**District Manager**

Landscaping with native plants

Come learn with us in the beautiful Kul Kah Han Native Plant Demonstration Garden!

The Kul Kah Han Native Plant Garden is excited to present a bi-monthly speaker series on the **second Saturday of May, July and September** at the Salmon Shelter, H.J. Carroll Park in Chimacum.

Presentations will focus on the importance and benefits of planting native plants in the landscape and garden and will provide valuable information about nurturing these species in your home gardens.

All talks will be held rain or shine!

There is some seating in the shelter but feel free to bring a lawn chair.

## Plant Natives!

KKH Native Plant Garden

H.J. Carroll Park, 9884 Rhody Drive, Chimacum, WA
