PROFESSIONAL THEATRE

PAGOSACENTER.ORG

Pagosa Folk N' Bluegrass Festival

This June 9-11, the 16th annual Pagosa Folk 'N Bluegrass Festival will take place on beautiful Reservoir Hill Park in downtown Pagosa Springs.

Thousands of people of all ages will once again converge from all around the country for three days of live performances, adult and junior jam camps, and a children's program.

Performers slated for 2023 include Rob Ickes and Trey Hensley, Becky Buller, Sister Sadie, Larry Keel Experience, Leon Timbo, Sihasin, Armchair Boogie, Bonnie and Taylor Sims, FY5, Fireside Collective, Stillhouse Junkies, Henhouse Prowlers, Full Cord, Phoebe Hunt, Caleb Caudle and Stone-Hall.

The stellar music featured on the festival stages is most commonly labeled Americana, but includes a variety of influences — folk rock, bluegrass, newgrass, alt-country, rockabilly, blues and everything in between.

Rising above downtown from its prime central location, Reservoir Hill Park provides outstanding campsites, just a short walk from the main venue.

Many festival-goers take advantage of the free shuttle service up and down Reservoir Hill.

Campground jam sessions are a regular feature and a highlight for many attendees. The event includes late-night performances, music workshops, food and libations.

The large performance tent provides shelter for the stage and seating for more than 1,300 people, plus there is ample room in the meadow outside the tent to set up tarps and low chairs.

All seating is general admission, except for Festival Patron tickets, which include food and beverages and a special seating area under the tent.

The Pagosa Folk N' Bluegrass Festival is a family-friendly event, offering free admission to children 12 and under (accompanied by an adult), as well as a free children's program with arts and crafts, family entertainment, special musical performances and workshops for aspiring young musicians and their families.

Tickets and additional information are available at www.ksutpresents.org.

Four Corners Folk Festival

The 27th annual Four Corners Folk Festival will take place on beautiful Reservoir Hill in Pagosa Springs over Labor Day Weekend, Sept. 1-3, 2023.

For over 25 years, the Four Corners Folk Festival has featured three days of live performances, workshops, on-site camping, late-night jams and more. Some of the biggest names in music have appeared on the festival stage through the years, including John Hiatt, Gillian Welch, Keb' Mo', Los Lobos, Sam Bush, Tim O'Brien, Nickel Creek, Hot Rize, Billy Strings and others.

Artists for 2023 include Peter Rowan, Gangstagrass, Chatham County Line, Damn Tall Buildings, Sweet Lillies, Cruz Contreras, Chain Station, Honey Dewdrops, Birds of Play and Liver Down the River, with more to be announced.

Since our beginnings in the late 1990s, the Four Corners Folk Festival has featured a variety of musical styles, including Americana, bluegrass, newgrass, Celtic, alt-country, blues and rock, all falling under the broad umbrella of folk. As the great Louis Armstrong once said, "All music is folk music. I ain't never heard no horse sing a song."

Rising above downtown from its prime central location, Reservoir Hill Park provides outstanding campsites located in the 140-acre ponderosa pine

forest, just a short walk from the main venue. Many festival-goers choose to stay at one of Pagosa's many lodging establishments, taking advantage of the free shuttle service up and down Reservoir Hill throughout the weekend.

Campground jam sessions are a highlight for many attendees with impromptu jams springing up all day and well into the night. A secondary tent near the entrance to the festival grounds serves as the center for kids' activities in the day and late-night performances after the main stage shuts down on Friday and Saturday evenings. Other features include music workshops, bluegrass brunches, food court, and beer and wine garden.

The large performance tent provides shelter for the stage and seating for more than 1,300 people, plus there is ample room in the meadow outside the tent to set up tarps and low-back chairs.

The Four Corners Folk Festival is an extremely family-friendly event, offering free admission to children 12 and under (accompanied by an adult), as well as a free children's program with arts and crafts and workshops for aspiring young musicians and their families.

You can keep up to date with this year's festivals and purchase tickets at www.ksutpresents.org.

Celebrating America

» July 1-4

The Pagosa Springs area is one of the busiest places in the Southwest during the Fourth of July holiday and Pagosa will be in full swing this year. The following is a description of some of the traditional activities that will be taking place.

The Pagosa Springs Area Chamber of Commerce's annual Park 2 Park Artisan Market will kick into gear for a four-day show on Saturday, July 1, and will run until Tuesday, July 4. There will be over 60 vendors in multiple parks at the festival. You'll find artwork, jewelry, woodcarving, pottery, glasswork, clothing, weaving, sculptures, candles, soaps, specialty foods and much more. The location is conducive to shopping as you stroll through the parks and along the Riverwalk enjoying the crafts and tasty food items. The festival opens every day at 10 a.m. and runs until 5 p.m. except for Tuesday, July 4 when the market closes at 4 p.m. While downtown, don't miss out on the unique, local shops located in the downtown area.

The "biggest small-town parade" in the country, hosted by the Town of Pagosa Springs and Rotary, will be held July 4 beginning at 10 a.m. Everyone loves a parade and Pagosa's is one of the very best. Arrive early for a seat along the route.

While shopping, take a break on July 4 for the free concert at 2 p.m. at The Springs Resort & Spa. Enjoy live music from the comfort of Centennial Park directly across the river from The Springs Resort or from the grounds of the resort. Bring a picnic lunch or treat the family to one of the many food vendors located at the Park 2 Park Artisan Market.

The Fourth of July fireworks will be held Tuesday night, July 4. The fireworks festivities will take place on the fields adjacent to Pagosa Springs High School, on South 8th Street in the downtown area. To best view the fireworks, you can enjoy seating at Pagosa Springs High School or at Yamaguchi Park, located on South 5th Street. Gather family and friends, bring a picnic dinner and enjoy the stellar display. The fireworks display typically begins at dark — around 9:15 p.m. This event is subject to fire restrictions and weather.

The 73rd annual Red Ryder Roundup Rodeo, a legendary Fourth of July festivity, will be held three consecutive days starting July 2 and running through July 4. The rough-and-tumble rodeo, with regional cowboys and cowgirls and all western rodeo events, will have performances Sunday and Monday evenings, July 2 and 3, at 6 p.m. and the final performance at 2 p.m. on Tuesday, July 4. The Western Heritage Event Center arena is just south of the intersection of U.S. 160 and U.S. 84. Cowpokes under 6 years old can register for mutton bustin' in advance. Visit the website www.PagosaRodeo.com for details.

There is still time between all these activities to enjoy a barbecue, a hike or a bike ride away from the bustle of town — or to partake in any of the other fun experiences available in the area.

For more information, schedules or maps, stop by the Visitor Center at 105 Hot Springs Blvd. or contact them at (970) 585-1200, or check the website, www.visitpagosa.com.

The Car Show at Pagosa

» June 9-10

The 2023 Car Show in Pagosa Springs will be held June 9 and 10. The event features antique vehicles, model category cars, 4x4s, trucks, rat rods, muscle cars, motorcycles and more — all displaying plenty of classic style.

There will be awards for class winners, as well as special prizes for the Best in Show, People's Choice and Chamber Choice.

Festivities begin at 5 p.m. on Friday, June 9 on Lewis Street, with

the “Street Party” which includes car check-in and registration, food vendors and live music.

On Saturday, June 10, from 9 a.m. to 3 p.m., the vehicles will return to Lewis Street for the “Show and Shine.” This event gives everyone a chance to admire antique and custom cars up close and personal as well as speaking to the owners about these works of art. Live music, displays, activities for children, food, a beer garden and car-related vendors will be on hand.

For information or to register, visit www.pagosachamber.com.

» Archuleta County Fair | Aug. 3-6

A longtime tradition, the 72nd annual Archuleta County Fair will take place Aug. 3 through Aug. 6, and it's always a party, so dust off those boots, break out your western wear and get ready to have a great time.

Fair days are full of fun in the sun with rodeos, entertainers, games, exhibits and demonstrations.

Gates open at 9 a.m. daily, closing around midnight on Friday and Saturday to ensure that you have the time to enjoy the festivities. The fair closes at 2 p.m. on Sunday for all exhibits.

4-H members will show their animals including horses, dogs, rabbits, goats, sheep, steers, chickens, pigs, turkeys, lambs and more during many livestock shows.

The Horseshoe Tournament and Ranch Rodeo will keep fairgoers busy on Saturday. After working up an appetite, head to the 4-H Chuck Wagon Dinner and then to the Livestock Tent.

The Junior Livestock Sale is the culmination of the hard work of 4-H members. The sale exhibits the long-standing livestock traditions and ranching roots of Archuleta County and supports 4-H youngsters who have dedicated themselves to their projects throughout the year. 4-H members display and have their work judged at the county fair and may even get the op-

portunity to go to the Colorado State Fair. After a full day, two-step on over to hear some live country western music under the Activity Tent.

The festivities continue into Sunday with the Kids' Rodeo and a last chance to see the 4-H animals and exhibits.

A petting farm for kids to enjoy will also be available each day. During the fair, the exhibit hall will be filled with different projects created by county residents including quilts, photographs, paintings, vegetables, flowers and baked goods. Vendors will also sell delicious fair food throughout the weekend.

The fair is held at the fairgrounds just south of town on U.S. 84. Everyone is invited.

Please note that activities and schedule are subject to change. The full schedule of events will be published prior to the fair in The Pagosa Springs SUN.

For more information, visit www.archuletacountyfair.com. Questions may be emailed to archuletacountyfair@gmail.com.

ColorFest

» Sept. 15-17

ColorFest weekend rings in the fall season accompanied by a blaze of gold and red hues, complemented by the bright colors of hot air balloons.

ColorFest weekend also celebrates the harvest season with the Passport to Pagosa Wine and Food Festival and the Pagosa Springs Music and Microbrews Festival paying tribute to numerous local and regional foods, microbreweries and music. Add the crisp and glorious Colorado autumn weather, and you have a weekend of fun, friends and unparalleled beauty.

On Friday, Sept. 15, the popular “Passport to Pagosa: Wine and Food Festival” will be held. Scrumptious food provided by many of Pagosa’s superb restaurants, caterers and specialty stores is paired with delicious wines chosen for this event. This event is certainly an epicurean delight and often sold out. Tickets become available at the end of July.

The Bands and Brews Festival on Saturday afternoon, Sept. 16, highlights some of the best breweries in Southwest Colorado and Northern New Mexico with many of the breweries bringing in specialty quaffs just for the season. Growing in popularity in the region is the distilling of hard ciders with several vendors showcasing this beverage. Multiple live music performances, delicious beverages, food vendors and activities for the children make it one of Pagosa’s favorite events.

The Saturday evening Balloon Glow will be held in the Town Park athletic field where the Microbrew Festival is held. Bands and Brews attendees will be able to continue their party while watching the silhouettes of glowing balloons adjacent to the festival as the evening

grows dark. This balloon glow is weather contingent.

Aspen House and Aspen Services will host the 5K ColorFest Color Run on Saturday, Sept. 16, at Town Park. Get doused with color as you walk or run the designated trail in the downtown area where volunteers will welcome you with every color of the rainbow and you can view the hot air balloons as you navigate the course. Check for the festivity status at www.aspenhousepagosa.org.

Also on Saturday morning, Sept. 16, is the Breakfast with Balloons event sponsored by the Geothermal Greenhouse Partnership (GGP). Take a front row seat to the hot air balloon launch as you enjoy a gourmet breakfast and beverages and listen to some excellent live music. The balloons will fly overhead and you may also get a show as the balloons “splash and dash” in the river. More information and tickets can be found at www.pagosagreen.org.

You will enjoy the magic of the hot air balloons as they ascend around 8 a.m. on Saturday and Sunday mornings. A mass ascension on Saturday, Sept. 16, will take place in the downtown area with the beautiful San Juan River in the foreground and the San Juan Mountains as a backdrop. The west side of town will host the balloon ascension on Sunday morning, Sept. 17, with the majority of the balloons ascending from the Pagosa’s Lakes area near the PLPOA Recreation Center offering fabulous photographic opportunities of lakes and mountains. All balloon-related activities are dependent upon the weather.

For more information about ColorFest and the status of the weekend’s activities, call the Chamber of Commerce at (970) 264-2360 or find out information at www.PagosaSUN.com.

Balloon pilots interested in flying can download the pilot application at www.pagosachamber.com/colorfest/.

» July 22

CRUISE-A-THONg

On Saturday, July 22, the downtown Athletic Field comes alive with under inflated egos and adventurous spirits.

The Average Jo(e) Race is a don't-triathlon designed for the not-so-hardcore athlete in all of us. Like a triathlon, the course consists of three legs; however, ours is a bit more relaxed.

The first being a "cruiser" bike ride (or other self-propelled method of transportation) along the almost-world-famous Riverwalk, winding through downtown.

Next, a thong (that is to say "flip-flop") walk along Hermosa Street toward the river access.

Lastly, a tube float (or other flotation device) down the San Juan River.

Registration begins at 9 a.m. and the race will commence around 11 a.m.

Following the race is the after party, which consists of live music, libations and a ceremony to award this year's most Average Jo(e). We will also award other not-so-average participants for creative costumes and other not-so-average antics.

Sponsored by the nonprofit Friends of the Upper San Juan River. For more information, visit www.friendsoftheuppersanjuanriver.org.

Pagosa Paddle

Enjoy the excitement of head-to-head whitewater racing on the San Juan River through downtown Pagosa Springs. This event takes place near Town Park from 8 a.m. to 4 p.m.

www.friendsoftheuppersanjuanriver.org

» Pagosa Farmers Market | Mid-June through Mid-September

Just in town for the weekend? Making your stay in Pagosa Country an extended trip? In either case, stop by the Pagosa Farmers Market and pick up some local products to enjoy during your stay or take home with you as a unique token of Pagosa Springs.

The Pagosa Farmers Market is open every Saturday morning from 9 a.m. to 1 p.m. from mid-June to mid-September at the east end of downtown.

Vendors bring to the market locally grown and produced foods such as vegetables, grass-fed beef, pastured pork, cheeses, milk, eggs, breads, honey, pastries and preserved food. Other products might include plants and plant starts as well as tree seedlings, natural skin care products and handmade articles of alpaca,

mohair and wool.

The market offers a unique feature, the Small Growers Coop, where you can purchase vegetables from backyard growers who sometimes have an excess of one vegetable or another.

If you are lucky, your visit might coincide with one of our food demonstrations which put on display the skills of our local chefs. Hits from last season include an outstanding gazpacho served on a hot summer day, exquisite vegan dips and tasty fresh tomato pesto tarts. The other special offering is the chance to hang out and experience our local community of vendors and locals alike.

» Sept. 23

Mountain Chile Cha Cha

There are few better ways to spend an autumn day than a day of trail races, food, music and fun in Town Park Athletic Field at the Mountain Chile Cha Cha.

This celebration of Pagosa County's Hispanic heritage spotlights the love of green chile and provides a cultural and culinary treat for locals and visitors alike. Admission is free.

After the races, the burn moves to the taste buds, at the annual Patty Aragon Green Chile Classic — a green chile cookoff and tasting and an ever-popular margarita contest and tasting.

The event offers those in attendance the opportunity to sample dozens of delicious homemade green chiles, many made using recipes passed down through generations.

The event includes a Mexican beer garden, a kid's corner and food trucks. In the afternoon, enjoy a live Mexican Dance Concert by Sangre Joven.

History Museum

For more than four decades, the Pagosa Springs History Museum has offered visitors and locals alike a glimpse back into the history of Pagosa Country, at the same time preserving history and displaying precious artifacts from the past.

The museum, which is overseen by the nonprofit San Juan Historical Society, hosts a one-of-a-kind collection depicting early life and industry in the area. The majority of the items on display were found, used or produced in the area, including metal art; a gem and mineral collection; taxidermied bear, mountain lion and deer; and fossils of the extinct mosasaur, an aquatic reptile, that was discovered in Archuleta County.

A few of the exhibits available to view at the museum include logging and railroad, a plethora of old photographs, a general store, country schoolroom, ranching and textiles, and household exhibits, which include a wood-fired range, clothes washers that show the evolution of doing laundry, kitchen gadgets, sewing machines and even a convertible table/chair made out of redwood that was crafted in Archuleta County.

In addition to the museum's permanent textile exhibits, the museum will again include a special display of quilts this season. In the footsteps of the highly popular shows of the past several seasons, this summer's show will feature quilts made by local quilters. A redwork quilt set for display celebrates local organizations and features

the names of well over 100 locals who were involved in the making of our community. You'll also be able to view the friendship quilt "Pine Trees of Pagosa Springs," among others.

The museum is located a short walk from downtown Pagosa Springs at 96 Pagosa Street (the corner of U.S. 160 and 1st Street). It is partially housed in the old waterworks building constructed by the WPA in 1938.

While visiting the museum, guests are encouraged to browse the gift shop, where historical society members provide carefully selected items, which may be of particular interest to visitors of Pagosa Country. Also available are handmade items from local crafters, making the perfect memento or gifts for friends back home.

The society has also compiled and published a 13-volume book series, "Remembrances," celebrating the people, places and history of Pagosa Springs and surrounding area.

The museum opens for the season in May, and will be open five days a week, Tuesday through Saturday, 10 a.m. to 4 p.m. including holidays, through September. Admission is free.

Donations are accepted to offset the operating expenses. The museum relies on private funding and grants to operate and all donations are greatly appreciated.

For updates or more information, visit www.pagosamuseum.org.

MICHAEL PIERCE PHOTOGRAPHY

Downtown Historic Walking Tour

1. 402 Pagosa Street

Goodman's Department Store

Following the departure of soldiers from Fort Lewis in 1880, pioneer David Lowenstein opened a clothing store at this location, conducting some of his business with Jicarilla Apache Indians. Through marriage, the Goodman family became associated with the business and eventually remodeled the structure in 1929 by completely enclosing the existing structure and then removing the old store from the inside without closing for a day. In 2000, Goodman's Department Store celebrated its 100th year in the building, continuing its legacy as the longest-operating department store in Pagosa Springs.

2. 418 and 422 Pagosa Street

Metropolitan Hotel and Liberty Theatre

Pagosa Lumber Company founder A.T. Sullenberger purchased the two-story brick building at this location in 1918, which was previously occupied by Archuleta Mercantile and built by J.M. Archuleta Jr. in the early 1900s. After a fire destroyed the structure in 1919, Sullenberger constructed the Metropolitan Hotel, which featured modern rooms, hot baths for guests and a motion-picture theatre.

3. 426 Pagosa Street

Sparks Hardware

Constructed in 1919, this structure was originally occupied by Sparks Hardware. Archuleta Motors opened a garage in the building several decades later. After fire damaged the building in 1943, Ben Lynch Sr. moved Jackisch Drug to this location, where it was operated by the Lynch family until 2004.

4. 452 Pagosa Street

The Hersch Building

Built by Alice Phillips in 1898 and owned by the Hatcher Brothers from 1905 to 1921, this build-

ing was purchased in 1921 and became Hersch Mercantile. The building operated as Hersch Mercantile until the 1970s and has held numerous social and business functions, as well as the law offices of former Colorado Attorney General Alonzo Hubbard.

5. 456 Pagosa Street

La Cantina

Clock Dry Goods Company operated at this location beginning in 1903. The building was briefly known as the Colorado Tavern from 1937 to 1941. The building was purchased in 1941 and renamed La Cantina by the L.M. Archuleta family. The Archuleta family operated La Cantina into the late 1990s until the building was purchased; renovations followed shortly thereafter, in 2001.

6. 468 Pagosa Street

Hatcher Hardware

Beginning in 1905, Hatcher Hardware operated at this location for several decades, often sharing ownership of the building with Citizens Bank. In 1943, a fire almost completely destroyed the building. The existing building was constructed following the fire. At the rear of the property is the town's second geothermal well, which was drilled in 1920. The wellhead has the ability to pump approximately 675 gallons per minute and was previously used to heat the building.

7. 474 Pagosa Street

Citizens Bank

Citizens Bank operated at this corner location for more than 70 years. Fred Catchpole opened the bank following the closure of First National Bank in 1908. The original building, constructed in 1910, was a two-story structure. The structure was remodeled into a one-story building after a fire damaged the second floor in 1943. Catchpole served as county commissioner and county treasurer and was also influential in the

construction of the Wolf Creek Pass road. The original bank vault and Wells Fargo safe still remain inside.

8. 449 San Juan Street

Archuleta County Courthouse

In 1927, Jay Catchpole approached the Archuleta County Commission and suggested the county purchase the old First National Bank building, along with the adjoining lot to construct a courthouse. The property was purchased for \$5,000 and in 1929, the county moved into its new offices. This building has operated as the Archuleta County Courthouse since 1929 and utilizes a geothermal well behind the building. The original bank vault still exists within the courthouse.

9. 480 San Juan Street

Moorehead Garage

This building originally functioned as a service station and auto garage and was constructed sometime between 1935 and 1937. A fire in 1943 destroyed a large portion of the structure. Numerous renovations have been completed since the fire, including significant restoration in 2005.

10. 468 Lewis Street

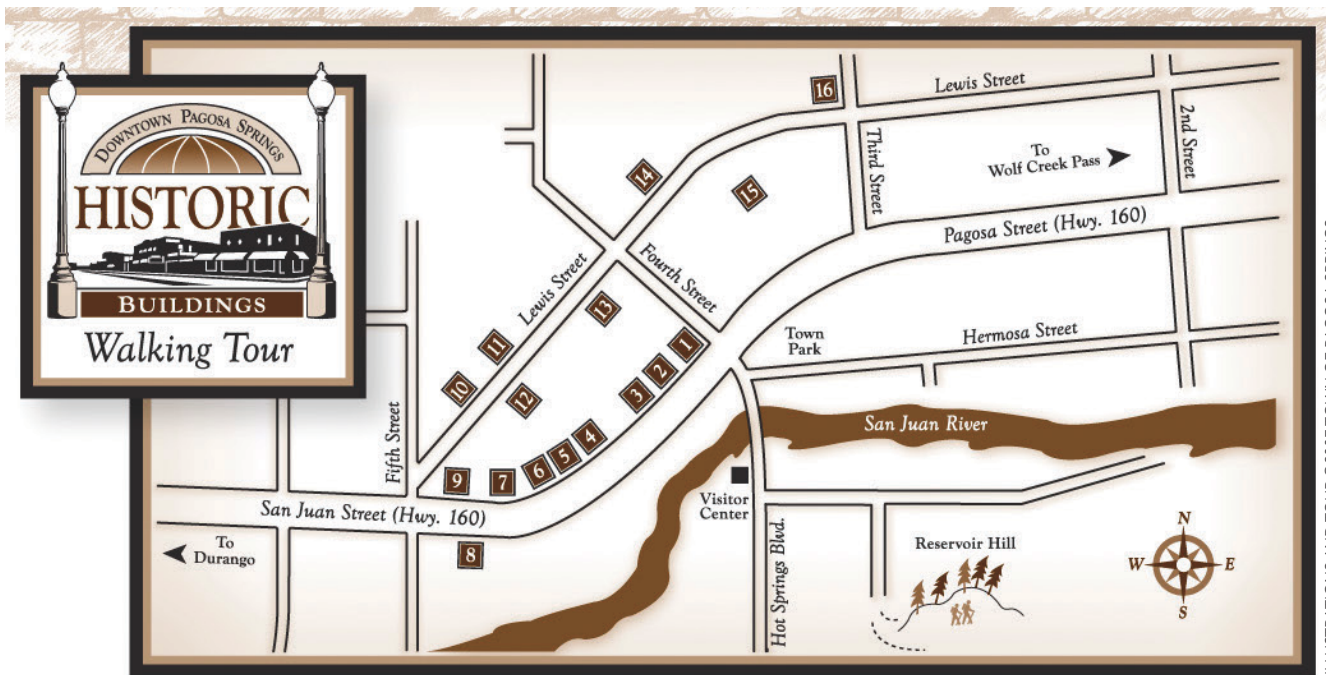

San Juan Supply

Ralph Morgan constructed this building in 1918 and opened the Electric Garage. The property was purchased by C.O. Dunagan in 1925 and later sold to the Schoonover family. In the 1930s, Paul and Virginia Decker became partners with the Schoonover family and operated San Juan Supply into the mid 1980s. The building has served a variety of commercial enterprises since the closure of San Juan Supply.

11. 444 Lewis Street

Sparks Residence

This ornamental concrete block building was constructed by Ethel Sparks in 1910. The home

ILLUSTRATIONS AND TOUR ©2007 TOWN OF PAGOSA SPRINGS

was purchased by Bryce and Julia Patterson in 1912. The Pattersons moved to town in 1904 and operated the Arlington Hotel and Bath House, which was across the street from the residence, until 1936.

**12. 451 Lewis Street
Immaculate Heart of Mary
Catholic Church**

This building was constructed in 1948 to accommodate an increased congregation at the existing Saint Edwards Catholic Church. The church was dedicated as the Immaculate Heart of Mary Church on May 22, 1949. The original stained glass windows were imported from Spain. Saint Edwards Catholic Church was destroyed by fire in the 1950s.

**13. 409 Lewis Street
Ray's Hair Care**

Located where the old Fort Lewis military

paymaster's office may have stood, this building was constructed in 1902 by either Joseph Clarke or William Kester. The building has housed a number of businesses throughout the years, with Ray's Hair Care operating at this location from 1976 to early 2020.

**14. 380 Lewis Street
County Jail and Medical Office**

County records show the jail may have been located on this property prior to 1936. The existing residence was built in the mid-1930s for a local medical doctor. The residence's architecture exemplifies the use of local stone materials.

**15. 338 Pagosa Street
Pagosa Springs Middle School**

Pagosa Springs' school was completely destroyed by fire in 1924. For a year, students attended school in churches, businesses and the Odd Fellows Lodge until this building, the new

school, was finished in 1925. The building was constructed to be totally fireproof, with ramps instead of stairs, which was thought to be safer. The school originally housed all grade levels; however, today the school accommodates only fifth- and sixth-grade students.

**16. 302 Lewis Street
Catchpole Residence**

This residence was constructed as a Queen Anne-style home by Fred and Mabel Catchpole in 1910. From 1996 to 2002, the home experienced extensive remodeling, including siding, shingles, doors, windows and roof. The Catchpoles were active community members, with Fred serving terms as county commissioner and county treasurer, and Mabel serving terms on the school board and Methodist Church board. The residence is no longer owned by the Catchpole family.

Pagosa's Past

By John M. Motter

"Bold and brash" best describes Archuleta County history, a saga of the Old West prescribed by rugged mountain remoteness and the distinctive characteristics of three proud cultures.

At least three national flags have symbolized ownership of Pagosa Country — claims not always recognized by the indigenous Native Americans who hunted and fished here long before Columbus crossed the Atlantic.

Those flags belonged to Spain, Mexico and the United States, and an argument could be made that France also claimed the area for a period of time.

Evidence of prehistoric human occupation in the San Juan Mountains, including Archuleta County, is fairly abundant. Later, but before white men followed Indian trails into the area, the ancestral Puebloans pursued a sedentary lifestyle near Chimney Rock and along the Piedra and San Juan rivers in the southwestern part of the county.

More recently, perhaps about the same time Hispanics arrived in New Mexico, Southern Ute, Jicarilla Apache and Navajo Indians found the fertile mountain valleys surrounding the Great Pagosa Hot Spring to their liking. They enjoyed, even worshipped, the medicinal benefits of the mineralized hot spring waters.

Hispanics wandered into Nuevo Mexico in the 16th century, hoping to fill their packs with gold. Even though they didn't uncover fabulous golden riches, they stayed and, in order to

survive, traded with the Indians. As a result, a trading party led by Juan Maria Rivera visited Pagosa Country in 1765. Not much later, in 1776, the priests Francisco Dominguez and Silvestre Escalante entered Archuleta County near present-day Carracas, intent on finding a path linking Spain's New Mexico colonies with those in California. After reaching the central valley of Utah, the intrepid explorers turned back. Nevertheless, for years, Pagosa Country hills echoed to the clip clop of mule trains trotting back and forth between California and New Mexico, along paths opened by these men.

By 1820, Pagosa Country acquired a new, if still foreign, ruling government. That is the year Mexico threw off the yoke of Spain and began administering her own affairs. Mexico's greater tolerance for Anglos encouraged a steady stream of fur traders to set their traps in the San Juan watershed.

By 1846, trapping was largely a thing of the past and even bigger changes loomed on the horizon. The United States went to war with Mexico. Following the war, the United States owned about half of Mexico's territory, including Pagosa Country.

Anxious to explore their new domain and to find a railroad route to California, the U.S. Army sent an expedition through Pagosa Country in 1859, headed by Capt. John Macomb. Macomb's party included a number of scientists who mapped the route and rendered exquisite line drawings of the Great Pagosa Hot Spring and Chimney Rock. Macomb's report is the first written description in

English we have of Pagosa Country.

Soon after Macomb's visit, in 1860, gold was discovered in the San Juan Mountains. For the next 30 years, a steady stream of prospectors and their supporters flowed through Pagosa Country. The growing number of settlers agitated the proud Southern Ute tribes, forcing the U.S. government to respond by sending troops into the area.

The San Juan River adjacent to the great Pagosa Hot Springs was chosen as a good point for locating troops. In 1878, Fort Lewis blossomed on one bank of the river, the town of Pagosa Springs on the other bank. Cattle ranchers chased their four-legged charges through the surrounding foothills.

Pagosa Country assumed all of the attributes of the Old West, with cavalry troops, cowboys and Indians, gunfights and barroom brawls, sheepmen and cattlemen, stagecoach holdups, all of the cherished traditions from which western movies are made.

Then, as suddenly as it had arrived, the Old West disappeared. Filling the void were railroads, lumber mills and loggers. Pagosa had its own narrow gauge railroad complete with a downtown depot. Nothing lasts forever and, after denuding much of the countryside, the railroad and logging industry moved out.

Colorado built a relatively modern highway over Wolf Creek Pass in 1916; trucks began to move most of the freight and telephones, electricity and central water came to town. Local folks were caught between the new and the old. Cattlemen continued to raise beef

for the market. Small lumber mills hacked away at the remaining trees. Then came the Great Depression and World War II. Many of the rural people eking out a scarcely adequate living moved to town, or further away to work in defense plants. The war ended, but few of those who had abandoned Pagosa Country returned. Pagosa had no payrolls.

Along about 1970, a number of land developers, ears tuned to the insistent jingle of change in affluent America's pockets, began to subdivide and sell Pagosa Country land. Buyers responded enthusiastically, infatuated with the mountain panoramas, gurgling streams, seemingly endless ranks of mountain forests, and maybe with the idea that a little of the Old West lived on in Pagosa Country.

Since 1970, the population of Pagosa Country has increased dramatically. Shops have sprung up to meet the needs of new arrivals. Farsighted investors have developed the Great Pagosa Hot Springs and other natural attractions. But, even with change, Pagosa Country has remained unique — a beautiful, off-the-beaten-path refuge for resident and visitor alike.

The history of Pagosa Country, new and old, is etched in her people's dynamic response to change. Even though the Old West is gone, the Old West background of soaring mountains, strident streams and abundant wildlife continue to dominate life here. As it has been from the beginning, Pagosa Country, dominated by God-given natural resources, remains bold and brash.

THINGAMAJIG THEATRE COMPANY

Family Fun

'Anybody can walk in the door and be anything': Whatchamawhozits Children's Theatre Camp

When Tim and Laura Moore launched Thingamajig Theatre Company — a nonprofit theater company in residence at the Pagosa Springs Center for the Arts — in 2010, they were not only thinking about and planning to bring world-class theater to Pagosa Springs. They were also thinking about the future of theater.

That resulted in the Whatchamawhozits Children's Theatre Camp, a unique opportunity for children aged 7 to 12 to learn from professionals in the theater field and mount a production of their own, being launched at the same time.

Whatchamawhozits is taught by the professional performers in Thingamajig's summer repertory season and introduces kids to all aspects of theater, including acting, dancing, costumes, lighting and more.

"We want them to fall in love with it," Laura says, adding they want to excite the next generation of artists and theater-goers.

And having the repertory actors teach the kids means the kids can take advantage of the knowledge of professional, up-and-coming actors and can see their camp counselors on the stage.

Actors who have taught at the camp have gone on to join national tours of popular productions and be on Broadway.

The camp can also help bring people into the theater, either through the families seeing the professional actors in the summer productions or through the community taking in the Whatchamawhozits productions (tickets are only \$5).

Laura notes there are several patrons of Thingamajig Theatre who don't even have kids who never miss a show put on by the

camp kids.

"They just love them," she says.

For Laura, including a children's theater aspect was natural, having taught and run children's theater programs.

"The kids are just amazing, and they make me laugh," she says, adding, "Their creativity is always off the charts and ... I just think that kids are really fun."

In addition to helping develop the next generation of theater, the camps can also serve as an outlet for kids and help them find a place where they fit in.

She recalls doing a playwriting class with the kids where the kids wrote a play about a mean mom. In working with them on an ending, asking the kids if the mom was going to learn a lesson and become nice, a child suggested the mom would stay mean and the characters would find a different way out. Laura later learned the student had a difficult home life that included a mother who was addicted to drugs.

"It was one of those moments I was like, she just got to vocalize like how she felt without having to talk about herself at all, you know what I mean?" says Laura. She adds, "There's been a lot of really special moments like that."

Theater can also let kids be whatever they want in the moment, she notes, whether that's a boy, girl, monkey, old person, horse or anything else.

"Anybody can walk in the door and be anything, and it's a really amazing outlet," she says.

PAGOSA SKATERS COALITION FOR CONCRETE

Town Parks

The parks of Pagosa Springs run the gamut from the wild and natural pine forest on Reservoir Hill to the well-manicured fields of Yamaguchi Park. What follows is a list of each park and a description of what it has to offer.

Reservoir Hill — The most prominent physical feature of the downtown area, Reservoir Hill towers over the south bank of the San Juan River and is distinguished by the large green water tank visible from U.S. 160.

The park is accessible from three trailheads — located across the highway from the River Center, behind the Healing Waters Spa and next to the U.S. Post Office — and offers miles of hiking and biking trails ranging from gentle and peaceful to steep and technical.

A large meadow right next to the water tank is the home to the Four Corners Folk Festival over Labor Day weekend. A large, wooden gazebo in the festival meadow is available to rent for special occasions such as weddings or reunions.

Located one-fourth of a mile east of the gazebo is an overlook that allows one to overlook the town and see stunning views.

Reservoir Hill is also home to one of the best disc golf courses in the region, featuring 18 baskets, 18 regular tee boxes and 18 alternative tee boxes for those experts looking for a bit more challenging game.

There are restrooms available on the hill.

Centennial Park — Centennial Park stretches along the river behind the Archuleta County Courthouse, and includes several tables for enjoying a nice family picnic while watching the activities in the river and the hot springs beyond. A pedestrian bridge provides a continuous connection for the Riverwalk that winds through the wetlands behind Town Hall and the Ross Aragon Community Center. A pedestrian bridge at the other end of the park connects to The Springs Resort and Spa.

Town Park — On the southeast corner of the U.S. 160/Hot Springs

At the Humane Society of Pagosa Springs,
WE ♥ ANIMALS!

DID YOU KNOW?
HSPS offers these great community services:

SHELTER HOURS: Mon-Sat 10AM - 5PM | Sun 10AM - 4PM
465 Cloman Blvd | (970) 731-4771

Boulevard intersection, Town Park connects to Centennial Park via the Riverwalk and contains a wind harp, bathrooms, a drinking fountain, picnic tables, barbecue grills, a Pirate ship-themed playground, climbing boulders, two special-event 200-amp electrical services and a white-water feature in the adjacent river.

The park and the athletic field across Hermosa Street host several events throughout the year, including the Fourth of July Park 2 Park Arts and Crafts Fair, Color-Fest and the Mountain Chile Cha Cha.

Yamaguchi Park — Located on South 5th Street between Pagosa Springs High School and the river, Yamaguchi Park is home to a favorite hangout for local kids — the Pagosa Skate Park. The Skaters Coalition for Concrete, a local grassroots organization formed over a decade ago, raised funds and added a full-sized bowl to the 4,500-square-foot concrete terrain at the park.

The park was designed to appeal to skaters of all ability levels and includes several plaza elements and a bowl feature.

The park is open from dawn to dusk throughout the year, provided the skating surface is free of ice and snow in the winter months.

Another amenity of Yamaguchi Park is the kayak/raft launching facility and two whitewater features, complemented by the paved Riverwalk to facilitate viewing activities on the river.

A heated year-round restroom, drinking fountain, picnic tables, barbecue grills and picnic shelter allow for family gatherings, while a state-of-the-art playground, climbing boulder, an outdoor basketball court, a pump track for bicycle use and beautiful soccer and softball fields give plenty of room for the kids to play. An events and performance venue with electrical service is also available.

Yamaguchi Park South — Yamaguchi Park South is located just south of Yamaguchi Park on South 5th Street. There are 12 acres of park and open space for development. Eight outdoor pickleball courts will be completed by June 2023. A dog park will be completed this year as well.

Mary Fisher Park — Along the south bank of the San Juan River directly across from Town Park, and connected to it by another pedestrian bridge, Mary Fisher Park contains several picnic tables, as well as a changing screen for kayakers and inner tubers to use before hitting another one of the new whitewater river features. A heated, year-round restroom will open in May of 2023.

River Center Park — Nestled behind the River Center shops on the east end of town (from U.S. 160 go behind the River Center buildings), the River Center Park contains two small fishing ponds with a handicap-accessible pier and access to the river for launching rafts and kayaks. The park also offers a playground climbing structure for kids.

South Pagosa Park — A true neighborhood park located on the south side of town on Apache Street between 7th and 8th streets, South Pagosa Park has bathrooms, a drinking fountain, picnic tables, barbecue grills, a picnic shelter, horseshoe pits and a playground. An ice rink is available during the winter months.

Cotton Hole Park — Located east of Town park at the end of Hermosa St., a concrete trail runs through the park. This park invites a relaxing environment and the San Juan River is accessible from this park for tubing and kayaking. This park will continue to have a natural setting and will not be over developed.

You and your group of 2-8 people have 60 MINUTES to decipher clues, codes and puzzles in order to figure your way out of the room before time RUNS OUT...

World's Deepest Hot Spring

SAN JUAN HISTORICAL SOCIETY

Do people soak in the summer?

After a hard day of skiing or snowboarding, nothing beats the feeling of slowly lowering the body into a tub full of hot water. The muscles relax, the eyes close, a sigh of relief escapes the lips, and especially when the air is really cold, a thick veil of steam rises off the water to block out the rest of the world. If it happens to be storming, you will need to dunk all the way under every so often to melt the snow from the top of your head. This is paradise!

But what about in the summertime?

A poorly kept local secret: soaking in the healing waters is just as nice, if not better, in the summer as it is in the winter.

Imagine getting up early, throwing on your hiking gear, filling a small backpack with a lunch and some water, grabbing your camera, and driving to downtown Pagosa Springs, where you turn from U.S. 160 onto Lewis Street and immediately onto 5th Street, which turns into County Road 400 and then into Forest Road 645. Seven miles north of town you take a right at the junction and 4 miles after that you reach a trailhead.

After a 3-mile hike, you find the most amazing 300-foot waterfall. You eat lunch. You take pictures. You revel in the peace and solitude. You marvel at the glory and the beauty that is Colorado. Reluctantly, you repack all your stuff and head back to the car. As you drive back to town, you start to notice a satisfying tightness in your leg muscles. Your shoulders start to ache where the straps of your backpack dug in.

What should you do?

The answer hits you. You call up your significant other and say, "Hey! We should go soak."

With three bathing facilities in downtown Pagosa Springs offering either indoor or outdoor pools (or both), and temperatures varying between hot and very hot, soakers have more than enough choices of where to relax and stretch out those sore muscles.

Three choices for relaxation

Each of Pagosa's three bathing facilities offers its own unique take on the traditional soaking experience, and the savvy soaker does well to switch things up, experiencing how differently each place relaxes the spirit and heals the body.

Overlook

Located on the main street of Pagosa Springs at 432 Pagosa St., the Overlook Hot Springs Spa offers soaking and massage services housed within old-world Victorian ambiance. Offering indoor and outdoor pools, including a private tub room, massage and a steam room, the Overlook provides bathers an opportunity to soak while escaping the elements, or to take in the sights while soaking.

Those sights are best soaked in from the pools located on the building's roof, which give the Overlook its name and notoriety. With a panoramic view of historic downtown and beyond, the pools are a favorite with locals and visitors alike. There's also a sauna and geothermal tub.

The Overlook courtyard features individual tubs, as well as an eight-person Jacuzzi. Inside, there are four open pools and a private pool room that can be rented by the hour by bathers who prefer to soak in a more intimate setting. Reservations are required for booking the private pool and the massage rooms.

Additionally, the Overlook features changing rooms with shower stalls, steam showers and more.

Healing Waters Resort & Spa

The Healing Waters Resort and Spa offers a large outdoor swimming pool, outdoor hot tub, and separate men's and women's indoor hot baths. The pools are fed totally by mineral water, with no chemicals added that would dilute the water's natural minerals. The ambiance here is down home, western and friendly. Through long years of service, the hosts have learned to satisfy the needs of

the most discriminating guest.

The Springs Resort & Spa

Home of the world's deepest geothermal hot spring, the Springs Resort and Spa offers naturally therapeutic soaking pools that are terraced along the banks of the San Juan River and a mineral water swimming pool.

Ranging in temperature from 83-114 degrees, the natural mineral waters from the mother spring feed all the pools and are known for their natural healing properties.

History and myth

After visitors to the area comment on the friendliness and laid-back demeanor of Pagosans, the next observation they offer is that the locals seem so healthy and vibrant. If you surmised that the reason for that vitality and mellow groove is due to the healing powers of our spring, give yourself a soak; you've arrived at the best answer that we have.

In fact, it's a story that has deep roots in the area's legends. Local spin has it that the Ute phrase "Pagosa" describes the mystical qualities of the legendary Great Pagosa Hot Spring, repeating the apocryphal tale that the phrase translates as "Healing Waters."

Historian John Motter writes, "According to the dictionary prepared under the auspices of and with the help of Southern Utes in Ignacio, 'pagosa' comes from two Ute words meaning 'stinking water.'" However, locals almost unanimously prefer the following myth to this likely truth.

According to legend, earlier Native American visitors were certain the Great Spirit had endowed the geothermally heated waters with superhuman virtues, and they came to Pagosa Springs to not just soothe sore bodies, but to replenish their souls. The hot springs, it is told, arose after a plague began devastating the tribes. With the disease confounding the potions and power of tribal medicine men, the people gathered on the banks of the San Juan River to offer a plea to the gods. There, they built a huge fire around which they prayed and danced, eventually falling asleep with complete exhaustion. They awoke the next morning to a pool of boiling water bubbling from beneath the coals of the ceremonial fire. Seeing this as a sign from the gods, the afflicted bathed in the soothing water and were, at once, cured. From then on, the great spring became known as "Pag-Osah," a place of peace and healing.

Needless to say, reverence for the "healing waters" has not abated with the passage of time; in recent years, The Great Pagosa Hot Spring has attracted more visitors than ever before. And while Motter's account of the spring's history is probably closer to the truth, a growing number of visitors come to Pagosa Springs for the same reasons that color the myth.

Science and trivia

Geothermal water has been used to heat a number of businesses and residences in the downtown core (as well as the obvious application for soaking).

Putting aside legends and myth, the "healing waters" that emerge from the Earth's surface in Pagosa Springs are the product of geological processes, hundreds of millions of years in the making, that put the area in a unique (and many say, "blessed") situation.

The process essentially begins as water percolates through the Earth's surface in its endless cycle of evaporation, condensation, precipitation and collection. Eventually, water descends through super-heated rock and magma, gaining a three- to five-degree increase for every 300 feet of depth. Under pressure, the heated water begins to rise, following cracks and fissures in the rock, eventually making its way to the surface. On the way, it picks up a host of minerals, such as sulfur, silica, calcium, potassium, etc., and if the water retains heat, emerges in the form of hot springs.

While the research has yet to determine the exact size and characteristics of the hot spring, measurements put the Great Pagosa into the pages of the Guinness Book of World Records as the deepest hot spring in the world.

In August 2011, when a 1,002-foot long plumb line was dropped into the "mother spring," it didn't hit the bottom; instead, the plumb line ran out.

So, while the official measurement is now 1,002 feet, the true depth remains unknown. In fact, a previous attempt at measurement using a 2,500-foot plumb line culminated in results similar to those from Guinness: before the plumb line reached the bottom of the spring, the line ran out.

The Zen of here and now

While, for the time being, the mystery of the aquifer's ultimate depth remains unsolved, it is the mystery of our water's ability to soothe, heal and relax even the most harried soul that appears to take center stage.

And what is known — that the birth of The Great Pagosa Hot Spring begins well above our heads, forms well beneath our feet, and then realizes itself to the benefit of tired muscles and spent spirits — seems hardly worth a thought. Especially when, after it all comes together, a simple sigh is all that needs to be said.

Rest Your Head

From roughing it to luxury, Pagosa Country has the lodging you're looking for

Pagosa Country offers a diverse experience, whether you're looking to hit the backcountry and see few others during your trip to socializing while you take in the area's world-famous waters.

The area's lodging opportunities are just as varied.

Some come to Pagosa Country to be as far away from the hustle and bustle as they can get. The area boasts a lot of public lands that, in addition to being a great place to recreate, offers a great way to spend a night taking in the area's dark skies and bright stars. The San Juan National Forest offers a variety of places to camp, with more information available at www.fs.usda.gov/sanjuan.

For those looking for a step up from camping, several camp-

grounds, lodgers and resorts offer RV spots.

Others offer secluded luxury cabins where you can sit with your morning coffee on the porch and take in the fresh air and mountain views while still being minutes from town.

For those looking to be closer to the pools, restaurants, shops and more, there are still a variety of options — with more on the way. The main corridor of Pagosa boasts standard and upscale hotel rooms and suites, lodging domes, cabins, apartments, homes and more.

For those who want to feel what it's like to live here, homes available to rent on a short-term basis are plentiful and varied throughout Archuleta County, from small spaces to large homes perfect to fit you and your extended family.

Flavor of Pagosa

From food trucks to fine dining, local dining establishments can whet your appetite

Whether you're in the mood for down-home comfort food, high-end fare, something quick or something new, Pagosa Springs dining establishments likely offer what you're looking for.

From one end of Pagosa Springs to the other, you'll find locally owned and operated restaurants and food trucks offering a wide variety of foods, including American, Italian, Mexican, Chinese, Thai and more.

Add to that the tried-and-true fast food locations, coffee shops and bakeries and you're sure to find something for everyone, whether that's artisan or New York style pizzas, barbecue, a smothered burrito, chicken sandwich, seared ahi, filet mignon, local brews or craft cocktails.

You'll also find vegan and vegetarian fare that take advantage of locally grown and seasonal ingredients alongside offerings such as elk tenderloin.

With so many choices, how are you supposed to choose? When it comes to deciding where to fuel before, during or after a day of adventure and relaxation, most locals (and frequent visitors) are happy to share the places they find the best food, drinks, entertainment and atmosphere, and they're likely to give you enough recommendations for your entire stay or ask you more about your preferences to make sure they point you in the right direction.

And, as you might expect, most restaurants offer a variety of seating choices — indoor, outdoor or food to go for you to eat at a park, along the river or at your temporary home while you enjoy the mild temperatures and some of the 300 days of sunshine Pagosa Country typically has each year.

What about those cool Colorado evenings?
No problem.

(970) 731-MEAT (6328)

Family Owned and Operated

Restaurants were allowed to provide only to-go service and outdoor dining during portions of the pandemic, meaning many local restaurants invested in things such as fire pits, portable heaters and more and are equipped should Pagosa Country experience a cold snap.

One restaurant even installed a gondola for a unique dining experience, while others expanded their garden and other open-air seating.

While those changes were implemented in the name of public health, many are sticking around because people have enjoyed the changes and the choices.

If you're looking for more than just food to define your dining experience, several places throughout town offer live music and entertainment each week. Live entertainment schedules can be found by asking around or checking The PREVIEW — The Pagosa Springs SUN's arts and life publication.

Restaurants and their staff members work hard to be flexible and meet the needs and wants of their patrons, and we ask that you show respect and kindness to those trying to help make your time in Pagosa Country something special and enjoyable.

Enjoy your stay, enjoy your meal and, please, be patient and kind.

Retail Therapy

Exploring the local character through shopping

Since long before it was incorporated as a town, Pagosa Springs, and the whole of Archuleta County, has experienced the booms and busts associated with numerous industries, including trading between Hispanics and Native American tribes, prospectors seeking gold, lumber mills and railroads. Over time, the flags of several nations have flown over the area, and multiple Native American tribes have inhabited the region.

But, through it all, Pagosa Springs stood firm, not falling to the same fate as many towns now listed as ghost towns.

Instead, Pagosa grew into a mountain town better known to many for its natural resources and wealth of public lands than its former industries.

Thanks to the varied history and natural beauty and resources in Pagosa Springs and Archuleta County, Pagosa — the county seat — is packed with character, much of which is reflected in the goods you'll find for sale throughout town.

From cabin decor to signs that embody your views on life, natural products of all sorts, on-trend apparel and quirky T-shirts, unique pajamas, western wear and goods that epitomize the western way of life, handmade jewelry with a southwestern flair, antiques, art and seasonal sporting goods, you'll find it and more in Pagosa Springs.

And where you find the goods might surprise you. For example, you'll find coffee shops and what you might think is a hardware

store that carry things like home goods, clothes, toys and more.

And that's part of the fun: heading into a shop not knowing what might be around the next corner or what perfect gift you'll find for a loved one (or for yourself!). Even if you've been to a shop before, it's likely to be an adventure next time, too, since business owners like to keep things fresh and new. Or, in the case of antique stores, something you've never seen before or haven't seen in years.

And, in true small-town style, you'll likely find the people working the stores (often the owners themselves) striking up conversations, finding that shirt in just the right size for someone, or telling you where in town you might find just what you're looking for or their favorite place to grab a bite to eat or a drink. In short, they're usually going above and beyond to make the shopping experience the best it can be for their customers.

And while you're walking in between shops, you can admire and explore parts of Pagosa's past — like the former hotel that now houses shops and offices, a local landmark passed down through generations and the historic movie theater — just check for signs around the buildings indicating their historical significance. You can also take in the growing collection of public art.

Shopping in Pagosa, like much of our county's history and current character, is about exploration — seeing what's around the next corner.

PJ's Fine Bamboo Rods: Functional art to last generations

The water has always been a draw for Paul “PJ” Dufour.

“For me, fly-fishing has just been something I just had a passion for and I was good at it at a young age,” he says, adding it also sometimes got him in trouble, like when he would be late getting back after recess because he’d snuck off to go fishing.

Growing up and through 30 years of trade work, Paul never left fly-fishing behind, instead progressing in the sport even to the point of building his own fly rods and teaching others to do the same.

For Paul, bamboo rods are the final progression of his passion — they embody the history, the nostalgia and the best in the sport. They are personalized, passed down for generations.

“It doesn’t get more meaningful than that,” he says.

Paul taught his wife, Rosanna, to fly-fish when she owned a local pizza place and was putting in long, stressful hours.

“Him teaching me to fly-fish was just one of the first times that I really felt completely disconnected from the restaurant,” she says. “Employees couldn’t call me on the river, and

there’s just a meditative sense to being out there and focusing on your cast and fishing. And so for me, I just, I fell in love with it, not so much for the sport, but for the environment.”

It became something she also wanted to share once she saw how much it helped her.

The couple also saw an opportunity and a market for custom, handcrafted bamboo rods and landing nets, fly-fishing clinics and rod-building classes.

Paul and Rosanna opened PJ’s Fine Bamboo Rods as an e-commerce business during the pandemic before expanding it into the full vision as in-person events returned. Now, the business features custom bamboo rods, wood grips and landing nets; a natural fiber mercantile where the items are natural, organic and often locally sourced; classes to allow you to build your own bamboo fly rod and make lifelong friends; clinics; and more.

And if you’re not ready to go all in on fly-fishing, you can also just walk in and, while perusing the shop, likely see Paul, his apprentice or Rosanna at work crafting one-of-a-kind functional art.

World-Class Waters

Fishing for sport or as a leisure activity can be learned and practiced by just about anyone. Whether you like to just sit back with a line in the water and have a nice picnic lunch or more actively pursue fly fishing, wading into the water and practicing different casting techniques, fishing is the perfect activity to help wash the worries of the day away.

For some, fishing is a way to pass time alone or with friends; for others, it's a sport. Whatever type of fishing you enjoy, Pagosa Country has what you're looking for — from pristine mountain rivers best for fly fishing to lakes and reservoirs perfect for sitting along the shore or fishing from a boat, Pagosa Country has it all.

Warm, lower-elevation waters in the area at Echo Canyon Reservoir and at Navajo Reservoir hold numerous species, including catfish, bass, perch and pan fish, while higher cold-water lakes, creeks and ponds teem with Kokanee salmon and numerous species of trout.

There are several waters in or near town easily accessible to fishermen, but many other fishing spots lie deep in the extensive wilderness and backcountry surrounding Pagosa. Though access requires greater effort, remote locations to the north, northwest and east of town afford those willing to travel by foot or horseback true tranquility, seclusion and excellent fishing.

Listed below are some of the more popular fishing sites in and near town. Anglers should note that a Colorado fishing license is required when fishing in any of these areas, including designated wilderness areas. Licenses, flies, lures, bait and spinning tackle are available at area sporting goods stores, supermarkets and hardware stores. One-day, five-day and annual licenses are available. Annual licenses go on sale April 1 and are valid through March 31, 2024.

Local fly shops offer equipment, flies, sport fishing clothing and guide services, and most retailers will readily provide directions and up-to-date information about numerous fishing destinations.

When choosing bait, keep in mind that state regulations prohibit the use of live bait anywhere in the region except for at Navajo Lake. For more information and special, water-specific regulations, please reference area fishing rules and regulations. Make sure to pick up a Colorado fishing brochure or visit the Colorado Parks and Wildlife (CPW) website to view fishing regulations and restrictions on waters where you're planning to fish — anglers are responsible for knowing the regulations. You can also purchase a fishing license online.

Fishing in the San Juan River in the heart of Pagosa Springs can be as good as it gets. Years ago, the Colorado Divi-

sion of Wildlife (now Colorado Parks and Wildlife) used a Fishing is Fun grant to reconstruct fish habitat and holding waters in sections of the river on both sides of the Hot Springs Boulevard bridge. These structures are located downstream from the town's whitewater play park. They are made from large rocks and have numerous shapes. Their purpose is to create calm pools for fish. Anglers should not attempt to fish in the whitewater park area because those structures churn the water too much for fish to be present. Additional work has further enhanced the fishery near the Hot Springs Boulevard bridge and in areas west toward 6th Street.

The Pagosa Quality Fishing Project also began receiving annual contributions from local merchants to purchase hundreds of large, catchable rainbow and brown trout for placement in the river. As a result, anglers of all ages catch fish weighing up to 10 pounds each summer — right in downtown Pagosa Springs.

The Town of Pagosa Springs also stocks ponds located just off the river near the east end of town. A ramp to one of the ponds allows easy access to disabled anglers, and a gazebo beckons to those who packed picnic lunches. Youngsters particularly enjoy fishing the town ponds. Bag and possession limit for in-town fishing is two fish per angler.

Cast Your Line

East Fork of the San Juan

The lower stretch of the East Fork offers good fishing for rainbow and brown trout, while its pristine upper reaches are more suited to brook trout and native cutthroat trout.

The East Fork Road turnoff is approximately 10 miles northeast of Pagosa Springs on U.S. 160. This well-traveled gravel road parallels the river for several miles, a portion of which passes through posted private property.

West Fork of the San Juan

In addition to good rainbow and cutthroat trout fishing, the West Fork offers quality camping in a nearby campground. A left turn from U.S. 160 on to FS road 648 about 13.5 miles east of Pagosa Springs affords easy access to West Fork waters via public and private lands. The best fishing is in the forest beyond the trailhead at the end of the road.

Echo Canyon Reservoir

Echo Canyon Reservoir and State Wildlife Area is a cool-water fishery located approximately four miles south of U.S. 160 on U.S. 84. It contains rainbow trout, largemouth bass, yellow perch, green sunfish and channel catfish.

Trout are best caught with lures, flies or natural bait, while bass are taken with top-surface lures, crank-baits, pork frogs or rubber worms. Perch and sunfish are most easily taken with worms or a fly and catfish seem to prefer cut baits such as suckers or commercial stink baits. There is good early fishing at the reservoir from mid April to mid June. During this time, bank fishing is adequate, but thickening of aquatic vegetation later in the season makes a canoe, float-tube or a small boat and trolling motor useful. Remember, live bait is not allowed in Colorado on any water west of the Continental Divide.

Lake Capote Recreation Area

Lake Capote Recreation Area is owned

and operated by the Southern Ute Indian Tribe. Properly permitted anglers can catch stocked rainbow trout, largemouth bass and channel catfish in the shadow of Chimney Rock. No state fishing license is required, but anglers must obtain a valid license from the Southern Ute Tribe. The 45-acre lake is open to daytime bank fishers, nonmotorized boaters and belly-boaters using bait, spinning tackle or flies.

To get to Lake Capote, travel approximately 17 miles west of Pagosa Springs on U.S. 160, then turn south on Colo. 151. The well-marked entrance is on the left.

Navajo Reservoir

Navajo Reservoir and Navajo State Park are Colorado's version of Lake Powell. The park offers a full-service marina with visitor center and conference room, rental cabins, ample tent and RV camping, picnicking areas and nature trails in addition to great fishing.

Large catfish, trout, bass, pike,

MICHAEL PIERCE PHOTOGRAPHY

crappie, perch and Kokanee salmon inhabit this 15,000 surface-acre lake. About a third of Navajo Reservoir is located in Colorado, while two-thirds lie in New Mexico. Anglers wishing to fish both in Colorado and New Mexico waters must have both valid Colorado and New Mexico fishing licenses.

Anglers can use live bait at Navajo, but only live bait purchased from an authorized vendor at the reservoir. Anglers cannot bring their own live bait. Live minnows may be used as bait in both Colorado and New Mexico waters within Navajo State Park.

To access the park from Pagosa Springs, travel approximately 17 miles west on U.S. 160, then turn south on Colo. 151. Drive another 18 miles to Arboles, then turn left onto County Road 982 and proceed another two miles to the park.

Williams Creek Reservoir

This 508-acre mountain lake affords fine fishing for rainbow trout, cutthroat trout, brook trout and kokanee salmon. Surrounded by lush forest and towering peaks, anglers will find that all standard forms of fishing prove productive at Williams Creek, though salmon are best taken with artificial lures and worms. In the morning and evening hours, bank fishing, a float tube or canoe provides sufficient access to surface-feeding fish. A sturdy motorboat will provide superior safety and access to fish during breezy afternoons. Keep in mind that whitewater wakes are not allowed.

Four Forest Service campgrounds are in the vicinity of Williams Creek Reservoir. To access the reservoir, drive 2 miles west from downtown Pagosa Springs on U.S. 160, then turn north onto Piedra Road. Continue north for approximately 24 miles following signs to Williams Creek.

Wilderness

Some of the finest fishing in Pagosa Country is found in remote waters in designated wilderness areas. At higher elevations, the chance of anglers finding native cutthroat trout in streams and lakes protected by special regulations increases. In these pristine areas, solitude is the rule.

As in all federal wilderness areas, mechanized travel is prohibited in the Piedra Area and Weminuche and South San Juan wilderness areas — anglers must travel by foot or horseback only. Bicycles and carts are not allowed. Because travel distances can be great in these areas, visitors should be in shape, acclimated to the higher altitudes of the area, and plan well for treks into the backcountry.

Weather is unpredictable and high-country travelers should pack accordingly. Layered clothing, relevant forest and topographic maps, a compass or GPS, adequate shelter, food, water, matches and a headlamp or flashlight are essential. Anglers should also inform a responsible party about where they intend to fish and when they plan to return.

Up-to-date information about back-country fishing is available from the Pagosa Ranger District office located at 180 Pagosa St. You can call the office at (970) 264-2268.

How to release a fish:

Any fish you plan to release must be returned to the water immediately.

A fish played for too long will be too exhausted to recover.

Keep fish in the water as much as possible.

Remove the hook as quickly as possible. Single barbless hooks can often be removed while the fish is still in the water.

Gentle handling is essential. Avoid squeezing or placing your fingers in the gills or eye sockets. It's best to hold a fish gently by its belly or by the area in front of the tail.

To revive an unconscious fish. Hold it upright in the water. Move the fish forward and backward so that water runs through the gills. This may take a few minutes.

When it begins to struggle, release it.

When photographing a fish, hold it horizontally and do not squeeze the fish. Do not put your hands in its gills or hold it vertical by its gills.

San Juan River Quality Fishing Project

Game Fish 2 Fish Limit

Cutthroat Trout

Crimson slash on either side of the throat beneath the lower jaw; heavier spotting towards the tail

Brown Trout

Spotting pattern is made up of black spots and red-orange spots inside light blue circles

Brook Trout

Pectoral, pelvic and anal fins often orange, edged with black and white; body is dark with white and red spots inside blue circles

Rainbow Trout

Black spots on a light body and red stripe along sides

We hope you enjoy your time in Pagosa Springs and we want to make your fishing experience as wonderful as possible. In order to maximize the quality of fishing in Pagosa, the town merchants, along with support from local government, have joined together to plant trophy-size trout in the river each summer.

Ideally, we'd like for everyone to enjoy hooking into a playful rainbow or a large brown and, because of that, we're asking that careful catch and release is practiced. Please note, a fishing license is required.

If you do keep fish, please stay at or under the daily two-fish limit, so that we can keep more fish in the river for everyone to catch. Also note the wild, native fish to the Western Slope and release these immediately, as they are protected species and taking them from the water is illegal in Colorado.

Please enjoy our wonderful river. Happy fishing!

Wildlife

If you've brought your camera and are inclined to trek through the extensive wilderness that composes the greater portion of Pagosa Country, be prepared for the chance to snap the shot of a lifetime.

In a region that ranges from 6,000 to 13,000 feet in elevation, the 1.8-million-acre San Juan National Forest not only hosts a complex diversity of climate zones, ecological niches and microenvironments, but also is home to a vast array of wildlife that call these diverse habitats home. As the country climbs in elevation from the south and east to the mountains north and west, that diversity becomes apparent as high-desert plateau gently transitions into alpine forest, then dramatically ascends beyond the tree line to alpine tundra. While many species of wildlife prefer to inhabit a specific ecological zone, others travel throughout Pagosa Country, seeking resources and habitat wherever they can find them.

Coyotes, foxes, cougars and black bears may roam the region at almost any elevation and are a common sight (and sometimes a nuisance) for residents and visitors alike. A special, but not uncommon, sight is the symbol of our country — the bald eagle — soaring majestically above meadows, lakes or rivers at all elevations. Snapping a photo of one of these birds perched atop a ponderosa pine is a rare treat.

In the lower reaches, short-horned lizards, eastern fence lizards, western rattlesnakes and ringtail cats share sandy sage flats, arid rocky slopes, deep canyons and sandstone mesas with jackrabbits, prairie dogs, elk and mule deer. Piñon jays, turkey vultures, red-tailed hawks and golden eagles commonly grace the sun-drenched skies above the high-desert plateau.

In the high country, observers may see bighorn sheep, snowshoe hares, ptarmigan or a rare Canada lynx. Although normally a denizen of high-country meadows, willow flats, forests and lakes north of Pagosa Springs, it is not unusual for the Shiras moose to be seen at most elevations. The largest member of the deer family, these

creatures occasionally wander the streets and outskirts of town.

While the encroachment of civilization on some of the region's wilderness has decreased the numbers of several species in the area, many other species are thriving and even increasing in numbers, including foxes and coyotes, mule deer, bears, magpies, crows and ravens, golden and bald eagles, wild turkeys and vultures. While mountain lions are normally solitary and secretive, reported sightings have become frequent, particularly between the hours of 10 p.m. and 4 a.m. Visitors and residents are cautioned not to feed local wildlife, especially as prey species can attract lions into residential areas. Food should never be left out to attract bears.

In the spring and early summer, infrequent hikers and wildlife watchers will invariably stumble upon a newborn fawn or elk calf. Baby birds, rabbits, foxes and squirrels may appear quite approachable, yet mother is almost certainly nearby. As long as a potential predator lurks about, she'll not return to feed or coddle her young. Therefore, it is always best to back away and leave little ones as they're found and never touch or pick them up. They have not been abandoned. Survival in the wild is challenging enough without avoidable human interference.

In a bountiful area as rich and diverse as Pagosa Country, vigilant observers will enjoy an array of wildlife matched by few places on earth. The adventurous visitor traveling the canyons, mesas and forests early or late, moving in silence and employing a pair of good field glasses, is almost guaranteed to be rewarded with the sight of wildlife in their natural habitat — and the experience of a lifetime.

For more information about the best hiking trails for wildlife watching in the San Juan National Forest and surrounding wilderness areas, visit the U.S. Forest Service website at www.fs.usda.gov/sanjuan/ or stop by the Pagosa Ranger Station at 180 Pagosa St.

For information about Colorado's wildlife and hunting and fishing licenses, go to Colorado Parks and Wildlife's website at cpw.state.co.us.

MICHAEL PIERCE PHOTOGRAPHY

River Sports

Feeling lazy on a summer day? Grab a tube and take a float down the San Juan River.

Bored and can't take the heat? Grab a kayak and test your skill set on the rapids in and around town.

Group of friends ready for an adventure? Hop in a raft and let the river be your guide.

Pagosa Country is a popular destination for rafters, kayakers and tubers. With waters both inviting for beginners and challenging to experts, area rivers including the San Juan, Piedra and Animas provide something for everyone.

Flowing through the heart of downtown Pagosa Springs, the San Juan River is perfect for those new to river sports and those who enjoy a gentle float. Offering superb views of the town and, farther downstream, spectacular shale cliffs, rafting or kayaking trips down the San Juan begin as early as March and continue as the season peaks in May or June.

By mid-summer, river flows dramatically taper off and, while rafts and kayaks largely disappear from the river, activity continues as tubers take to the waters. Beating the summer heat in the cool, refreshing waters of the San Juan, tubers can bring their own tubes or rent them from local businesses. Tubers can enjoy surfing several river features in town or just relish a relaxed float down the lazy river. During this time of year, people wade in the cool waters and gather on the banks of the river in this superb recreational corridor running from one end of town to the other, even when flows are at a minimum and river speeds drop to a gentle flow. Personal flotation devices are a must on the water and young children should always be under direct adult supervision.

More experienced boaters can test their skills about 23 miles west of Pagosa on the Piedra River. During a brief 6-8 week season (from

May through June), waters rush over class III to IV rapids through a pair of breathtaking box canyons offering kayakers and rafters a challenging ride on nearly 20 miles of wild river and whitewater.

Further west, the upper Animas River has a reputation as one of the top-five stretches of river for rafting thrills in North America. Boasting dramatic scenery and intensely long stretches of rapids, the upper Animas can be rafted and kayaked from late May to early August. In high water from early to mid June, the Animas runs with continuous class III rapids and stretches of intermittent class IV and V whitewater.

Several Pagosa Springs companies offer guided rafting trips of varied lengths. Visitors are encouraged to call at least a week in advance to secure the date of their choice. Local companies also offer equipment rental including kayaks, rafts and associated gear as well as daily tube rental.

From raging rapids to gentle flows, scenery of soaring cliffs and deep, deep canyons in the backcountry to a small-town landscape, Pagosa Country has it all when it comes to river rafting, kayaking and tubing.

See page 56 for downtown San Juan River features, including put-in and take-out areas, changing areas and wave features.

Mountain Biking

MICHAEL PIERCE PHOTOGRAPHY

If the mountains surrounding the town weren't hint enough, be assured, there are plenty of places to go mountain biking in Pagosa Country. Many years ago, the Pagosa Springs area was heavily logged, resulting in a multitude of Forest Service roads and trails. Now, more than 80 years later, those trails mean virtually limitless opportunities for mountain bikers. With a wide variety of routes and terrain, Pagosa Springs is an ideal mountain biking destination for riders of all skill levels. Be forewarned, however, that most area rides begin above 7,000 feet. Therefore, flatlanders should factor in time to acclimate before setting out on longer and more demanding rides.

When mountain biking, please observe a few precautions:

1. Wear a helmet.
2. Mountain weather changes rapidly — wear or bring clothing for capricious weather conditions.
3. Bring plenty of water.
4. Carry bike repair tools, including a spare tire, tire pump and tube patch kit.
5. Ride in control and with a friend.
6. Always tell someone where you are going and when you expect to return.
7. A few of the trails are hours away from outside help — plan accordingly.
8. Plan to return to your car before dark.
9. Remember to stay off private land and out of wilderness areas.
10. Wear blaze orange in the fall during hunting season.
11. Yield to horses. They are easily spooked.

Please pay heed to the following rules of the trail:

1. Ride on open trails only. Avoid trails when muddy and wet to prevent damage.
2. Leave no trace. Pick up trash.
3. Control your bicycle. Uphill traffic has the right of way.
4. Always yield to hikers.

5. Never spook animals.
6. Plan ahead: consider elevation, weather, location, length and difficulty of ride.

For more information on routes, directions and maps, visit wolfcreekwheelclub.org, fs.usda.gov/recmain/sanjuan/recreation, mtbproject.com, pagosatrails.org, singletracks.com and dustx2.com.

Changes can occur on roads and terrain during the winter and early spring. For this reason, bikers need to be alert to their surrounding area at all times and, of course, carry the appropriate maps.

Rideable trails in the Town of Pagosa Springs

Reservoir Hill Mountain Park

Difficulty: Beginner to advanced
Mileage: 1.4 to 4 miles
Route: Out and back or loop
Trails: Dirt, single and double track
Elevation range: 7,280 to 8,000 feet
It is extremely lucky to have this little loop in the center of town. Though quite challenging and secluded, the trail is easily accessible, and can be connected to the Dakota Springs High School Trail with a short ride on the San Juan River Trail or Hot Springs Boulevard. Future phases of the DUST2 Urban Single Track Trail Initiative will continue to enhance the Reservoir Hill trail system.
Getting there: Two trailheads access

Reservoir Hill: Spa (above the Healing Waters Resort and Spa on Hot Springs Boulevard) and San Juan (behind the San Juan Motel, on U.S. 160). Both trailheads have maps.

Dakota Springs High School Trail

Difficulty: Beginner to advanced
Mileage: 2-mile loop, can be connected with Riverwalk path and Reservoir Hill
Route: Out and back, or loop
Trails: Dirt, single track
Elevation range: 7,280 to 8,000 feet
The best starting point for this urban single track is the connector trail off South 5th Street in Yamaguchi Park. Take the connector trail next to the baseball field and then follow this amazing multi-loop

trail counterclockwise as it winds behind the high school with two interconnecting trails.

You can now easily connect your Dakota Springs ride with the Reservoir Hill trail system by taking Hot Springs Boulevard, or the San Juan River Trail to the Reservoir Hill Trailhead.

DUST2 Connector Route

Difficulty: Beginner
Mileage: 0.4 miles
Route: Connector trail
Trail: Dirt, single track
Elevation: 7,000 feet
This single track connector trail connects Dakota Springs High School Trail to Yamaguchi Park.

Rideable trails near town

Cloman Park

Difficulty: Beginner and intermediate
Mileage: 2.2 miles
Route: Loop
Trails: Dirt, single track
Elevation: 7,300 feet
Cloman Park is an Archuleta County park with a 2.2 mile, multi-use, single track figure-8 winding through ponderosa pines. The lower part of the single track loop is good for beginner riders while the upper section is intermediate.

Getting there: Drive 1.3 miles north on Piedra Road from U.S. 160. Turn right (east entrance to Stevens Field airport) on Cloman Boulevard for 1.4 miles. Stay left at the fork in the road which then dead ends at the large parking lot.

Turkey Springs Trail Network

Difficulty: Beginner to intermediate
Mileage: 30-plus miles
Route: Out and back or loop
Trail: Dirt, single track, double track
Elevation: 7,000-7,500 feet

This is a great cross-country trail system with 30-plus miles of intertwining beginner and intermediate multi-use trails nestled within a forest. While well marked, it is easy to become turned around or end up on the ATV trails. Stop at each intersection and consult a map.

Getting there: The Turkey Springs trailhead is 5.3 miles north on Piedra Road from the intersection of Piedra Road and U.S. 160. The parking lot is on the left, immediately after the cattle guard.

Mountain trails

Continental Divide Trail (CDT)

Difficulty: Intermediate to advanced
Mileage: 15-plus miles
Route: Out and back or loop
Trail: Dirt, single track
Description: The CDT is truly an "epic" Colorado trail. One of the area's most beautiful mountain biking venues, the CDT trail has it all.
Getting there: From the large parking area at the summit of Wolf Creek Pass, pedal

through the meadow on an obvious trail and cross a creek on a wooden bridge. Turn left after crossing the bridge — there's a social trail here that heads right and will lead you off track.

From here, the trail climbs steadily through old-growth forest that's been heavily affected by pine beetles — a large percentage of the pines here are gray and dead. There are a few tight, steep switchbacks but almost everything is

easily rideable by an intermediate-to-advanced rider. Shortly after navigating some switchbacks in a scree field, the trail will contour around to a south aspect and you'll come to a "junction" with Treasure Mountain Trail No. 565. There is a USFS sign and a rock cairn, but the trail itself is basically nonexistent.

Past this junction, the trail gains the ridge just west of and below Alberta Peak, at the top of Wolf Creek Ski Resort.

Continental Divide Trail/Alberta Peak Loop (813)

Difficulty: Advanced

Mileage: 8.6 miles

Route: Loop

Trails: Single track, dirt road, pavement

Elevation: 10,800 to 12,000 feet

Maps: National Geographic Trails Illustrated Weminuche Wilderness (map No. 140)

Follow the Continental Divide Trail (CDT) south from Wolf Creek Pass as it circles behind the ski area and around the south face of Alberta Peak. This route has it all: smooth, technical, single-track, challenging ascents and descents, and “top of the world” riding as one emerges from the subalpine forest into the alpine meadows and talus slopes surrounding Alberta Peak. This is a memorable ride for experienced mountain bikers.

Getting there: From the junction of U.S. 160 and U.S. 84, drive north on U.S. 160 for 22 miles to Wolf Creek Pass. Park in the large parking area on the south side of the highway. The ride starts behind the kiosk on the Continental Divide Trail.

0.0 — From the parking area, follow the CDT across the meadow, crossing a headwater tributary of Wolf Creek on a wooden bridge before entering the forest. Then you will begin a tough and somewhat technical climb. Stay left after crossing the bridge, ignoring hiker-created trails on your right.

0.4 — The trail switchbacks to the right (a trail on your left climbs to the ski area). Continue following the trail, which switchbacks and climbs, often steeply, up the ridge.

1.1 — Switchback up a technical, rocky outcrop leading to a view over a “rock garden” below and to the west. The trail merges into a short section of ski area service road and arrives at Bonanza Run lift tower.

1.7 — From the lift tower, head west 20 or 30 yards — here the trail continues into the forest along the top of the ridge, heading south then east. Emerge from the forest into subalpine meadows (look for a CDT trail post) at the edge of the ski area, mile 2.5.

2.5 — Climbing southeast, the trail tops out, then makes a gentle descent to a log drift fence at mile 3. Beyond the drift fence, the trail circumvents the south face of Alberta Peak. Here it is narrow with exposure to steep dropoffs. Drop down and around the peak, with a last steep descent to a ski patrol hut.

3.4 — From here, the trail continues eastward along the lip of the Knife Ridge and its north-facing ski chutes. The first 0.2 miles beyond the hut are technical and exposed, but soon the route eases and wanders over alpine meadows.

4.0 to 4.2 — The trail veers left through a meadow (the trail disappears briefly, look for CDT trail posts) and back into the forest.

4.3 — Begin a steep drop, passing under the Horseshoe Bowl.

4.4 — Continue your steep descent, passing a narrow saddle with easterly views at mile 4.8.

4.8 — You now enter a clear-cut area (heading northeast). Look carefully for a CDT trail post and grown-over double track coming into the trail at a sharp angle on your left.

5.2 — Take this double track down to a jeep road and go right. The road soon bends west and takes you through the ski area and the ski area parking lots leading to the highway.

7.4 — Route arrives at U.S. 160. Turn left onto the highway and return to your car at mile 8.6.

Treasure (565)

Difficulty: Advanced

Mileage: 8.1 miles

Route: Shuttle, out and back

Trail: Dirt, single track

A remote and solitary high country trail in the South San Juan Mountains off Wolf Creek Pass with a big descent. Truly a Colorado classic — not to be missed. From the lower trailhead, the trail climbs on moderate grades through scenic aspens and firs. Eventually, the trail intersects Windy Pass Trail.

Getting there: This ride is best done as a shuttle. Many street cars will be able to reach the lower trailhead off East Fork Road. There are some rocky arroyo crossings beyond about 37.402, -106.82 that will

stop low clearance cars and RVs. Look for parking or camping spots and ride on up the road to the trailhead.

If you plan to do this trail as a shuttle, from the top of Wolf Creek Pass, heed the warning above. You'll ride the Continental Divide Trail to the top of the ski area and look for a rock cairn and a USFS sign posted on a tree. These will be your only clues that there's a trail here because there's literally no signs of an actual path. Make your way down the grassy gully and head right when you reach the flat meadow below. Use of the MTB Project mobile app will be crucial to keeping you on track here. Head left into the trees and down the second pitch. The trail becomes much more apparent here, but it's still faint by most standards.

When you reach Wolf Creek Road FS 725, head left for about a mile with a little climb to the epic single track downhill section of the trail. Drop down the steep sidehill through the burn area.

After some great views and narrow sidehill, you'll come to another steep moonscape section. After a few creek crossings and sections of true downhill riding, you'll arrive to a big, open meadow that is the Windy Pass Trail intersection. The rest of the trail has more flow and speed as it sweeps through aspen groves and meadows. Once you arrive at a cattle gate, the ride shreds down a sidehill through oak brush and open slopes until you reach the bottom.

The ride can be done as an out-and-back from the East Fork with many hike-a-bike sections after the Windy Pass Trail intersection. It's better done as a shuttle from the Continental Divide Trail at the top of Wolf Creek Pass or riding up Wolf Creek Road FS 725 to avoid the top steep section. Most people leave a car at the large parking area at the start of the East Fork Road 667.

Do-right Trail (642)

Difficulty: Advanced

Mileage: 3.8 miles of single track using a shuttle, 12 miles riding loop

Route: Shuttle or loop one way

Trail: Dirt, single track, gravel roads

Note: Motorcycles are permitted June 15 to Aug. 31 on single track

This is described as a loop ride, but the gravel road sections can be replaced by shuttling with two vehicles. You will climb from 7,500 feet to 9,100 feet and then descend back down to 7,500. Don't go alone.

Advanced riders should find the entire loop rideable.

Getting there: Drive west from Pagosa Springs on U.S. 160 toward Durango for about 22 miles. Turn right onto First Fork Road (FS 622), this is on the east side of the Piedra River. Take First Fork Road north for approximately 7 miles to the Sheep Creek Trailhead and parking. From the trailhead, do not ride the Sheep Creek Trail. Head east on Monument Road (FS 630) directly across from the trailhead for approximately 7 miles. This is a 1,600 foot elevation climb on a gravel road through Aspen trees with big vistas of the Piedra Valley. Once you get to the turnaround at the end of Monument Road, take an immediate left to the west through the steel single track barrier. You are now on the Do-right Trail (642). This is a 3.8-mile, 1,500 foot descent back to First Fork Road. Once you reach the end of the single track, you are at First Fork Road. Take a left and head south for approximately 1 mile back to the Sheep Creek Trailhead.

Eightmile Mesa (FS 651)

Difficulty: Intermediate; long mileage with one steep 4-mile hill

Mileage: 14.4 miles

Route: Out and back

Trails: Graded and primitive roads

Elevation: 7,200 to 8,040 feet

Eightmile Mesa provides an interesting contrast to other rides surrounding Pagosa Springs. After a steep and relentless 2-mile climb, you reach the top of the mesa, then your route becomes a pleasant, rolling journey through pine/oak woodlands interspersed with grassy meadows.

Getting there: From the junction of U.S. 160 and U.S. 84 at the east end of town, drive 5 miles south on U.S. 84 to Eightmile Mesa Road, identified by a brown Forest Service sign on the right. After traveling up Eightmile Mesa Road a little over a mile and passing the entrance to the Loma Linda subdivision, you will reach the Forest Service gate. Park here.

HIKING, BIKING & ATV TRAILS

- - - - - Non-motorized Trail
- Forest System Road
- - - - - Motorized Trail
- County Road/Hwy
- National Forest
- Private Property
- P Trailhead Parking
- P Private Parking
- Mileage & Segments

0.0 — Starting at the parking area, and after making two short climbs, you reach an open meadow area at 0.9 miles.

1.1 — The road, FS 651, bends westward and begins a steady climb.

2.0 — A final steep climb begins at the 2-mile mark.

2.3 — The climb tapers off and the route rolls along the top of the mesa, passing through oak, pine and grassy meadows.

3.7 — The FS 651 forks, giving riders a variety of options.

Option 1: The fork to your right leads to the Eightmile Mesa lookout tower in 0.6 miles. This tower, positioned directly above the Eight-mile Mesa “clamshell” affords spectacular views of Pagosa Springs and the surrounding mesa, as well as the San Juan Mountains. The tower also provides a convenient turn-around point.

Option 2: Continue straight ahead at the fork to stay on FS 651, the main route, which turns into a primitive unmaintained road. At mile 3.8, FS 651B forks to your left. This doubletrack road rolls gently through wildflower meadows and woodlands for 1 mile to an overlook of the Blanco River Basin and the San Juan Mountains to the east.

Option 3: Continue past the fork on the main road to mile 5.1, where FS 651C junctions to your left. Follow FS 651C southward for 2.3 miles, passing an old, abandoned sawmill site on the way.

Option 4: Stay on the FS 651, which is deeply tracked or sandy in places, but otherwise smooth. Passing one more side road (FS 651D) on your way, pass through large open meadows at mile 5.9. Wildflowers abound in late spring and early summer. The route ends at mile 7.2, overlooking the Blanco and San Juan river basins.

Snowball Road (CR 200) and Jackson Mountain Loop (FS 37)

Difficulty: Beginning skills with intermediate fitness level, two river crossings

Mileage: 22 miles

Route: Loop

Trails: Graveled county road, dirt road, double track dirt trail, highway with good shoulders

Elevation: 7,200 to 8,200 feet

Taking the entire loop from town is a great workout, however, if you shuttle, the ride can be divided up so one skips the highway or county road portion. There are about three gates on this ride. Remember to leave them either open or closed as you found them. This ride has two river crossings. Obviously, take precautions in the spring or early summer when the water level is up.

Getting there: The loop starts and ends in downtown Pagosa Springs.

0.0 — Starting from the Hot Springs Boulevard bridge in downtown Pagosa Springs, ride east on Pagosa Street (U.S. 160) toward Wolf Creek Pass. Turn left at the Forest Service building on 2nd Street. This street turns into Snowball Road, and eventually the pavement ends. Continue on this graveled county road for 4.3 miles.

4.3 — This is the entrance to Fourmile Ranch. Ranch owners have agreed to allow access to the Forest Service road through the ranch, by proceeding through the ranch entrance and staying on the road. You will pass the ranch manager’s house on the right. Looking to the north, one can begin to see Pagosa Peak.

5.3 — At this point, there is a Y in the road. The road to the left goes to the house and the iron gate to the right gains access to the national forest. Proceed through the gate on the right (FS 646), leaving the gate as you found it. The next 3 miles are on a pleasant dirt road along Snowball Creek. You will often see and hear hawks on the last part of this trail.

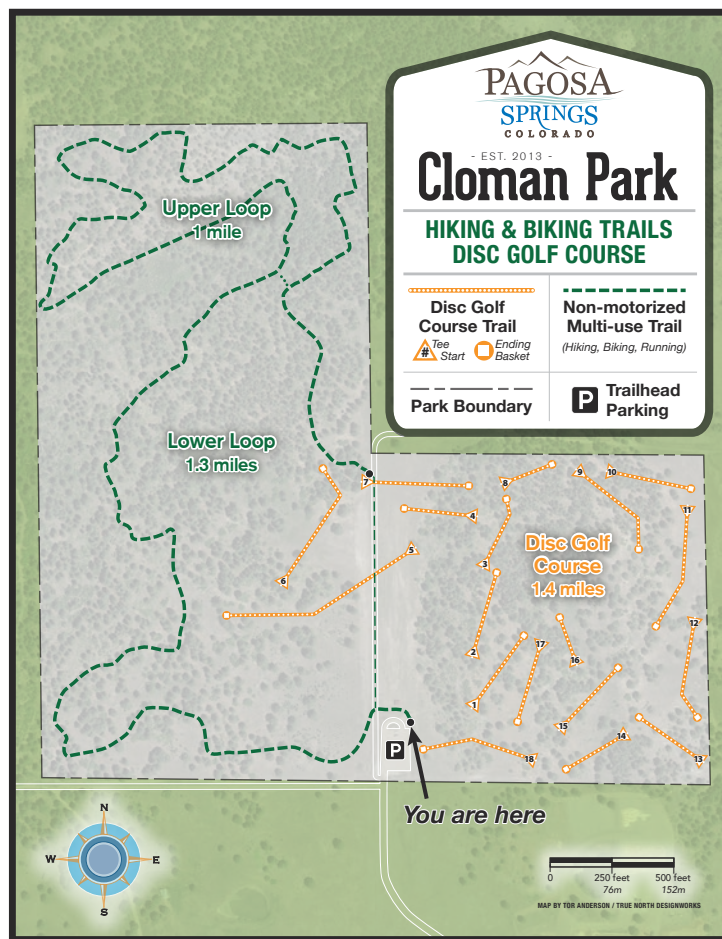

6.3 — At this point, you will ford Fourmile Creek.

8.5 — A driveway passes through a gate onto private property. Follow the road, which curves to the right to a ford of Snowball Creek.

9.6 — Proceed through the gate, go forward and curve to the right, joining a more pronounced trail. Next, stay left for a mile, ignoring the roads that exit to the right.

10.7 — Proceed through the gate. The next .1 mile down to Jackson Mountain Road (FS 037) is very steep.

10.8 — Jackson Mountain Road. Turn right onto the road and proceed for 3 miles to U.S. 160.

13.7 — U.S. 160. Turn right onto the highway and continue for about 8 miles to Pagosa Springs. It is very easy to eliminate this highway ride by leaving a shuttle here. The sign on U.S. 160 calls this the Jackson Mountain Road.

Willow Draw (819)

Class: Intermediate

Mileage: 16 miles

This is a scenic loop from U.S. 160 and U.S. 84 junction. Road conditions range from highway to double-track. From downtown Pagosa, ride east on U.S. 160 to the junction of U.S. 84. Turn right onto U.S. 84, then left onto Mill Creek Road. Go 4 miles. You will cross three cattle guards. Immediately after the third cattle guard, look for a double-track dirt road on your left. If you cross over the bridge at Mill Creek, you have gone too far. Once on the double track, you will cross Mill Creek, which may need to be forded on foot. Follow this dirt road generally north for the next 6 miles through Willow Draw and Dry Gulch to Fawn Gulch. Pass through two gates, which are usually closed. When you reach Fawn Gulch Road, turn left for a downhill to U.S. 160. Turn left onto U.S. 160. It is 4 miles back to town.

East Fork (FS 667)

Class: Beginner

Mileage: 8 miles

Note: Major road work will be performed on East Fork Road this summer from the gate to the turnoff for FS Road 684. Start and finish times for road construction were unknown at press time.

This is an easy route for beginners as it is fairly flat. Road follows the East Fork of the San Juan River through beautiful canyons into the pristine East Fork Valley (private property for 2 miles), before terminating at Silver Falls guard station. Silver Falls can be seen cascading down the mountainside directly behind the station. The road is a gravel road from U.S. 160 to the forest boundary (.25 mile). The rest is dirt, which can be very slick when wet. Watch for high water across the road in the springtime.

MICHAEL PIERCE PHOTOGRAPHY

Big Game Hunting

The public lands and forests surrounding Pagosa Springs provide exceptional big game habitat, and licensed sportsmen and women enjoy some of the finest hunting in North America while visiting Pagosa Springs.

The adjoining San Juan and Rio Grande national forests, together comprising nearly 4 million acres of varied elevation and diverse terrain, are home to black bears, cougars and bighorn sheep, as well as considerable herds of mule deer and elk that migrate seasonally between winter and summer ranges. Though far fewer in number, Shiras moose may also be seen grazing in the high country.

Access to the remarkable hunting grounds surrounding Pagosa Springs is gained via a network of Forest Service and Bureau of Land Management roads. If hunters prefer to trek into the forest by foot or on horseback, they may use the many foot and horseback trails, which offer passage into vehicle-restricted regions such as the rugged and remote Piedra Area and Weminuche and South San Juan Wilderness areas. Designated wilderness areas are closed to all forms of mechanized travel (including bicycles, game carts and wheelchairs) at all times. Hunters should call the Pagosa Ranger District at (970) 264-2268 for travel policy information and travel details including posted road closures and other travel restrictions that may affect specific hunting units. Information related to other activities that might coincide with big game seasons — such as domestic livestock grazing, prescribed burns and special recreational events — is also available.

Through direction from the Colorado Parks and Wildlife (CPW) Commission, CPW governs bag limits, hunting regulations, season dates and licensing for big and small game hunts.

Obtaining a license to hunt big game in Colorado may require participation in a drawing. Deer licenses can only be obtained through a lottery. Other limited license species include Rocky Mountain Bighorn Sheep, mountain goat, pronghorn, moose and black bear. Colorado is the only state in the nation where a hunter can buy an over-the-counter bull elk license. The deadline for entering select season draws is always the first Tuesday in April. Hunters can enter these drawings online at www.cpw.state.co.us. All applications must be filed online. Look for a Colorado Big Game Brochure at license agents, or see it at CPW's website.

A mandatory Search and Rescue surcharge is added to the cost of all Colorado hunting and fishing licenses. To improve wildlife habitat and wildlife education, a Public Education Advisory Council surcharge and a Habitat Stamp fee are also added to all license costs. The Habitat Stamp fee is added only to one license purchased by an individual in a given year.

Documentation proving completion of a hunter education course is mandatory for all hunters born Jan. 1, 1949, or after who wish to pursue any game species in Colorado. Licenses will not be granted without hunter education verification. Check the CPW website for information about hunter safety classes.

For complete information on hunting seasons, pick up one of the Colorado hunting brochures at any local sports store. You can also go to the CPW website at www.cpw.state.co.us.

For more information regarding hunting opportunities unique to Pagosa Country, stop by the U.S. Forest Service Pagosa Ranger District office, located at 180 Pagosa St. (U.S. 160 on the east side of town); or call the Durango Colorado Parks and Wildlife office at (970) 247-0855.

Hiking and Horseback Riding

Bright blue sky, a sky as big as the ocean. Wildflowers and their brilliant colors. A new spring cascading down the mountain's jagged rock. A still lake tucked high near a summit.

This is Pagosa Country.

To look upon these sights is breathtaking, and to see these sights ... that's the reason many people come back time and again for the experience.

Leave the roads behind, kiss the asphalt goodbye. The San Juan National Forest is all around you. Pull off the side of the road. Park by a trailhead. Lace up your boots and saddle your horse. Strike out into nature and tread where few have gone.

Backcountry excursions offer visitors an opportunity to experience the sights, sounds and smells of the San Juan National Forest firsthand. Many trails are easily accessible and within relative proximity to downtown Pagosa Springs.

Use your car to reach one of the convenient starting points listed below, then leave it behind to wander trails winding beneath towering pines or along clear mountain streams.

The trails described here cover a variety of terrain and skill levels. U.S. Forest Service trail

numbers are in parentheses next to the trail name.

Hiking and riding tips

- Set easy-to-achieve objectives. Unless you are backpacking, plan to return before dark.
- Stay on the trail. Shortcutting causes erosion and is hazardous to your safety, as well as to the safety of hikers below you.
- Think safety. Carry a map, water, snacks and clothing to keep you warm and dry. Weather conditions change rapidly in the mountains and it may rain or snow at any time. Always travel with a friend and always let someone know where you are going and when you expect to return.
- Pack out your trash. Help keep the forest clean and pack out trash someone else left behind.
- During hunting seasons, you can pick up a loaner blaze orange vest at the Visitor Center to help keep you safe in the woods.
- Share the trails. The trails listed are shared by many visitors, some using horses, and in some areas, bicycles or ATVs. For the safety of all involved, give horse riders the right-of-way by moving well off the trail on the downhill side, when it is safe to do so. To avoid startling

the horses, say "hello" so they know you are a person, not a predator.

- Trail signs are usually found at trailheads and major junctions of maintained trails. Take a moment to read the information posted at trailheads. Not all junctions or cross-country routes are signed.
- A Pagosa Country map is available to direct you to the various trailheads. It is also a good idea to pick up a national forest map that clearly shows all access roads, trails and special area boundaries.

You can also check out the Forest Service Interactive Visitor Map to find out about recreational opportunities: www.fs.fed.us/ivm/ or on the web: www.fs.usda.gov/sanjuan. The San Juan National Forest Visitor Map is available at www.avenzamaps.com/maps/83403 (east side) and www.avenzamaps.com/maps/83402 (west side).

Current information about trail conditions are available at www.pagosatrails.org and the Visitor Center, located at 105 Hot Springs Blvd., and the Pagosa Ranger District office at U.S. 160 and 2nd Street. The office is open Monday through Friday, 8 a.m.-4:30 p.m. Closed for all federal holidays.

#1 Fourmile Falls (#569)

Length: 7.6 miles | Difficulty: Moderate

Take Lewis Street north, veer left immediately on 5th street; stay right on Fourmile Road for 8 miles; (CR 400/FS 645); right at junction to the trailhead. Trailhead elevation is 9,190 feet, at falls 9,600, at end 11,221. The hike is approximately 3 miles each way. The first 3 miles is relatively easy through an open valley. After the waterfall, the trail becomes steep and is not recommended for stock. Hikers should proceed with caution. Fourmile Falls is one of the more popular points of interest and the trail in can be busy.

#4 Opal Lake (#564)

Length: 1.2 miles | Difficulty: Easy/Moderate

Drive south on U.S. 84 from Pagosa Springs approximately 8 miles to Blanco Basin Road (CR 326). After driving 10 miles, turn right across the Blanco River Bridge. Follow the Castle Creek Road (FS 660) to the signed junction. Turn right and drive a short distance to the trailhead on the right with an elevation of 8,733 feet, ending at 9,216. The trail to Opal Lake is 1.2 miles and takes about 45 minutes to hike. A portion of the trail is steep before it traverses an open meadow to the lake. Lake is bordered by wooded hillsides and a sheer mountain face. Minerals deposited at the inlet give the lake its milky color.

#2 Piedra Falls (#671)

Length: .4 miles | Difficulty: Easy

Drive north on Piedra Road (CR 600/FS 631) 17.8 miles to the junction at Sportsman's Supply. Leave Piedra Road and continue on Middle Fork Road (FS 636) for 2 miles. Take the first road to the right, East Toner Road (FS 637), it is 7.5 miles to the end. Trailhead elevation is 8,239 feet and at end 8,340. Do not attempt road in wet weather. Hike is .4 mile, or 15 minutes, each way. A great hike for all ages. Walk upstream to a head gate where the trail begins. The trail continues above and west of the head gate and river to the falls.

#5 Williams Creek (#587)

Length: 9.4 miles | Difficulty: Moderate/Difficult

Drive north on Piedra Road (CR 600) about 22 miles. Turn right on Williams Creek Road (FS 640) and go past Williams Creek Reservoir and Cimarrona Campground, continuing on to the trailhead at 8,360 feet at the end of the road. The trail follows Williams Creek northward into the Weminuche Wilderness. The old Spanish name for Williams Creek was Huerto — garden-like. The first few miles of Williams Creek trail give the impression of a gigantic walled garden. Across the creek to the right is a group of peaks eroded from volcanic rock. Set your own destination — it continues on to the Continental Divide.

#3 Treasure Falls (#563)

Length: .4 miles | Difficulty: Easy

Treasure Falls is named for Treasure Mountain, an area rich in folklore and stories of a large buried treasure. Most accounts suggest that a treasure chest full of gold was buried in the area after a group of Frenchmen were "waylaid" by either Spanish explorers or Native Americans. Whatever the circumstances, Treasure Falls offers visitors a breathtaking fortune in scenery. To get there, take U.S. 160 east for 15 miles; right into a large parking area. Trailhead elevation is 8,123 feet. To the left of the parking lot is a short trail that will take you to the base of the falls. Follow the trail 1/4 mile to the bridge at the base of the falls. There is a more difficult trail to the right that also leads to the waterfall. Standing in the refreshing spray on the bridge, the falls rush down the cliff toward you. In the winter, these falls create a frozen blue sculpture. Elevation gain is 325 feet.

#6 Turkey Creek Trail (#580)

Length: 5.2 miles | Difficulty: Easy/Moderate

Drive 7.3 miles northeast of Pagosa Springs on U.S. 160 to Jackson Mountain Road (FS 37) on the left. Follow it for 4 miles to the end of the road. This trail is the longest in this section of the Weminuche Wilderness. It is 5.2 miles to the wilderness boundary, then 14.2 miles to the Continental Divide Trailhead at an elevation of 8,240 feet. There is breathtaking scenery to the Continental Divide. Choose your own destination here. The 5-mile hike will take you to the first creek crossing.

#9 Anderson Trail (#579)

Length: 8.5 miles | Difficulty: Moderate/Difficult

See Fourmile Falls Trail for directions. This trail begins at the Fourmile Trailhead, at an elevation of 9,190 feet, to the left of the Fourmile Trail. This trail climbs steadily for about 4 miles to skirt the east side of Pagosa Peak. The summit of the peak is 12,640 feet. Total elevation gain of 4,391 feet. The trail continues on to Fourmile Lake. It is about 2 miles to the junction with the Fourmile Trail. From the junction, it is 6.6 miles back to the trailhead and very steep in some areas. Snow will linger on this trail into early summer. Check conditions before you go.

#7 Piedra River Trail (#596)

Length: 11.2 miles | Difficulty: Moderate/Difficult

The upper terminus of the trail begins on the Piedra Road (CR 600), about 16 miles north of town. After crossing the Piedra River the trailhead parking lot is on the left. The trail starts on the canyon rim and then descends to the river. Sheer cliffs rise on both sides for over several hundred feet. This is a moderate trail if you only go the 3.5 miles to the footbridge. For a longer hike, follow the river for another 8.5 miles. The trail passes several box canyons to end at the bridge on the First Fork of the Piedra Road. Confirm that First Fork Road (FS 622) is open and shuttle a vehicle to the First Fork Bridge for the longer hike. Trailhead elevation is 7,695 feet, ending at 7,116 (which is the beginning for First Fork Trailhead.)

#8 Continental Divide Trail North (#813)

Length: Depends | Difficulty: Easy/Difficult

Turn left on the dirt road just past the Continental Divide marker at the summit of Wolf Creek Pass. Drive 1.5 miles to the Lobo Overlook parking area and microwave tower site. The trail begins behind the microwave tower and follows the Continental Divide, which is the backbone of the continent and the dividing line for eastern and western watersheds. From the trailhead, you can embark on an easy day hike or begin an extended backcountry journey. Hiking options along the Continental Divide trail seem limitless. Trailhead elevation at Lobo Overlook is 11,747 feet.

At Altitude

The hikes described here begin at altitudes near 8,000 feet and some top out near 12,000 feet. Each hike is classified as "easy" to "difficult." Only those in good physical condition should attempt the difficult hikes. Remember, when you go downhill you will have to climb back up when you return. Pace yourself, drink water and eat snacks to help prevent altitude sickness. Symptoms include headache, loss of appetite, and weakness or drowsiness. If affected, descend quickly. If symptoms persist, seek medical aid.

#10 Cimarrona Trail (#586)

Length: 8.6 miles | Difficulty: Moderate/Difficult

Drive north on Piedra Road (CR 600) to Williams Lake Road. The trail begins on the left side of Williams Lake Road just beyond the entrance of Cimarrona Campground. Trailhead elevation is 8,375 feet. The first 2 miles of trail are moderately easy, wandering through conifer and aspen stands. Then, many switchbacks start a steep ascent. Choose your destination — the trail continues on to the Continental Divide Trail at Squaw Pass.

#12 West Fork or Rainbow Trail (#561)

Length: 11.74 miles | Difficulty: Moderate

Drive on U.S. 160 East for 14 miles, turn left on West Fork Road (FS 648) for 3 miles passing a campground and the river. Trailhead elevation is 9,040 feet. 13 miles from trailhead to Continental Divide at Piedra Pass, this trail ascends 3,600 feet with several stream crossings and steep grades. Portions of this trail cross private property so please stay on the trail. At 4.5 miles, there is a junction with the Beaver Creek Trail (#560), which is closed to through traffic due to safety concerns. Some camping restrictions apply. Check before you go. Highest point is 11,700 feet. The combination of the West Fork Trail and Turkey Creek Trail is known as the Rainbow Trail.

#13 Ice Cave Ridge Trail

Length: .5 miles | Difficulty: Easy

Drive to the Piedra River Trail (596) parking area to access this trail. From the parking area, start on the Piedra River Trail, elevation 7,695 feet, for several hundred yards, then follow the old road bed to the right. This is an easy, short trail up Ice Cave Ridge. The fissures on the side of the ridge contain snow deposited through the winter and hidden from the sun. After melting and compressing, the ice remains in the fissures as late as the end of June. From the ridge at the top, you have a good view of the Piedra Valley and other ridges. Use caution when viewing the ice fissures. Watch your footing, keep children near you and dogs leashed.

#14 Treasure Mountain Trail (#565)

Length: 8.1 miles | Difficulty: Moderate/Difficult

A spectacular trail to Windy Pass starts from the East Fork Road. Drive 8 miles northeast on U.S. 160, turn right on the East Fork Road and travel approximately 7 miles to the trailhead, elevation 8,179 feet. A small sign on the left side of the road marks the trailhead. After approximately 3 miles, the Windy Pass Trail from the southwest intersects this trail in a large scenic park. Windy Pass is about 3/4 of a mile to the west of this junction. You can return the way you came up, or go down to U.S. 160 (if you left a car there). You could go to the top of Windy Pass from U.S. 160, but it isn't as scenic.

#11 Continental Divide, Alberta Peak (#813)

Length: 2.5 miles | Difficulty: Moderate/Difficult

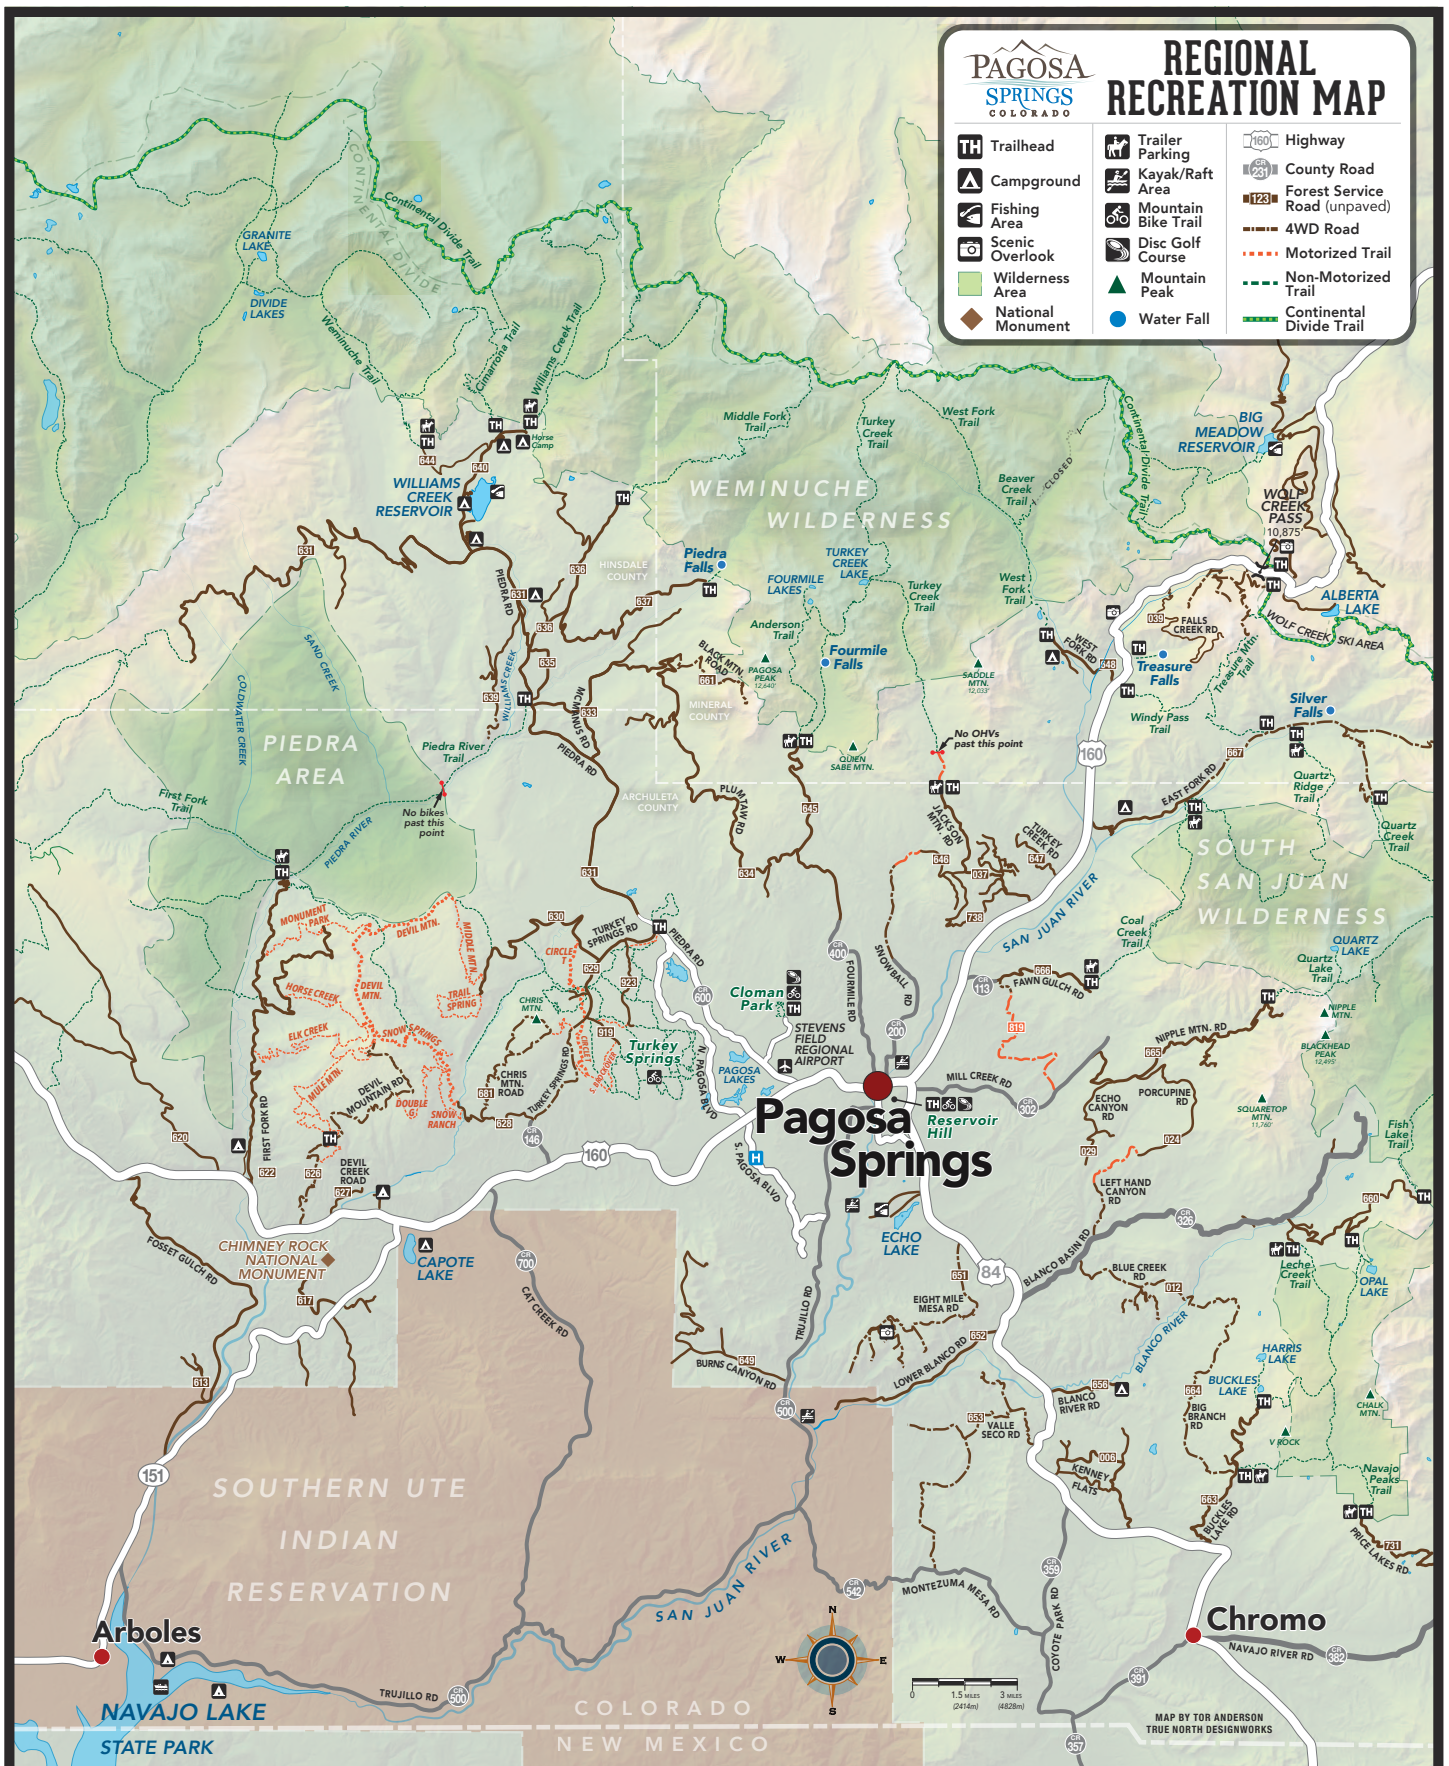

Travel east on U.S. 160 22.6 miles to the summit of Wolf Creek Pass. The trail begins on the south side of the road, just east of the Continental Divide information kiosk. Trailhead elevation is 10,856 feet. A trail travels south and climbs to the west of Wolf Creek Ski Area. It then leads to rocky ridges on the west side of Alberta Peak. The trail to the top of the peak (11,870 feet) is not marked, although a 15- to 20-minute scramble will take you to the top. There are many beautiful vistas along the ridge.

Hikers can purchase a Colorado Search and Rescue (COSAR) card so that search and rescue can get reimbursed for the cost of the rescue at <https://dola.colorado.gov/sar/cardPurchase.jsf>. The card is \$3 for one year and \$12 for 5 years.

Scenic Drives

Sometimes, there is no destination, and that provides the freedom to truly appreciate the beauty, the history and the culture of Pagosa Country. Sure, you can stand outside on a main street and gaze at the peaks of the San Juan Mountains that surround you, listening to the San Juan River as it rolls by. And if that's all you choose to do, you've done well.

Perhaps, however, your interest was piqued. "What else is out there? What views, what wonders, lie just behind the mountain?"

You don't have to be a member of the explorer's club to find out.

Much of this incredible natural wonder can be observed from the comfort of a conventional vehicle. However, one must be warned: Just because the car may be comfortable does not mean the driving conditions are always easy.

Before taking a drive of high altitude discovery, know that high-mountain driving offers hazards as well as unforgettable views; weather conditions are liable

to change in the blink of an eye. While most of the roads recommended for the tours listed here are all-weather gravel roads, conditions can vary. Some roads require four-wheel drive vehicles; many will test your driving skills and courage.

Go prepared. A San Juan National Forest map, available at the Pagosa Ranger District, is a benefit.

Excellent scenic vantage areas are located along all routes. Many of the trips are in remote areas with little traffic, so plan accordingly. Water, blankets, a GPS system (or a map and compass for those who prefer to remain old school), a full sack of snacks and leaving an itinerary with someone else is highly recommended.

Check road conditions and check for closures before heading out; call the Pagosa Ranger District at (970) 264-2268.

Motor Vehicle Use Map

The San Juan National Forest provides a Motor Vehicle Use Map (MVUM) that

identifies all designated roads and trails that are open to wheeled motorized travel on the Pagosa Ranger District. The map is the legal document used to enforce travel rules. It does not identify nonmotorized recreational routes. It is the responsibility of the motor vehicle user to acquire the current MVUM.

The map is free, district specific and available both electronically at fs.usda.gov/main/sanjuan/maps-pubs or paper maps are available at San Juan National Forest offices during operating hours.

Forest maps and MVUM's are also available for purchase and download to use via Avenza Maps™, a free mobile app that enables users to navigate in real time across the national forest using official forest maps as the background.

You can also check out the Interactive Visitor Map by visiting fs.usda.gov/sanjuan and clicking "Maps & Publications" in the left menu. For more information, please contact the Pagosa Ranger District at (970) 264-2268.

East Fork - Silver Falls - Elwood Pass - Quartz Meadow

Approx. 30+ miles round trip

From town, start by traveling 12 miles east of U.S. 160. Take a right on East Fork Road (FS 667).

The first few miles of this route are suitable for most passenger vehicles, after that, high clearance vehicles are recommended as there are multiple water crossings. The canyon opens up into a breathtaking river valley with impressive mountain views. Silver Falls is located about 8 miles from U.S. 160. The trail begins on the north side of the road (left), hike up past the old guard station about 1/8 mile to reach the base of the falls. At the upper end of the valley, about 12 miles from U.S. 160, at a fork stay left toward Elwood Pass, a more technical drive, or right to Quartz Meadow.

Plumtaw - Piedra Loop - Williams Creek Reservoir

Approx. 35-60 miles round trip

This route takes you past amazing vistas and multiple trailheads for recreational options.

From U.S. 160, turn north at Lewis Street and take the immediate left fork in the road. At about 1/4 mile, take the right fork and follow Fourmile Road (CR 400 which becomes FS 645) about 8 miles. Take the left fork and follow Plumtaw Road (FS 634), you can continue your trip in two directions. Where Plumtaw Road descends to the Piedra Road, turn right to the Piedra River Trail and continue to Williams Creek Reservoir, a scenic, high mountain reservoir with great fishing, hiking and camping. If you turn left, you will continue back to Pagosa Springs. The roads are suitable for all vehicles. A great route for viewing fall foliage.

Blanco Basin

Approx. 40 miles round trip

This is one of the most scenic drives in the state of Colorado, especially when fall colors are bright. The route is south on U.S. 84 for 8 miles to the Blanco Basin turnoff (CR 326). Follow the road to the head of the basin and magnificent views of the Continental Divide, Square Top Mountain and Oil Mountain. For an even more spectacular side trip, turn right onto Castle Creek Road (FS 660), cross the Rio Blanco and proceed to the end of the road at Fish Creek, about 6 miles. The last 2.5 miles of the road to Fish Creek is very slick when wet. Roads are all-weather and suitable for conventional vehicles. Return by the same route.

Summitville - Platoro - Cumbres Pass - Chama

Approx. 100+ miles - all-day trip

On Wolf Creek Pass, approximately 6.5 miles from the east side of the summit, take Park Creek (FS 380), and proceed to Summitville (mining ghost town last used in the '70s). Continue toward Elwood Pass and south to Platoro. Upon reaching N.M. Hwy. 17, turn right and cross Cumbres Pass. You will follow the route of the Cumbres and Toltec narrow gauge railroad to Chama, N.M. From there it is 48 miles back to Pagosa Springs via U.S. 17, 84. This route is suitable for conventional vehicles.

Lobo Overlook - Continental Divide

Approx. 45 miles.

Suitable for conventional vehicles and as close to the top of the world as you can get by vehicle in this area. Turn north off U.S. 160 at the summit of Wolf Creek Pass, follow the road up to the transmitter site. A spectacular vantage point and a picnic area are provided at the topographical crest of the mountain. A section of the Continental Divide Trail is accessible from the radio tower; parking is available. Road is accessible late June to early September.

Mill Creek – Nipple Mountain Road

Approx. 32 miles round trip

Turn onto Mill Creek Road (CR 302) just north of the county fairgrounds from U.S. 84. At approximately 7 miles take the right fork (FS 665) and proceed east to the Nipple Mountain area, another 12 miles. The trip will provide a vast panorama of the upper San Juan Valley. Proceed through the saddle separating Oil and Square Top mountains. From this vantage point, you will be able to observe the Blanco Basin. The road dead ends. Return by the same route.

Pagosa Junction

Approx. 45-50 miles round trip

Go south on 8th Street out of Pagosa Springs, turning right on Apache Street, which becomes Trujillo Road (CR 500), through the early-day settlements of Juanita and Trujillo. See historic Pagosa Junction. From there, the route goes up Cat Creek Gap (CR 700) past the now-deserted Talian Mine and the Lone Tree Catholic Church, a landmark. Return to Pagosa Springs on U.S. 160. Continuing on CR 500 will take you to Navajo Lake and Navajo State Park. Return to Pagosa Springs via Colo. 151, past Chimney Rock National Monument and U.S. 160. Roads are all suitable for conventional vehicles.

Wolf Creek Pass

Approx. 80 miles round trip

You can easily spend a day exploring Wolf Creek Pass. Starting from Pagosa Springs, stop at Treasure Falls about 16 miles east of town. The next stop is the West Fork Valley Overlook, a scene featured in the movie “Vacation” and one certain to leave an impression. You will have a view of Treasure Falls from above — a great vantage point of the valley below. The next stop is the Continental Divide and Wolf Creek summit. As you head down the pass towards South Fork, check out Alberta Reservoir (near Wolf Creek Ski Area), Big Meadows Reservoir or Tucker Ponds to see small alpine lakes.

Know Before You Go

Many of the trips listed here are in remote areas with little traffic – plan accordingly. Water, blankets, a GPS system (or a map, coordinates and compass for those who prefer to keep it old school), a full sack of snacks and leaving an itinerary with someone is highly recommended.

Please use the recreation map as a guide. Conditions change quickly, check with the ranger district office in the area you plan to visit to get the most current information on road conditions and closures; call the Pagosa Ranger District at (970) 264-2268.

Waterfalls, Canyons & Rapids

ELISE SONIAT/SOURCE OF LIGHT IMAGERY

Past noon on a clear winter day, cup your hand full of snow and hold it to the sun.

If you are patient, you will see the snow begin to melt and start dripping, drop by drop, through your fingertips.

Now, imagine this is what happens to all the snow capping the mountains surrounding Pagosa Springs. As the seasons change, and the rugged land begins once more to be warm, the water, at first as a drip, begins to roll from the mountain peaks. Before long, the drip turns into a rush, and the mountainsides are filled with waterfalls, streams and rivers.

Many water wonders await the hiker and back-country mountain runner, horseback rider and biker. Find one of the area's waterfalls and take time to sit and enjoy the calming and beautiful spectacle.

Treasure Falls

Treasure Falls is named for Treasure Mountain, an area rich in folklore and stories of a large buried treasure. Most accounts suggest that a treasure chest full of gold was buried in the area after a group of Frenchmen were "waylaid" by either Spanish explorers or Native Americans. Whatever the circumstances, Treasure Falls offers visitors a breathtaking fortune in scenery.

To get there, travel east on U.S. 160, approximately 15 miles from the San Juan River bridge at the east end of Pagosa Springs. As you approach the base of Wolf Creek Pass, turn right into a large parking area. Trailhead (No. 563) elevation is 8,123 feet. To the left of the parking lot is a short trail that will take you to the base of the falls. Follow the trail a quarter mile to the bridge at the base of the falls. There is a more difficult trail to the right that also leads to the waterfall. Standing in the refreshing spray on the bridge, the falls rush down the cliff toward you. In the winter, these falls create a frozen blue sculpture. Elevation gain is 325 feet. Many visitors photograph the falls and surrounding vistas from the parking area and nearby Overlook Bridge at the base of the falls.

Silver Falls

Day travelers can easily view or visit Silver Falls near the old historic Silver Falls Forest Service Guard Station. Following a scenic

drive on a maintained gravel road into the backcountry, a trail to the falls is short, but fairly steep.

To get there, travel east on U.S. 160, approximately 10 miles from the San Juan River bridge at the east end of Pagosa Springs. Just after crossing the West Fork of the San Juan River, turn right (east) on East Fork Road (FS 667) leading to the East Fork River and campground. Follow the road and river approximately 8 miles where, on the north side (left), you'll see the falls, an old guard station and primitive parking area beyond.

A word of caution — in early spring, there are two vehicle stream crossings that are often hazardous during high water. Also, the last 2 miles of road crosses private land where visitors must respect private property rights and remain in the roadway.

To reach the base of the falls, follow the footpath through a gate and hike about an eighth of a mile.

Elwood Creek Cascades

The route to Elwood Pass and the Elwood Creek Cascades turns to a four-wheel-drive road best suited to high-clearance vehicles with a short wheelbase. Late summer or early autumn, when the aspens are shimmering gold, may be the ideal time to negotiate this rather precarious course. Because travelers must ford the East Fork of the San Juan River near where it begins at the confluence of Elwood and Crater creeks, spring high-water season is not the time to go.

To view these cascades, proceed up the East Fork Road as you would to Silver Falls. About a mile past the old guard station and parking area, East Fork Road branches left from Quartz Meadow Road to the right. From there on, this narrow and primitive course offers many steep grades and seemingly bottomless mud holes. Beyond the river crossing, the road climbs abruptly out of the canyon. From high on the mountainside, Elwood Cascades is visible.

Another word of caution — because the road to Elwood Pass is challenging even when dry, only experienced drivers should attempt its passage.

Fourmile Falls

The first of two spectacular falls is a tall “bridal veil” fall on aptly-named Fall Creek, but viewing its splendor requires a 3-mile hike (one way) into the Weminuche Wilderness north of Pagosa Springs. A bit further along Fourmile Trail No. 569 (on the right), the more voluminous Fourmile Falls tumbles hundreds of feet over a sheer precipice of dark volcanic rock.

The route to these popular summertime destinations begins in town at U.S. 160 and Lewis Street. Turn north on Lewis, then an immediate left on 5th Street, which becomes Fourmile Road. Follow Fourmile Road (CR 400/FS 645) right at junction to the trailhead. Trailhead elevation is 9,190 feet.

The hike is approximately 3 miles each way. The first 3 miles to Fourmile Falls is relatively easy with gently rolling terrain through an open valley. After the waterfall, the trail becomes steep and is not recommended for stock. Hikers should proceed with caution. There are longer day hikes and backpacking loop options available. Please reference a Forest Service or topographical map for information.

Keep in mind, with Fourmile Falls being one of the more popular points of interest in the Pagosa Ranger District, the trail in can be quite crowded on pleasant summer days.

Piedra Falls

Piedra Falls is one of the most popular in the Pagosa Ranger District of the San Juan National Forest. Located at the end of a gentle, quarter-mile-long trail, where the East Fork of the Piedra River meets the Weminuche Wilderness boundary, it cascades over two large steps among sheer volcanic cliffs.

To get there, drive north on Piedra Road (CR 600/FS 631) 17.8 miles to the junction at Sportsman's Supply. Leave the Piedra Road and continue on Middle Fork Road (FS 636) for two miles. Take the first road to the right, East Toner Road (FS 637), it is 7.5 miles to the end. Trailhead elevation is 7,695 feet.

A word of caution — East Toner Road is graveled and typically accessible May through November, depending on snow conditions. Do not attempt this road in wet weather.

The hike on trail no. 671 is .4 mile each way (one-half hour round trip). A great hike for all ages. Walk upstream to a head gate where the trail begins. The trail continues above and west of the head gate and river to the falls. The hike is about 15 minutes each way.

Know before you go

Backcountry travelers should always prepare for unforeseen emergencies before venturing far past civilization. Even relatively minor injuries in a remote area can turn serious, particularly if the victim faces spending a night (or more) in the woods. Sliding off road or getting stuck will almost certainly result in very expensive assistance.

Before setting out, hikers and motorists should review maps and weather reports, determine intended routes and travel times, and inform at least two close friends or family members of their planned destination and when they expect to return. Wilderness trail users should register their entry and departure times at all Forest Service trailheads.

Much of the Weminuche Wilderness has been affected by a large outbreak of spruce beetles, which have killed the majority of mature spruce trees. Recent fires have also weakened the trees. As a result, visitors must use extra caution when traveling in the vicinity of dead or dying trees. Always be aware of your surroundings.

Adventurers ought never travel alone, should dress appropriately for current and forecast conditions, and should carry a first aid kit and know how to use it. If serious injury does occur, tend to the victim's immediate needs, then get to a landline or within cell phone range and dial 911. For less serious matters where help is still required, call the Archuleta County Dispatch at (970) 731-2160.

JAN BROOKSHIER

Real Estate & Home Guide

Liberty Theatre

PHIL SWEARNGIN

Breathing new life into a local landmark

The historic Liberty Theatre, a local historic landmark and the descendant of one of Pagosa Springs' early motion picture theaters, has adorned downtown Pagosa Springs since 1919 and is the fourth oldest theater in Colorado. It followed The Star Theater, which was destroyed in the last of a series of fires that ravaged the town in the early 1900s.

So, when the Liberty hit the market a few years ago, Evelyn Tennyson and Sherry Phillips were interested, especially after hearing rumblings that some wanted to turn it into retail space.

Each individually looked into purchasing the space, with Tennyson even making an offer, but the amount of work needed made them ultimately walk away.

"I honestly had never been in the theater, but the thought of it going away, and not having had the opportunity to go there, just, it made me sad," Evelyn said in 2021.

But, in the fall of 2020, as the pair and their significant others went out to dinner, they realized they were all interested in the property.

"It kept kind of almost haunting me," Evelyn said, and she kept tabs on it through her real estate agent. "And then finally, it was like the little light bulb went off one day."

She called Sherry to see if they would want to do a partnership and take on the work together.

That, Sherry said in 2021, "was a lot more enticing to us because we knew we'd have help. So, we went for it."

After purchasing the business and building, they opened a proverbial can of worms to breathe new life into the storied

landmark.

The pair came in with a vision to not only update the space inside and out, but to also turn it into a multiuse entertainment venue for movies, live music and shows and more.

That was originally anticipated to be completed by that summer, but a series of delays and additional, unanticipated work meant that the reopening was postponed. The theater ultimately reopened in the fall of 2022 showing movies.

Now, the business has seen people who have visited over the years come back to see what it looks like now.

"They love it," Sherry said of reactions to the renovated facility, adding that everybody has been really positive.

When it reopened, the Liberty featured a mix of the old and new — a mural by artist Sam Baker recreating a picture of downtown Pagosa Springs in years past sits above a new and expanded concession area and against a brick wall rediscovered during the renovations. The historic marquee and facade outside were restored.

The first musical artist to take the stage in the renovated venue was award-winner Gary Morris, who rang in the new year with a pair of concerts in late December 2022.

Work was still underway heading into the spring of 2023 to add a bar area for folks to enjoy a cocktail before a movie or show, and Evelyn and Phillips reeled off a list of musicians and comics anticipated to perform at the facility this spring and summer.

"It's such a neat, historical place for Pagosa. We just want to see that preserved," Evelyn said in 2021.

***Service Hero Loan:** Proof of eligible employment by at least one borrower is required. DD214, COE, or other applicable documentation required for military and retired military. Eligible borrowers must be in market. Applicant subject to credit and underwriting approval. Not all applicants will be approved for financing. Receipt of application does not represent an approval for financing or interest rate guarantee. Other underwriting restrictions may apply. Information is subject to change. See loan officer for details.

****Professional Business/Medical Loan:** Applicant subject to credit and underwriting approval. For loans delivered as of 1/1/2023. Not all applicants will be approved for financing. Receipt of application does not represent an approval for financing or interest rate guarantee. Underwriting restrictions may apply. Information is subject to change. See loan officer for details. Loan must be \$726,200 or less (\$1,089,300 or less for high-cost areas) and borrower must have a minimum borrower FICO credit score of 700 (or 680 for Professional Medical Loan) to qualify for no down payment. Purchase or rate and term refinance of primary residence only. Options are available for loans exceeding \$726,200 (\$1,089,300 for high-cost areas), but will require a down payment. Eligible borrowers must be in market. See www.fhfa.gov for a complete list of all U.S. counties considered to be a high-cost area. Offered to residents or fellows earning at least \$45,000 per year. All other eligible professions require earnings of at least \$90,000 per year.

About the Area

Location

Archuleta County is located in southwest Colorado, situated at the junction of U.S. 160 and 84 at an elevation of 7,079 feet. The county seat, Pagosa Springs, is located 30 miles north of the New Mexico border, and 60 miles east of Durango. It is also near the Four Corners region where Colorado, Utah, New Mexico and Arizona meet.

Physical Description

Archuleta County is comprised of 872,960 acres. Only 34 percent of lands in Archuleta County are in private ownership. Tribal lands comprise 14.4 percent of the county. Most of the northern and eastern portions of the county (51.6 percent) are within the San Juan National Forest. There is a total of approximately 2.8 million acres of National Forest and Bureau of Land Management surrounding Archuleta County.

Population Archuleta County

Source: US Census Bureau State & County QuickFacts
2020 census — 13,359

Housing and Income

Median value owner-occupied housing — \$356,400
Households — 5,770
Persons per household — 2.27
Per capita money income — \$34,394
Median household income — \$62,907
Persons in poverty — 9.8 percent

Geography

Land area (square miles) — 1,350
Persons per square mile — 9.9

Taxes

Sales and User Tax: 2.9 percent state, 4 percent county. County sales tax revenue is divided between county and town.
Lodger's Tax: A 4.9 percent tax is collected from the lodging industry in town limits. The county collects a 2 percent tax for lodging. Lodging tax is used for tourism promotion, among other things.
Primary Source of Town & County Revenue: Retail sales taxes, property taxes and charges for services.

Government

Town Government: www.pagosasprings.co.gov
Home Rule Municipality
Town council with elected mayor and six councilors elected for alternating four-year terms, town manager is appointed. Date of incorporation: 1891.
County Government: www.archuletacounty.org.
Three county commissioners elected for alternating four-year terms.
