St. Jude's Novena

May the sacred heart of Jesus be adored, glorified, loved and preserved, throughout the world now and forever.

Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the helpless, pray for us.

Say this prayer 9 times a day and by the 8th day your prayer will be answered. It has never been known to fail. Publication must be promised. Thank you St. Jude for answering my prayers.

- On Feb. 1, 1887, Harvey Wilcox officially registers "Hollywood" with the Los Angeles County recorder's office. Wilcox and his wife bought 160 acres of land in the foothills west of Los Angeles. They envisioned it as the perfect site for a utopian-like community for devout Christians, where they could live a highly moral life free of vices such as alcohol.

- On Jan. 31, 1950, President Harry Truman announces his decision to support development of the hydrogen bomb. On Nov. 1, 1952, the United States successfully detonated "Mike," the world's first hydrogen bomb, on the Elugelab Atoll in the Pacific Marshall Islands.
- On Feb. 3, 1966, the Soviet Union makes the first controlled landing on the moon, when its unmanned spacecraft Lunik 9 touches down on the Ocean of Storms. After a soft landing, it began transmitting images back to Earth.
- On Feb. 2, 1970, antiwar protesters file suit against the Dow Chemical Company in a Washington, D.C., court in an attempt to prove that it is still making napalm, a jelly-like gasoline used in bombs during the Vietnam War. Dow had lost its government contract to produce napalm in June 1969.

New Shingles Protect The Curb Appeal Of Homes

(NAPS)—Increasingly, homeowners seeking to protect the curb appeal of their residences are looking up—at their roofs. In many areas, roofs have black streaks caused by algae—and this is the top appearance-related problem reported to roofing contractors. Fortunately, homeowners don't have to accept the fate of algae making a roof look old before its time. A new type of roof shingle provides a long-term solution to help prevent algae growth from taking hold—protecting your home and helping to keep it looking good for years to come. Invented by 3M to combat black streaks on roofs caused by algae, copper-containing roofing granules have been proven successful on hundreds of thousands of homes across the country over the last two decades. Available as shingles with Scotchgard Protector, this long-term, proven solution provides homeowners a beautiful roof free from ugly black streaks. Known for insisting on nothing less than the best product for the job, professional contractor and TV

host Mike Holmes recently named these shingles a "Holmes Approved Product"—and is working to increase awareness among homeowners to help eliminate black streaks on roofs for good. "I'm proud to partner with 3M and I'm excited to see how far we can take the message," says Holmes. "Together, we're going to continue to improve the quality of our homes, increase the value of our homes and change our industry for the better." This fall, The Holmes Group will partner with two Atlas Pro™ Plus contractors to transform homes in need of a curb appeal face-lift. The teams, led by Mike Holmes Jr. and Sherry Holmes, will work together to make over two homes with Atlas Pinnacle® Pristine Shingles with Scotchgard™ Protector. Viewers can tune in to the online microseries this fall. "The Holmes name brings added value to the already highly respected Scotchgard brand," says Stan Bastek, director of marketing and sales development for Atlas Roofing. "When the Holmes group endorses a brand, they are

Special shingles can help eliminate black streaks caused by algae.

communicating to consumers that they see the same problem we do: how ugly black streaks on roofs reduce curb appeal and home value." "The Scotchgard brand is synonymous with protection for homeowners, so protection from roof algae is the fulfillment of what that brand promises—a roof free of black streaks that retains its aesthetic appearance," according to Frank Klink, Ph.D., senior laboratory manager, 3M. "Our decades of research into the scientific properties of copper, and field experience with shingle technologies and roof algae, have proven that a minimum 10 percent blend of 3M copper-containing granules uniformly distributed across the shingle surface, and hip and ridge, is required for superior protection against algae."

ARIES (March 21 to April 19) Taking some time out of your usually busy social life could be just what you need to help you focus on putting those finishing touches on your plans for a possible career change.

TAURUS (April 20 to May 20) A misunderstanding about a colleague's suggestions could create a delay in moving on with your proposal. But by week's end, all the confusing points should finally be cleared up.

GEMINI (May 21 to June 20) You might feel overwhelmed by all the tasks you suddenly have to take care of. But just say the magic word — help! — and you'll soon find others rushing to offer much-needed assistance.

CANCER (June 21 to July 22) Finishing a current project ahead of schedule leaves you free to deal with other upcoming situations, including a possible workplace change, as well as a demanding personal matter.

LEO (July 23 to August 22) Turn that fine-tuned feline sensitivity radar up to high to help uncover any facts that could influence a decision you might be preparing to make. Devote the weekend to family activities.

VIRGO (August 23 to September 22) A state of confusion is soon cleared up with explanations from the responsible parties. Don't waste time chastising anyone. Instead, move forward with your plans.

LIBRA (September 23 to October 22) You might feel obligated to help work out a dispute between family members. But this is one of those times when you should step aside and let them work out their problems on their own.

SCORPIO (October 23 to November 21) Your ability to resolve an on-the-job problem without leaving too many ruffled feathers earns you kudos from co-workers. You also impress major decision-makers at your workplace.

SAGITTARIUS (November 22 to December 21) Newly made and long-held friendships merge well, with possibly one exception. Take time to listen to the dissenter's explanations. You could learn something important.

CAPRICORN (December 22 to January 19) Be prepared to be flexible about your current travel plans. Although you don't have to take them, at least consider suggestions from the experts in the travel business.

AQUARIUS (January 20 to February 18) A problem with a recent financial transaction could lead to more problems later on unless you resolve it immediately. Get all the proof you need to support your position.

PISCES (February 19 to March 20) Daydreaming makes it difficult to stay focused on what you need to do. But reality sets in by midweek, and you manage to get everything done in time for a relaxing weekend.

BORN THIS WEEK: Your ability to reach out to those in need of spiritual comfort makes you a much-revered, much-loved person in your community.
