**ONEY JUDGE STAINES**  
**THE SLAVE WHO ESCAPED FROM GEORGE and MARTHA WASHINGTON**

**THURSDAY, JUNE 6TH AT 7:00PM**

Gwendolyn Quezaire-Presutti, who portrayed Harriet Tubman so beautifully, returns as the slave Oney Judge Staines. Oney served Martha Washington as her personal attendant. While the Washington family was living in Philadelphia, as the temporary capital of the United States, Oney took the opportunity to simply walk away from her enslavement. The freed black population of Philadelphia enabled her escape to New Hampshire. Oney lived there as a free woman until she died at 75, but although she was never caught, she was never quite free of her worry that the Washingtons would reclaim her. Come hear a story that has rarely been told.

**Prayer to St. Jude**  
Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen.

**STOP** Rhode Island's New York Style  
**Abortion Expansion Bill**

Visit [www.notinRI.com](http://www.notinRI.com) for details and action.

**They are lying to you.** Under false pretenses, some local media outlets have joined abortion extremists and unscrupulous politicians to push a **New York-style abortion expansion** bill here in Rhode Island.

- They **falsely claim** it is needed to keep abortion legal. But the uncontested fact is that regulation and availability of abortion in Rhode Island does not automatically change even if *Roe v Wade* is someday overturned.
- They **falsely claim** it maintains the status quo. But expert legal analysis verifies it goes way beyond, and would make Rhode Island a haven for virtually unregulated abortions, even late-term abortions.
- They **falsely claim** it has broad support. But three separate polls have found the majority of **Rhode Islanders do not support their extreme abortion agenda**.

Visit [www.notinRI.com](http://www.notinRI.com) for details and to tell the Senate to stand fast against intimidation and harassment by abortion extremists.

## Strange BUT TRUE

By Samantha Weaver

• "It is far better to grasp the Universe as it really is than to persist in delusion, however satisfying and reassuring." — *Carl Sagan*

• You might be surprised to learn that some fish can hibernate. During the long, dark winters, the Antarctic cod will burrow under the seabed and stay there for days at a time, cutting its metabolism by two-thirds.

• Despite the fact that famed magician Harry Houdini exposed a number of mediums and psychics as frauds, Sherlock Holmes novelist Sir Arthur Conan Doyle persisted in believing that Houdini himself was a medium.

• Wearing skinny jeans can cause varicose veins.

• In Germany, Rice Krispies don't say "Snap, Crackle, Pop"; they say "Knisper, Knasper, Knusper."

• Squid are well known for their uncanny ability to camouflage themselves by changing their color to match their background. What's really odd, though, is the fact that the creatures are color-blind.

• The word "conspire" means, literally, "to breathe together," meaning to be in harmony.

• Even though he was arrested and put on trial numerous times, famed 19th-century outlaw Frank James was never convicted of anything and never went to prison. He died in 1915, at the age of 72, of natural causes.

• Those who study such things say that not all your fingernails grow at the same rate. It seems the nail on your middle finger is a bit of an overachiever — it grows faster than the nails on your other fingers.

## GREENWAY POWER A Division of H.K. Heating & Cooling

**GENERATORS! DON'T WAIT UNTIL IT'S TOO LATE!**

**STORMS OR HIGH WINDS, YOUR HOME STAYS BRIGHT!**

When a bad storm or utility outage knocks out power, a reliable KOHLER generator keeps your lights on, your house warm, and your family safe! No matter the weather, we're with you.

In today's hyper-connected world, power outages are a disaster. This can be especially true if you run a business, work from home or have medical devices, which require electricity. If your home or business is hit by frequent power outages, you might want to consider getting a generator. Whether you've lost electricity due to the weather, a downed power line or some other occurrence, a generator will help you get back to business quickly by allowing you to produce enough electricity for your own needs on site. In areas prone to storms, hurricanes and tornadoes, generators can be a smart investment.

There are a couple different types of generators for you to choose from. Automatic standby generators are on continuous standby, meaning that the generator can power itself on and off regardless of whether you are home. Once a stop in the flow of electricity is detected, these machines respond instantly. They turn themselves on and begin supplying power. Installed outside of your home, these generators are similar to central heating and air units. They are powered by liquid propane or natural gas. The generator supplies electricity directly to your home's circuit breaker. Because they operate quietly and smoothly, they are not an annoyance or distraction to you or your neighbors.

The second type of generator is a portable generator. These are built to remain outside of your home. These mobile units are fueled by gasoline and manually operated. Extension cords will make it easier to plug

objects directly into the generator. These kinds of generators are usually cheaper than automatic standby generators.

Despite the price difference, there are plenty of advantages to buying an automatic standby generator. Since automatic standby generators use natural gas and liquid propane, the cost of running this machine will be cheaper. The Red Cross endorses automatic standby generators because they are a cleaner method of powering your home. Whereas, portable generators produce harmful byproducts, that can damage the environment. Standby units keep your house neat and clear of clutter. Portable generators require numerous wires and extension cords running through your home. It is much easier to have power connected directly into your home's infrastructure. Once power is restored, automatic standby units turn themselves off. There is no need to worry about shutting it off yourself.

It is important to pick a generator that can supply power to all the items you need in your house. Understand running and surge wattage. These two values inform you how much power your appliances need and the maximum amount of electricity they can handle. Prior to purchasing a generator, check the safety tags on your appliances for the correct wattage. The running and surge wattage on the generator needs to be high enough to satisfy the ratings of your most demanding appliances.

Don't be caught wishing you had bought a generator the next time there's a power outage. **Call Greenway Power (A Division of H.K. Heating & Cooling) today at 413-9535!**

# Rhode Island’s Most Eligible

It comes as a shock to many, but Someone Else donated nearly all of Rhode Island’s blood last year. He even helped out patients who needed it elsewhere in New England. And this year, he’s looking for help. Luckily, there are 375,000 people in the state eligible to help him.

Among them were the enthusiastic group of donors gathered at the Blood Center last Friday.

“It was my first time donating,” said Tara Nichols of Pawtucket while snacking on a cookie, adding “I think I’ll do it again.”

“I didn’t think I was eligible, because I do a lot of travel for work” said Dean Stannard of Barrington. Dean was concerned that a recent trip to Cancun would affect his eligibility. It did not. “A big relief,” he added.

Other new donors were concerned about things that might

affect their eligibility.

“I never thought of myself as being a potential blood donor. I’m covered in tattoos!,” said Jennifer Mays of Coventry. “I was personally relieved to find out you can still donate with tattoos...So I’m good to go.”

Not everyone gathered was a newcomer. There were a few more experienced donors in the waiting room. “I’ve donated a full gallon in the last three years,” said Neil Wright of Cumberland, who found out he was eligible in spite of having diabetes, “Everyone knows me by name here now.”

“Most people don’t realize how eligible they are,” said a representative from the Blood Center. “You only have to be 17 years old, 16 with parental permission. And every type of blood is needed here: O, A, B, AB—positive or negative.”

# More than 370,000 Rhode Islanders are eligible to donate.

ARIES (March 21 to April 19) There's nothing an Aries Lamb likes less than having to tackle a humdrum task. But finding a creative way to do it can make all the difference. A more exciting time awaits you this weekend.

TAURUS (April 20 to May 20) Finishing up a job on time leaves you free to enjoy your weekend without any Taurean guilt pangs. A romantic attitude from an unlikely source could take you by surprise.

GEMINI (May 21 to June 20) Moving in a new career direction might be seen by some as risky. But if you have both the confidence to see it through and the facts to back you up, it could prove rewarding.

CANCER (June 21 to July 22) Holding back on a decision might be difficult, considering how long you've waited for this opportunity. But until you're able to resolve all doubts, it could be the wiser course to take.

LEO (July 23 to August 22) You still need to move carefully where financial matters are concerned. Better for the Lion to move slowly than pounce on a "promising" prospect that doesn't keep its promises.

VIRGO (August 23 to September 22) A rejection of an idea you believe in can be upsetting. But don't let it discourage you. Get yourself back on track and use what you've learned from the experience to try again.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

**Blue Star Mother's Flag**

A reader asked, "What country uses a little flag with just a red border and a big blue star in the center?" It is a service flag designed in 1917 that identified a family that had someone in service during the war. It was entered into the Congressional Record in September 1917, and it can only be used according to strict guidelines.

The idea expanded to a Gold Star flag for a family that lost a son or daughter during any United States war, including World War II, the Gulf War and the Vietnam War. The flag size must be in the ratio of 10 to 19 like the United States flag, and it must be smaller and flown below, never above, the Stars and Stripes. In 2010, the Silver Star honoring those wounded in the wars was approved by the House of Representatives.

The Gold- and Blue-star mothers, wives and families have special clubs, lapel buttons, ribbons and meetings. In 1936, the last Sunday in September was declared Gold-Star Mother's Day. There are new flags flying in windows now, and the old ones are being saved and collected as interesting war memorabilia.

**Q**. I bought a poster of dogs playing poker about 30 years ago and would like to know if it has any value. It shows seven dogs sitting around a table playing poker. One dog is passing a card under the table to the dog next to him. There are no names on the poster. Is it worth anything?

**A**. The picture on your poster is called "A Friend in Need," part of a series of sixteen anthropomorphic dog paintings by Cassius Marcellus Coolidge (1844-1934) and published by Brown & Bigelow, a company in St. Paul, Minn. They were commissioned for a 1903 advertising campaign for cigars. Nine of the paintings pictured dogs in a poker game, and collectors often call the paintings "Dogs Playing Poker."

The paintings were reproduced on posters, prints, calendars and other items. This painting of the two dogs cheating at poker is the most popular in the series. An original painting would sell for a lot of money, but prints are common and can sell for \$10 or less. A pair of the paintings sold at auction for over \$590,000 a few years ago.
